Homework Policy

Math: Problem Solving (usually 3-4 problems a night). Also, any math work not completed in class.

Studies Weekly (Social Studies and Science):

1-2 articles and highlights will be assigned daily.

However, most days they'll be able to begin the work in class.

Journal Writing: 5-10 minutes, but they'll be starting these in class.

Benchmark: I count the Studies Weekly work as independent reading, so your child will need an additional 15-20 minutes of reading at home.

Expectations

I feel strongly that in order to create a safe and enriching educational and social-emotional environment, each student has a responsibility to show respect for themselves, other students, teachers, and staff at all times. We've recently created our **SOCIAL CONTRACT** to help encourage positive behavior in and out of our classroom. It's going to be one AMAZING school year for your child and I'm so glad we'll be working together to help your child succeed!

Parent/Teacher Communication:

IMPORTANT: If your cell phone number or email address changes, please notify me as soon as possible. I'll leave my contact information on the next slide.

Q Parent Connect:

IMPORTANT: I will be posting most grades to Q before posting them to our Google Classroom. Q will always have the most up-to-date grades, so check there first.

Wish List

- water bottles by the case (for our PBIS store)
- dry-erase markers (black/low-odor)
- wide or college-ruled lined paper
- granola bars or other healthy classroom snacks (for our PBIS store)

Thank You!
