Registration For Academic and Enrichment Courses

- Registration begins on February 1 and ends on March 20. Courses with insufficient enrollment will be canceled after the March 20 deadline. We will continue to accept registrations for open courses after March 20 until the enrollment reaches capacity.
- Summer school courses are on a first-come, first-serve basis.
- Tuition for credit recovery courses will be waived.
- Registration for Summer School courses is done through the PowerSchool Summer Registration form.
- These courses are open only to students born on or before September 1, 2009.

Health Records

Incoming freshmen attending summer school must submit documentation of a current physical and immunizations. Please provide documentation prior to the start of summer school. Current New Trier sophomores, juniors, and seniors have already met this requirement.

Phone: 847-784-2110 Fax: 847-835-9852 or scan to healthservices@nth.net.

Registration for Sports Courses

- Registration begins on February 1 and continues until the opening of Summer School. We will continue to accept registrations for open courses until the enrollment reaches capacity.
- Summer school courses are on a first-come, first-serve basis.
- These courses are open only to students born on or before September 1, 2009.

Bookstore

The New Trier Bookstore, Winnetka Campus (room W021A), will be open 8:00 a.m. – 4:00 p.m. from June 12 – June 16 and 8:00 a.m. – 2:00 p.m. from June 20 – July 28. The phone number is 847-784-2340.

Breakfast/Lunch

The cafeteria will be open 7:30 a.m.-12:30 p.m. Breakfast will be available 7:30 a.m.-9:00 a.m. and run straight into lunch, which will end at 12:30 p.m.

Transportation

Summer school shuttles will run between both campuses. The shuttles will begin service at 7:35 a.m. at Winnetka and 7:50 a.m. from Northfield. The last shuttle will depart Winnetka at 1:05 p.m. and Northfield at 1:20 p.m. Shuttles will pick-up on Trevian Way even with the North Entrance at the Winnetka Campus and at the flagpole on Happ Road at the Northfield Campus. More detailed information will be shared in spring on the district website.

Schedules

The Summer School schedule will be available in PowerSchool approximately one week before the start of Summer School. Students should report to their classes on the first day of Summer School. This will be a full day of classes.

Canceled Courses

The Summer School registrar will email those who requested a course that is being canceled. The target time for this notification is mid-April.

Non-District Students

Students who are not enrolled in District 203 may not enroll in Summer School.

Late Registration

Students who need to repeat a course due to failure in English, Math, Social Studies, or Science may register through the first two days of Summer School. Classes missed due to late registrations are counted as absences. Students may register on June 12 for academic classes that have space.

Payment

All payments are to be made through PowerSchool in the Balance tab. Fees will be assessed by May 1st. Families will be notified via email. **All fees are due by May 31, 2023. Students with account balances will not be on class rosters and will be unable to attend the course until payment is made or a payment plan is established.** Payment plans are available for those experiencing financial hardship and must be set up prior to the first day of summer school. Payments must be made on time or students may not be able to participate in summer courses. All payment plans must be paid in full by July 15, 2023. For questions about summer school billing, please contact summerschoolbilling@nth.net.

Financial Assistance

Some financial assistance may be available to students who meet the criteria for assistance. Students already approved for financial assistance for the 2022-23 school year receive a 50 % reduction for academic course fees. There is no financial assistance discount for athletic camps; payment plans are available. For questions about financial assistance, please contact summerschoolbilling@nthhs.net.

Refunds

Refunds will be issued for the full tuition for a course that is dropped within the first three days of a course (academic & athletic). Refund requests after the 3rd day of the course will receive a refund of 50% of the course fee. There will be no refunds after the 10th day of the course.

Semester 1 full refund deadline: 3:00 p.m., June 14

Semester 2 full refund deadline: 3:00 p.m., July 11

Proration

Requests to prorate athletic camps due to non-attendance will be considered if the student has missed more than 50% of the scheduled course days. Proration will only be considered for courses that are scheduled for 10 or more days. League/Tournament fees are not eligible for proration. Courses must be paid in full before proration will be considered. Attendance will be verified prior to any proration refund. For questions about proration, please email summerschoolbilling@nthhs.net.

Grades and Attendance

Incoming Freshmen

Credit is not earned for summer school courses and will not appear on the student's transcript.

Attendance

An incoming freshman who exceeds the absence limit for a class may be dropped from that class. Three tardies to a class will be counted as an absence. Any single tardy beyond 30 minutes will be counted as an absence.

Enrichment Courses For Entering Freshmen

Algebra I (Review)
 Cooking for Teenagers
 EL Reading & Writing Enrichment (see course description)
 Guitar Making
 Introduction to Freshman English
 Introduction to High School Mathematics
 Mathematical Mindsets
 Reading Enrichment
 Rube Goldberg Extreme Engineering
 Flame Working Glass
 Hot Shop / Glass Blowing

Rising Sophomores, Juniors, and Seniors

Grades

- **Enrichment Courses:** Credit is not earned for these courses and will not appear on the student's transcript.

- **Graded Courses:** Students earn letter grades, as they do in the regular school year. Students may not take these courses for audit credit. Students must register for Summer School in levels consistent with their 2022-2023 school year placements. Any change in level requires a "Schedule Change" form obtained through the adviser and submitted prior to the first day of Summer School. Level changes will not be permitted after the second day of each semester.
- **Sports Courses:** Credit is not earned for these courses and will not appear on the student's transcript.

Attendance

For attendance purposes, a 1-credit course consists of two semesters, and the attendance rules apply accordingly; i.e., a student may miss no more than 2 days per semester. Three tardies to a class will be counted as an absence. Any single tardy beyond 30 minutes will be counted as an absence.

Absence Limits

- A course that meets 2 hours/day for 3 1/2 weeks has an absence limit of 2 days.
- A course that meets 2 hours/day for 7 weeks has an absence limit of 4 days (2/semester).
- A course that meets 4 or 5 hours/day for 7 weeks has an absence limit of 4 days (2/semester).
- Please note exceptions for Consumer Seminar (Web-based) and Driver Education.
- Absence limits are prorated for classes that meet outside the traditional semester schedule (see course descriptions).
- **All students in Academic courses must be present on the day of the final exam.**

NOTE:

A student who exceeds the absence limit in an enrichment course may be dropped from the class.

A student who exceeds the absence limit before the drop date for a graded course will be dropped from the class, will receive no credit, and will not be allowed to return to class.

A student who exceeds the absence limit after the drop date in a graded course will receive an F grade and will be removed from the class.

Drop Dates

A student who chooses to drop a graded course must do so before the deadline, or the course will appear on the transcript with a grade of WP (Withdraw/Pass) or WF (Withdraw/Fail).

Semester 1 deadline: June 23; 3:00 pm

Semester 2 deadline: July 20; 3:00 pm

Symbols (All Classes)

- Courses marked * do not meet department requirements for graduation.
- Courses marked ** require the student to accomplish daily what is expected in a week during the regular school year.
- Fr., So., Jr., Sr. – these designations refer to the student's status in the fall of 2023.

Academic Course Descriptions

Courses in this section of the brochure are offered during the regular school year, are considered introduction courses for specific department curricula, and/or earn academic credit. Please review the course description for course specifics.

Business Education

Consumer Seminar**

JUNE 12-JULY 6 OR JULY 7-JULY 28 / 8:15-NOON / WINNETKA CAMPUS
.5 CREDIT / \$310 / ABSENCE LIMIT: 2 DAYS
OPEN TO JUNIORS AND SENIORS ONLY

In this course, students acquire an array of skills that promote good personal finance habits and create an awareness of how to secure their financial futures. Careers, budgeting, money management, taxes, credit, investments, housing, transportation, and insurance are just a few topics students will study in this course. This course is faster-paced than the traditional semester course offered during the regular school year. **This course fulfills the state Consumer Education requirement.**

Consumer Seminar: Web-based**

JUNE 12-JULY 28 / 8:15-10:00 / WINNETKA CAMPUS
THIS SECTION WILL MEET MONDAY, JUNE 12, JULY 10, AND JULY 24
.5 CREDIT / \$310 / ABSENCE LIMIT: 0 DAYS
OPEN TO JUNIORS AND SENIORS ONLY
THIS COURSE WILL BE FULLY-REMOTE AND STUDENTS WILL BE WORKING INDEPENDENTLY OUTSIDE OF THE THREE REQUIRED CHECK-IN DAYS.

This web-based course offers students an alternative method of instruction to that of a traditional classroom. All assignments, readings, research, and exams will be delivered via the internet. There are significant homework assignments, major projects, and quizzes due each week.

The focus of the course is managing personal finances, with an emphasis on protection from fraudulent behavior, preparation of budgets, understanding credit and financial institutions, and learning purchasing strategies for transportation and adequate insurance.

Students in this course must be organized and work independently. Students will need to navigate the internet using a variety of search engines. Students should be proficient in file management and software applications, including the Microsoft Office suite, PDF Annotation, and Canvas. Access to the internet from home is extremely important, and students should expect to be online for a minimum of 1-2 hours a day.

Students are required to attend three mandatory synchronous online class sessions June 12, July 10, and July 24. These synchronous class meetings are critical for students to be successful in the course. Class attendance is mandatory. **Missing any of the three required synchronous check-in sessions will result in no credit. This class may not be taken concurrently with any other class. This course fulfills the state Consumer Education requirement.**

Driver Education

Driver Education**

JUNE 12-JULY 28 / WINNETKA CAMPUS
8:15-10:00 (LAB & THEORY) OR 10:15-NOON (LAB & THEORY)
.5 CREDIT / \$500 FEE
NO NON-EMERGENCY ABSENCES ARE ALLOWED BECAUSE THE COURSE MEETS THE MINIMUM CONTACT TIME REQUIREMENTS ISSUED BY THE STATE OF ILLINOIS.

Driver Education is a two-phase program. Students will complete at least 30 hours of classroom instruction and 6+ hours of behind-the-wheel instruction. The curriculum covers traffic laws and enforcement, driving skills, and responsibility of vehicle ownership. The behind-the-wheel portion develops a student's basic driving skills, techniques, and decision-making abilities while driving.

This course is open only to New Trier District 203 resident students born on or before June 15, 2008. Students will **not** have to go to the Secretary of State's Office to obtain their Driving Permit. The permit application, eye exam, and the *State of Illinois Rules of the Road* written test will be completed in class during the first week of summer school. It is recommended that students review the Illinois Rules of the Road that are available on the Illinois Secretary of State's website ilsos.gov prior to the first day of class.

English

THE FOLLOWING COURSES REQUIRE ENGLISH DEPARTMENT APPROVAL.

The prior year's English teacher in consultation with the Department Chair will determine whether a student may complete a course for credit recovery or must take the course for make-up credit. Make-up credit is only available at level 2. Credit recovery must be completed in the summer directly following issuance of a grade of I and will result in either a letter grade or a grade of "P" for passing credit. Students taking a course for credit recovery will not necessarily be present for all of the summer school course but may be present for only the time needed to complete work for credit recovery. Length of attendance and days of attendance will be determined by the summer school teacher.

English 1- Credit Recovery** level 2

JUNE 12-JULY 28 / 10:15-NOON / WINNETKA CAMPUS
.5 CREDIT / ABSENCE LIMIT: 4 DAYS OR 1 DAY PER 2 WEEKS

Open to So. ONLY. English 1 may be taken as either a make-up course for one full semester of freshman English or as a credit recovery course. The course is designed to develop and strengthen grade 9 writing, reading, listening, and speaking skills. The course focuses on developing effective arguments, descriptive narratives, research skills, close reading of fiction, and effective discussion skills. Students will engage in process writing steps to develop their ability to brainstorm and draft written pieces.

English 2- Credit Recovery** level 2

JUNE 12-JULY 28 / 10:15-NOON / WINNETKA CAMPUS
.5 CREDIT / ABSENCE LIMIT: 4 DAYS OR 1 DAY PER 2 WEEKS

Open to Jr. ONLY. English 2 may be taken as either a make-up course for one full semester of sophomore English or as a credit recovery course. This course is designed to strengthen skills in critical reading and to develop further sophistication in argument, narrative, research, and informational writing. Students will respond to appropriately challenging literature to extend their understanding of an author's purpose and learn how to effectively reason from evidence in written and oral form. Students will write clearly and logically by completing assignments demanding more complex argument, with an emphasis on organization and relevant detail. Students will engage in process writing steps to refine their ability to brainstorm and draft written pieces.

English 3- Credit Recovery** level 2

JUNE 12-JULY 28 / 8:15-10:00 / WINNETKA CAMPUS
.5 CREDIT / ABSENCE LIMIT: 4 DAYS OR 1 DAY PER 2 WEEKS

Open to Sr. English 3 may be taken as either a make-up course for one full semester of junior English or as a credit recovery course. This course is designed to strengthen skills in critical reading and to develop further sophistication in argument, narrative, research, and informational writing with a strong emphasis placed on the development of more sophisticated research skills. Students will respond to various works of American literature from the 18th-21st centuries to extend their understanding of an author's purpose and learn how to effectively reason from evidence in written and oral form. Students will write clearly and logically by completing assignments demanding more complex argument from multiple, diverse sources, with an emphasis on clear organization, relevant detail, careful integration, and rhetorical sophistication. Students will engage in all process writing steps to refine their ability to carry an assignment from conception to polished completion.

English 4- Credit Recovery** level 2

JUNE 12-JULY 28 / 8:15-10:00 / WINNETKA CAMPUS
.5 CREDIT / ABSENCE LIMIT: 4 DAYS OR 1 DAY PER 2 WEEKS

Open to Class of 2023 Students. English 4 may be taken as either a make-up course for one full semester of senior English or as a credit recovery course. This course is designed to prepare students for the demands of critical reading at the college level and to develop further sophistication in argument, narrative, research, and informational writing with a continued emphasis placed on the development of more sophisticated research skills for college level writing. Students will respond to various works of world literature to extend their understanding of an author's purpose and learn how to effectively reason from evidence in written and oral form. Students will write clearly and logically by completing assignments demanding more complex arguments from multiple, diverse sources, with an emphasis on clear organization, relevant detail, careful integration, and rhetorical sophistication. Students will engage in all process writing steps to refine their ability to carry an assignment from conception to polished completion.

Kinetic Wellness

Health level 8

JUNE 12-JULY 6 / 8:15-NOON / WINNETKA CAMPUS
.5 CREDIT / \$310 / ABSENCE LIMIT: 2 DAYS

This course is designed for rising sophomore students who are registered for a full year of dance curriculum during the 2023-24 school year. The Personal Fitness portion of the course addresses health-related fitness, body images, nutrition, sleep, and stress management. The Sexuality Education portion of the course addresses reproductive health and healthy relationships with an emphasis on healthy decision-making. Students who were unsuccessful in completing the course during the school year may also sign up for this course. Missing more than two classes will result in no credit for the course. This course fulfills the state Health Education requirement for graduation.

Mathematics

Algebra 1**- Credit Recovery level 2

JUNE 12-JULY 28 / 8:15-NOON / WINNETKA CAMPUS
1.0 CREDIT / ABSENCE LIMIT: 4 DAYS (2/SEMESTER)

Open to So., Jr., Sr. This course is a full year of first-year algebra. It is designed for students who have previously taken all or part of first-year algebra at the high school level. It is not open to incoming freshmen.

Algebra 2**- Credit Recovery level 2

JUNE 12-JULY 28 / 8:15-NOON / WINNETKA CAMPUS
1.0 CREDIT / PREREQUISITE: PLANE GEOMETRY, LEVEL 2
ABSENCE LIMIT: 4 DAYS (2/SEMESTER)

Open to So., Jr., Sr. This intermediate algebra course is a continuation of Algebra 1, including the solutions of equations, inequalities, and systems. It is designed for students who have previously taken all or part of second-year algebra at the high school level. An emphasis is placed upon understanding relations and functions, including quadratic functions, exponential functions, logarithmic functions, rational functions, and polynomial functions. The unit circle, probability and statistics, series and sequences, and the complex number system are introduced. Students taking this course must have a TI-Nspire CAS calculator.

Plane Geometry** level 3

JUNE 12-JULY 28 / 8:15-NOON / WINNETKA CAMPUS
1.0 CREDIT / \$620 / PREREQUISITE: ALGEBRA 1, LEVEL 3
ABSENCE LIMIT: 4 DAYS (2/SEMESTER)

Open to So., Jr., Sr. This course is the full year of Plane Geometry. First semester emphasizes the development of geometric concepts using formal proofs. Second semester focuses on the application of algebraic techniques in the study of geometry. The rapid pace of summer work requires students to be highly motivated. Students must have successfully completed Algebra 1, level 3, with a grade of at least "B", or prior approval of the New Trier Mathematics Department Coordinator.

Science

All science courses taught during the summer are full-year courses taught during 7 weeks. Students will do the equivalent of a week's worth of class and lab work in school every day and a week's worth of homework every night. Successfully completed seven-week courses earn one year's credit (2 x 0.5 credit per semester). All prerequisites apply. Depending on registration requests, some courses may be combined.

Biology** level 2, level 3, level 4

JUNE 12-JULY 28 / 8:15-1:00 P.M. / WINNETKA CAMPUS
1.0 CREDIT / \$860
OPEN TO SO., JR., SR. / PREREQUISITE: NONE
PLACEMENT: BASED ON ENGLISH LEVEL
ABSENCE LIMIT: 4 DAYS (2/SEMESTER)

This laboratory course in life science explains life from the microscopic levels of cells to the interactions of populations and their environment. Biology challenges students to explore a broad range of topics and major themes, including Cell Structure, Function and Processes, Macromolecules, Genetics, Evolution, Taxonomy, Ecology, and Human Anatomy and Physiology (including the dissection of the fetal pig). Discussion on health and disease will also be explored. Lab experiences are designed to develop skills in making observations, gathering data, and being able to critically assess the results. An emphasis will be placed on building conceptual understandings while applying scientific knowledge to real world problems. This course fulfills the graduation requirement for Biology. Tuition includes lab fees.

Biology PCB** level 3, level 4

JUNE 12-JULY 28 / 8:15-1:00 P.M. / WINNETKA CAMPUS
1.0 CREDIT / \$860
OPEN TO JR., SR.
PREREQUISITE: PHYSICS PCB AND CHEMISTRY PCB
PLACEMENT: BASED ON CHEMISTRY PCB LEVEL
ABSENCE LIMIT: 4 DAYS (2/SEMESTER)

This laboratory course is designed to be taken after having completed one year of Physics PCB and one year of Chemistry PCB. The course introduces students to all of the basic concepts found in the regular biology survey course with the enhancement of a better scientific background, allowing for more depth of some topics. Cellular and molecular components of life will be emphasized, along with genetics and evolution. Physiology and anatomy (including the dissection of the fetal pig) will be covered, incorporating a deeper understanding of the chemical and physical aspects of these topics. Ecology, evolution, and genetics also are covered. Discussions on health and disease will also be explored. Laboratory investigations follow the sequence of text material in concept, and several involve a quantitative analysis and interpretation of data. This course fulfills the graduation requirement for biology. Tuition includes lab fees.

Chemistry** level 2, level 3, level 4

JUNE 12-JULY 28 / 8:15-1:00 P.M. / WINNETKA CAMPUS
1.0 CREDIT / \$860
OPEN TO SO., JR., SR.
PREREQUISITE: REQUIRES AVERAGE OR BETTER PERFORMANCE
IN ONE YEAR OF ALGEBRA
PLACEMENT: BASED ON MATHEMATICS LEVEL
ABSENCE LIMIT: 4 DAYS (2/SEMESTER)

In this laboratory course, studies are made of energy and its changes, chemical formulas and equations, stoichiometry, chemical equilibrium, oxidation-reduction, acid-base reactions, atomic theory, concepts of chemical bonding, introductory organic chemistry, the mole concept, properties of all states of matter, nuclear chemistry, periodic laws, and descriptive chemistry. Experimental work is designed to explore these topics, qualitatively and quantitatively. Students will study concepts in depth at an accelerated pace and will be expected to work independently. This course fulfills the graduation requirement for physical science. Tuition includes lab fees.

Chemistry PCB** level 3, level 4

JUNE 12-JULY 28 / 8:15-1:00 P.M. / WINNETKA CAMPUS
1.0 CREDIT / \$860
OPEN TO SO., JR., SR.
PREREQUISITE: COMPLETED PHYSICS PCB
PLACEMENT: BASED ON PHYSICS PCB LEVEL
ABSENCE LIMIT: 4 DAYS (2/SEMESTER)

This laboratory course in chemistry is the second course in the sequence of Physics - Chemistry - Biology. This course will make connections to the previous physics course and will build concepts to be used in biology. Topics include energy and its changes, chemical formulas and equations, stoichiometry, chemical equilibrium, oxidation-reduction, acid-base reactions, atomic theory, concepts of chemical bonding, introductory organic chemistry, the mole concept, properties of all states of matter, nuclear chemistry, periodic laws, and descriptive chemistry. Experimental work is designed to explore these topics, qualitatively and quantitatively. Students will study concepts in depth at an accelerated pace. This course fulfills the graduation requirement for physical science. Tuition includes lab fees.

Environmental Geoscience** level 9, level 4

JUNE 12-JULY 28 / 8:15-1:00 P.M. / WINNETKA CAMPUS
1.0 CREDIT / \$860 / OPEN TO SO., JR., SR.
PREREQUISITE: NONE / PLACEMENT: BASED ON ENGLISH LEVEL
ABSENCE LIMIT: 4 DAYS (2/SEMESTER)

This laboratory course is the study of the interrelationships among humans and the lithosphere, hydrosphere, atmosphere, cryosphere, and outer space. Environmental Geoscience addresses several of the most important questions in science: Are we alone in the universe? How did the universe begin? How did life begin (as revealed by the fossil record) and What is the future fate of Planet Earth? The course also explores the processes of nature that shape our environment, creating both valuable natural resources and natural hazards that affect the quality of human life. Furthermore, the course explores how man-made pollution and resources depletion impact our society. Course work includes library research, writing, and classroom presentations. Lab activities may include deep space imaging, stellar spectroscopy, the feasibility of living on Mars, water testing, atmospheric measurements and modeling, plate tectonic and earth structure models, and fossil recovery. This course fulfills the graduation requirement for physical science. Tuition includes lab fees.

Physics** level 2, level 3, level 4

JUNE 12-JULY 28 / 8:15-1:00 P.M. / WINNETKA CAMPUS
1.0 CREDIT / \$860
OPEN TO JR., SR.
PREREQUISITE: ALGEBRA 1 AND GEOMETRY; ALGEBRA 2 IS ALSO STRONGLY ENCOURAGED FOR 3-LEVEL; ALGEBRA 2/COLLEGE ALGEBRA/TRIG IS STRONGLY ENCOURAGED FOR 4-LEVEL / PLACEMENT: BASED ON MATHEMATICS LEVEL
ABSENCE LIMIT: 4 DAYS (2/SEMESTER)

Physics courses have similar content, differing only in the depth of treatment and mathematics used for each topic. This laboratory course includes the study of motion (kinematics and dynamics), energy, waves, electricity and magnetism, light, and additional topics. The ability to apply math models will be developed in this course, with more independent expectations at the 4-level. This course fulfills the graduation requirement for physical science. Tuition includes lab fees.

Social Studies

United States History** level 3, level 4

JUNE 12-JULY 28 / 8:15-NOON / WINNETKA CAMPUS
1.0 CREDIT / \$620
ABSENCE LIMIT: 4 DAYS (2/SEMESTER)

Prerequisite: World History. Open to Jr. and Sr. This full-year course traces the key historical and cultural development of the American experience from its pre-colonial origins to the present. Students acquire an understanding of American culture by studying the social, economic, and political origins of value systems, the role of geography, and the interaction among the many groups that live in the United States. The course emphasizes such skill areas as evaluation of primary sources, library research techniques, writing, and class discussion. Please note: The 4-level section is not entitled "Advanced Placement" because it does not prepare students for the AP exam. This class fulfills the graduation requirement for United States History.

Civics** Level 9, level 4

JUNE 12-JULY 6 OR JULY 7-JULY 28 / 8:15-NOON / WINNETKA CAMPUS
.5 CREDIT / \$310
ABSENCE LIMIT: 2 DAYS

Prerequisite: World History. Open to So., Jr., and Sr. What are the obligations of a citizen? How can regular people effect change? This one semester civics course will investigate the structures of American government, the democratic process, and the role of the citizen in that process. Students will explore current and controversial issues, engage in simulations, and participate in service learning. Through their studies and activities in this course, students will come to appreciate participation in an active democracy. Content areas include: the Constitution, voting and elections, media, and law-making. This course fulfills the civics graduation requirement and includes the study of the state and federal constitutions. **Please be certain to register for the appropriate level.**

Enrichment Course Descriptions

Courses in this section of the brochure are only offered during Summer School and will not appear on the student's transcript. These courses supplement the regular academic program and offer the students the opportunity to enhance present skills, pursue new ones, or explore an area of interest.

Applied Arts

Cooking for Teens*

JUNE 12-JUNE 23 / 8:15-NOON
WINNETKA CAMPUS
\$345 / ABSENCE LIMIT: 2 DAYS

Open to Fr., So., Jr., Sr. This course is designed for teens who are interested in improving their culinary skills and learning how to prepare popular dishes. Students will learn proper measuring, safety, and sanitation techniques. The following topics are covered: breakfast, sandwiches and salads, fruits and vegetables, meats, breads, and desserts. Class limit 24 students.

Guitar Making*

JUNE 12-JULY 13 / 11:30 A.M. -2:15 P.M.
WINNETKA CAMPUS
\$530 / ABSENCE LIMIT: 1 DAY

Open to Fr., So., Jr., Sr. This exploratory course is designed for students interested in designing and constructing their own guitar. During the first week students will be engaged in designing an electric guitar of their choice using 2D and 3D software AutoCAD and Inventor. The second week will consist of students learning CNC software, coding, and how to use various CAD/CAM mills, lathes, and routers. During the final week, students will construct their guitars using lab equipment and modern techniques.

Rube Goldberg Extreme Engineering*

JUNE 12-JULY 6 / 8:30-11:15 A.M.
WINNETKA CAMPUS
\$385 / ABSENCE LIMIT: 1 DAY

Open to Fr., So., Jr., Sr. This exciting exploratory course incorporates engineering, design, and problem solving skills. Students will work in teams to create a working mechanical design that will use principles of Rube Goldberg engineering. For example, students could create a machine that takes at least 15 creative steps to apply toothpaste on a toothbrush. Rube Goldberg engineering is a learning tool used to create critical thinkers, problem-solvers, and team players.

Art

Flame Working Glass*

JUNE 12-JUNE 30 / 8:15-10:00 A.M./ WINNETKA CAMPUS
\$345 / ABSENCE LIMIT: 1 DAY

Open to Fr., So., Jr., Sr. Students will learn how to create beads, pendants, marbles and small sculptures out of glass. With glass rods and a torch, you will melt glass and create lively patterns, textures, and forms. If you like sculpture, this unique course is for you. Tuition includes lab fees. This course does not take the place of any New Trier art course. Class limit 12 students.

Hot Shop/Glass Blowing*

JUNE 12-JUNE 30/ 10:15-NOON/ WINNETKA CAMPUS
\$345/ ABSENCE LIMIT: 1 DAY

Open to Fr., So., Jr., Sr. In this introductory course, students will work in teams and learn how to sculpt molten glass into solid forms like paper weights and blow molten glass into functional objects such as cups and bowls. The furnace keeps the glass at a "cool" 2100 degrees. The glass is then gathered on the end of a stainless steel pipe and with traditional tools, students will learn how to make art! If you like heat and the magic of glass, this course is for you. Class limit 10 students. Tuition includes lab fee. This course does not take the place of any New Trier Art course.

English

EL Reading & Writing Enrichment*

JULY 7-JULY 28 / 10:15-NOON / WINNETKA CAMPUS
FREE FOR CURRENT EL STUDENTS IN NT EL PROGRAM

In reading, students get the opportunity to read a variety of books in English, from novels to textbooks, and work on reading strategies. In writing, students practice a variety of writing forms, from personal narratives to academic reports. This class is for enrichment, to keep students working in English over the summer. The students will not receive high school credit for the class, but they will keep their English abilities improving during the summer.

Introduction to Freshman English*

JUNE 12-JULY 6 / 8:15-10:00 A.M. / WINNETKA CAMPUS
\$310 / ABSENCE LIMIT: 2 DAYS

Open to Fr. This course is for entering freshmen who need practice in the language arts skills necessary for successful work in high school. Emphasis is on language (vocabulary, usage, mechanics), composition (pre-writing and composing with emphasis on the paragraph), reading fiction, and study skills. This course also emphasizes the development of organizational skills, the importance of being an active listener and a contributing classroom participant, and the value of time management. Practice note-taking and text-marking and explore memory strategies and study skills helpful in preparing for objective and essay exams in multiple disciplines.

Reading Enrichment*

JUNE 12-JULY 6 / 8:15-10:00 A.M. / WINNETKA CAMPUS
\$250

Open to Fr. Appropriate for all levels of reading, this class provides both individualized and group instruction and focuses on strengthening vocabulary, improving comprehension and reading rate, and providing instruction in note-taking, text-marking and test-taking strategies. Reading Enrichment is offered exclusively in the summer curriculum. Class limit 22 students. At the close of the class session, teachers will provide students with individualized recommendations of reading and strategies to implement throughout the summer to avoid summer drop off and keep reading skills developing.

SAT/ACT Preparation*

JUNE 12-JULY 6 OR JULY 7-JULY 28 / 10:15-NOON
WINNETKA CAMPUS
\$250

Open to Jr., Sr. Alleviate test anxiety with instruction and practice in English skill areas typically encountered in college admissions exams and verbal achievement tests. Focus on reading comprehension, strengthen your vocabulary recognition, and review English usage and writing conventions.

Mathematics

Introduction to High School Mathematics* level 2

JUNE 12-JULY 6 / 10:15-NOON / WINNETKA CAMPUS
\$250 / ABSENCE LIMIT: 2 DAYS

Open to incoming Fr. only. This course is designed to develop study strategies for learning mathematics. Pre-algebra and pre-geometry topics will be included. Although a student heading for Algebra 1, level 3 may benefit from the course, the materials are designed for the student preparing for Algebra 1, level 2. This course is open only to incoming freshmen and is not designed for the student who has completed first-year algebra in junior high school.

Algebra 1 (Review)* level 2, level 3

JUNE 12-JULY 28 / 8:15-10:00 A.M. / WINNETKA CAMPUS
\$310 / ABSENCE LIMIT: 4 DAYS (2/SEMESTER)

Open to incoming Fr. only. Registration for this course requires prior approval of the New Trier Mathematics Department Coordinator. Please contact Don Kim at 847-784-7590 prior to registration. This course is designed for incoming New Trier freshmen who have completed a full year of Algebra 1 in junior high, but were not recommended for placement in Plane Geometry. At the end of this course, the Summer School teacher will determine whether a student shall (1) repeat Algebra 1 in the fall, or (2) enroll in Plane Geometry in the fall. If space remains after placing students described previously, those spaces will be given to incoming freshmen placed in Plane Geometry who feel they would benefit from a review of Algebra 1.

Mathematical Mindsets*

JULY 7-JULY 28 / 8:15-10:00 A.M. / WINNETKA CAMPUS
\$310

Open to incoming Fr. only. This course is designed for all incoming freshmen to develop their mindsets to set them on a path to becoming engaged mathematics learners and problem solvers. Students will collaborate in small groups to engage in tasks that facilitate mathematical exploration. We will approach both familiar and unfamiliar problems with a 'how do you see that?' frame of mind, with the goal to make mathematical connections and recognize patterns.
