# WHY AREN'T WE HOLDING LIVE CLASS FROM 9AM-4PM EVERY DAY?

- **Research tells us:** not beneficial for student learning to conduct classes in the same manner as face-to-face instruction
- **Obstacles:** WiFi bandwidth, full households, assisting/supervising younger siblings also learning remotely, parents working remotely
- **Opportunities:** More personalization, one-on-one tutoring/support, flexibility, personal development

# DRIVER EDUCATION

- Cabarrus County Schools Driver Education Page: <https://www.cabarrus.k12.nc.us/drivereducation>
- Currently Driver Education classes are offered online through Cabarrus County Schools instead of each high school.
- When Driver Education is offered again through our school, in-person or online, students will be notified of the class dates and registration information.

# CAFETERIA SERVICES

- Throughout remote learning, we anticipate School Nutrition will operate the same way it did throughout the spring.
  - This will allow anyone ages 1-18 to pick up breakfast and lunch for free at designated areas.
- Please check the CCS SNAP webpage for the most up to date information on pick up locations - <https://www.cabarrus.k12.nc.us/schoolnutrition>
- Even though meals are free for everyone right now, you will still need to apply for Free and Reduced Lunch ASAP. This will ensure you receive these benefits when we return to school, and also helps you qualify for free SAT/ACT waivers, college application waivers, and many other services. <https://www.lunchapplication.com/>
- When we move into physical meeting, we will update you on plans to safely utilize our cafeteria services while maintaining social distancing.
