

MARCH/APRIL 2017

Dear Sanborn Families,

I look forward to seeing you at our Celebration of Learning event this week. It's a wonderful opportunity to see your child's showcase of work and enjoy other activities available.

As stated previously, all students in grades 3-6 will be taking the AZMerit on-line this year. That changes the testing window and we just recently attended a training outlining how it works so we could get our schedule in place. Due to the nature of how many computers we need at each grade level to test each child, it won't all be done in one week but rather spread out over about 4 weeks. Please see the schedule below; it is vital that your child be present on these dates to complete the test and that all outside appointments be scheduled around them. We appreciate your support in helping us meet the state mandated attendance requirement for this assessment.

3rd Grade; April 3, 17, 18

4th Grade; April 4, 10, 11, 13

5th Grade; April 5, 24, 25

6th Grade; April 6, 19, 20

Have a wonderful Spring Break and enjoy the time away from our busy school schedule. When we come back, our 4th and final quarter of the 2016-2017 year will be underway. It always proves to be a fast and furious one.

Yours in Education,

Caryn C. Cole

MARCH

6th-10th	Book Fair
9th	Celebration of Learning 5-7 PM
13th-27th	Spring Intersession - No School
