

Distance Learning Week 3 Lesson Plan

Mason: World History

Assignments due: May 15th

Assignments:

1. Write a one page position paper (argument) on the following question: Should the United States have dropped the atomic bomb on Japan? You must pick one side or the other. Provide evidence from Module 14 in your textbook for why you are picking that position. Think about how you wrote your Appeasement essay before school closed. **This will count towards your Tests/Quizzes category.**
2. Using Module 15 Lesson 1 of your textbook, create an annotated timeline of the Cold War. Your annotated timeline should include the following events/topics: Iron Curtain, Truman Doctrine, Marshall Plan, Berlin Airlift, NATO, and Warsaw Pact. To complete the timeline find the date, create a symbol to represent each topic and write a 1 sentence summary that tells me what that event/topic was. **This will count towards your Notes category.** You DON'T need to create questions or a summary for this. You can color your symbols if you would like. This is like the Russian Revolution annotated timeline that we did earlier this semester.
3. Complete the Korean War & Vietnam War Compare/Contrast worksheet. Use Lesson 3 of Module 15 of your textbook to complete. **This will go in your Classwork/Homework Section. This worksheet is copyright protected. You can access it using my EDMODO page.**

When you turn in your assignments you must have the following header on the work:

Student Name:

Teacher Name:

Class Name/Subject:
