

Kindergarten - Unit 4 Writing - I am a Teacher

Unit Focus

Kindergarten writers become teachers in this informational unit. Building on the developing voice for writing for an audience, students will be encouraged to keep a teaching and engaging stance in mind as they write about topics about which they are experts. Writers will use craft and the text features of nonfiction as they write. They will write How-To Books followed by All About Books which may include How-To sections.

Students will have many opportunities to use the new words they are learning as they turn and talk, work in centers and use inquiry to find examples and talk about their discoveries and learning with partners. As always, a high volume of reading and writing experiences will help students to notice and think about the work of published authors as they find craft, structure and ideas they'd like to try out in their own writing. The goal for our kindergarten writers will be to write informational texts that have a main idea and supporting details using words and drawing.
