New News:

Students, right now we are still working on the master schedule, so your schedule that you see in Powerschool may not be accurate.

M-CHS is proud to offer internship placements for the 2022-2023 school year. Internships are a great opportunity for upcoming M-CHS juniors and seniors to gain work-based learning experiences off campus, See the posted flyers for more info!

Panthers have you ever been curious of what it takes to be an FBI agent? Well now is your opportunity to find out! The Ute Mountain Learning Center is hosting an FBI Academy Program that high school students can attend. Students are provided with several topics including terrorism, cyber crime, public corruption, polygraph exams, gathering evidence, and much more! This program will take place in Durango, CO on Saturday, September 17, 2022, Deadline for applications is Friday, July 1st! For more information on the program you can call the Ute Mountain Learning Center!

Panthers would you like to have an opportunity to improve your basketball skills? There will be a basketball camp this summer that will focus on basic and fundamental skill enhancements. The basketball camp will take place at M-CHS for boys & girls in 6th through 8th grade and 9th - 12th. Cost and Contact information are on the posted flyers!

ATTENTION all STUDENTS (including online), Please stop by the Activities/Athletic Office to make sure you have paid all your classroom fees, athletic participation fees, and any testing fees for this year. You will need to take care of these fees before the end of the school year.

If you would like to purchase a yearbook, we have a limited number available or If you already purchased one and need to pick it up, now is the time! Come to the office and see Ms. B during homeroom time.

Student and Parent Open House: Learn More!

MAY 20th 33057 Hwy 160 Mancos

Whether your high school student wants to earn college credits before graduating or earn an industry credential to become work-force ready, we have pathways through Friday Academy to help them prepare for their future.

Join us on May 20th to find out more and tour PCC's Mancos campus!

INFORMATION PRESENTATION: 6:00-7:00PM
CAMPUS FACILITY TOUR: 7:00-7:30PM

WHAT IS FRIDAY ACADEMY?

Friday Academy is open to any high school student (grades 9-12) and is designed to help students gain a college certificate or industry certification during their school district's academic year. This Friday Academy exposes students to Career and Technical Education (CTE) and Guaranteed Transfer (GT) Pathways. Coursework includes assignments, projects, independent work and collaboration as expected in a typical college class.

In Friday Academy, students will have the opportunity to earn a college credential. These credits are transfer-ready, and the student can transition to a four-year institution in the state or matriculate to a two year community college to complete the associate degree in their chosen field. Students can earn as many as 30 college credits prior to graduation. Research studies on early college participation have shown that students perform well in their courses, graduate from high school at a higher rate than their peers, require less first-semester remediation in college, and are more likely to obtain a college degree within four years (Community College Research Center, Columbia University).

For those students interested in becoming workforce-ready, the student may earn an industry-approved, job-ready credential that prepares them to start work in their field of choice. This industry credential will increase employability upon graduation.

CALENDAR

- **May 20th**: Open House for Parents and Students, Mancos Campus
- **August 19th**: Orientation at Mancos Campus
