

# Classroom Scavenger Hunt

Materials needed: pattern blocks, connecting cubes, geoblocks

**Let's look at  
groups of objects  
in the classroom.**

# Warm Up: Notice and Wonder

What do you notice?

Tell your partner what you noticed.

What do you wonder?

Tell your partner what you wonder.

# Warm Up Synthesis

What is one thing you think you could do or make with the geoblocks?

# Activity 1 Explore Connecting Cubes

Let's explore blocks.

Think about what you want to do or make with the blocks.

**10:00**

# Activity 1 Synthesis

Let's share.

What is one thing you did or made with the blocks?

# Activity 2

What do you notice?

What do you wonder?

Work with your partner to create a house.

# Activity 1 Synthesis

Let's share.

What new ideas did you hear your partner talk about today when they used the blocks?

What did you see your partner do with their blocks?

# Lesson Synthesis

Let's practice counting to 10.
