Panthers, do you know a family member, friend, or an employer that may want to share their career or business with our students for the Future's Fair? Let them know we have a Future's Fair coming up on February 28th and have them see the posted flier on facebook for more information on how to sign up!

The permission slips for the upcoming field trip to Flagstaff are due today!. Please bring them to either Mr. Rogers, Mr. Omar, Mrs. Olson, or Ms. Buys; our chaperone team.

*Please stop by the Athletic & Activities Office to check on your account for athletic fees. This also includes turning in your assigned uniforms and equipment. **You will not get your orange card for Spring Sports (baseball, golf, soccer, track) if you have not paid your fees from Fall & Winter Sports. Thank you.*

For 11th Graders ONLY! 11th-grade public school students in Colorado can add the SAT® with Essay to their SAT School Day registration for free. The essay is OPTIONAL! The SAT with Essay will take approximately one hour longer than the SAT. It's your choice. You decide whether or not to take the SAT with Essay. The SAT Essay is scored separately from the SAT and does not impact your Evidence-Based Reading and Writing score. Register online before 10:00 p.m. Mountain Time (MT) today, using your College Board account. Please visit the Counseling office if you have any further questions or concerns.

How Sick is Too Sick?

When Children and Staff Should Stay Home from School or Child Care

Evaluation of a sick child must consider which diseases are currently circulating among students, staff, and the community. Known exposure to cases or an outbreak of a contagious disease (including but not limited to those listed here), even without a confirmed diagnosis, may necessitate more stringent return to school requirements.

During Colorado's ongoing response to the COVID-19 pandemic, children and staff who have symptoms consistent with COVID-19 should receive testing, and follow the [COVID-19 isolation guidance](#) until testing is completed or if they test positive. If the individual tests negative for COVID-19, the individual should then follow the recommendations for their disease or symptoms using the below guidance.

There are four main reasons to keep children and adults at home:

1. The child or staff is at risk of infecting others with COVID-19 or another contagious illness, either because of symptoms or recent close contact.
2. The child or staff member does not feel well enough to take part in usual activities. For example, a child is overly tired, fussy or will not stop crying.
3. A child needs more care than teachers and staff can give while still caring for the other children.
4. The child or staff member has symptoms or an illness is on this list, and staying home is required.

SAFE DECISIONS

Limit phone use while you're driving — turn it off if necessary. Even hands-free calling and voice texting may increase the risk of an accident.
