State Assessments! We Will Need Your Help!

Even though the students are doing Online Learning, we still need to assess them, as required by the State. So it is very important that the homework is done **only** by the student, not by others in the family. Photos of the homework must be emailed to Ms. Uribe. Some of the assessment will be done during our live meetings, and by videos made by the parents. We will give instructions later. Don't worry, they will be easy activities, such as videos of your child hopping on one foot, running and kicking a ball, throwing and catching a ball, writing with a pencil or crayon, and having conversations with others in English or Spanish.

DESIRED RESULTS FOR CHILDREN AND FAMILIES

The DRDP (Desired Results Developmental Profile) is an assessment tool Teachers use. We observe and assess children's developmental progress.

FOCUS: Learning-Self-Regulation

Social and Emotional Development

Language and Literacy/English Language Development

Cognition including Math,/Science/Physical Development-Health.

Parent/Teacher conferences (Fall/Spring).

We will need parents input to gather observations.

Thank you.
