

Will Scott Finholm please join me at the front?

The Colorado Council for Social Studies (CCSS), the premier professional learning organization for social studies teachers in Colorado, has just elected its new president and is one of our own.

Central High School Social Studies teacher, Scott Finholm, began his board presidency with the organization in October and is a welcomed addition.

Mr. Finholm holds a Master's Degree in American History from Pace University-Gilder Lehrman Institute and is an expert in his field. He's been teaching social studies for 26 years at all education levels; fourteen spent educating the students of Mesa County Valley School District 51.

He brings a great depth of knowledge and passion to the industry, evident through his years of involvement with the Colorado Council for Social Studies.

The Board of Education and Superintendent Hill would like to recognize Mr. Finholm for this achievement and thank him for his excellent representation of our school district and continued effort to make a difference in our educational landscape.

Board of Education Resolution: 22/23: 35

Presented: December 13, 2022

Will the following people please join me at the front of the room?

Coach Coady Shawcroft and **GJHS Academic Team Members** Cailan McKim, Sam Guddat, Alexander Chang, Athena Quesenberry, Megan Terlouw, Magaly Luna, Anna Stone-Ewing, and Andrew Agrenado.

The Grand Junction High School Academic Team placed 1st and 3rd at the Dinosaur Ridge Science Quiz Bowl Tournament held at the Colorado School of Mines in Golden.

Eighteen teams from across 11 Colorado High Schools competed in the science tournament, answering multiple rounds of quiz questions, with the top three teams advancing to the final round. GJHS advanced both teams, ultimately taking two spots on the podium.

The Board of Education and Superintendent Hill are proud of how hard these students work in and out of the classroom and would like to recognize them for this accomplishment. Congratulations!

At this time we would like to recognize our Performance Schools. Please rise as I call your name.

Every year, schools across the state are given a “School Performance Framework” rating by the Colorado Department of Education. These ratings are based on their previous school year’s academic achievement levels, growth, and post-secondary workforce readiness (for high schools). Schools then work to create plans based on these ratings to either maintain success or work towards achieving better scores. For the 2021-2022 school year, District 51 had 25 schools (more than half) that earned the highest “Performance School” rating.

This accomplishment is a celebration for everyone at these schools. At this time, we will ask attending staff members from any of these schools to stand at their seats to be recognized along with their school principals.

The Board of Education and Dr. Hill would like to recognize these schools and their entire staff for their continuous commitment to academics and our mission of preparing each student for their brightest future. Congratulations to you all on this well-deserved recognition!

**Recognition of Governor's Bright Spot Award Recipients:
Chatfield Elementary School, Bookcliff Middle School and
Dual Immersion Academy at Bookcliff Middle School**

Board of Education Resolution: 22/23: 37

Presented: December 13, 2022

Will Mr. Dave McCall, Principal at Chatfield Elementary, and Mr. Jim Butterfield, Principal at Bookcliff Middle School, please join me at the front of the room?

On November 18, Governor Polis announced that 21 schools across the state of Colorado would be receiving the Governor's Bright Spot Award. This award is given to schools that have demonstrated strong growth in student achievement since 2019 by advancing more than two bands on their School Performance Frameworks. Even with the challenges presented during the pandemic, these two schools excelled, ensuring their students continued to progress.

In 2019 Chatfield Elementary School was placed on a Turnaround Plan. With a pause in CMAS testing and state ratings in 2020, Chatfield had two years to improve its academic performance. The strong leadership demonstrated by Principal McCall and his staff propelled the school forward in leaps and bounds. Chatfield went from a Turnaround School, the lowest rating, in 2019 to a Performance School, the highest rating, in the 2021-2022 school year.

Bookcliff Middle School has teetered between improvement and priority improvement for the past few years. In 2020, Bookcliff dipped into priority improvement, immediately shifting its plan of action to focus on data cycles around core academics. They added two academic coaches, more kid-talk conversations, and an X-Block for in-class interventions, culminating in forward growth. These collective efforts helped Bookcliff elevate from priority improvement to performance status in the 2021-2022 school year.

The Board of Education and Dr. Hill would like to recognize Chatfield Elementary and Bookcliff Middle School for this exciting award. Because of your demonstrated commitment to ensuring your students excel academically, your strong leadership, and your action-driven goal-setting, the hard work has paid off. Not only will Chatfield Elementary and Bookcliff Middle School and the Dual Immersion Academy at Bookcliff Middle School receive the Governor's Bright Spot Award, but also \$50,000 each to put towards continued school improvement efforts. Congratulations!

After calculating the amount of property tax revenues necessary to satisfy the requirements of the *Public School Finance Act of 1994*, article 54 of title 22, C.R.S., any school district shall add an amount equal to the proportional share of the total amount of abatements and refunds granted pursuant to the provisions of this section prior to the setting of the mill levy for such school district.

WHEREAS, the board wishes to avail itself for the provision of Section 39-10-114(1) (a) (I) (B).

THEREFORE, BE IT RESOLVED, the Board of Education of Mesa County Valley School District No. 51 does hereby certify to the Mesa County Commissioners the amounts of levies required against the valuation for assessment of all taxable property located within the boundaries of this school district for the General and Bond Redemption Funds for the 2022-2023 and 2023-2024 budget years.

CERTIFICATION OF MILL LEVY

The deadline for the Board to certify the mill levy to the County Commissioners is December 15, 2022. The local mill levy is calculated through a formula which uses enrollment growth, inflation, prior year local property tax revenue and current year certification of valuation. The valuation certification from the County Assessor's Office is as of November 30, 2022. The prior year General Fund levy was 32.817 mills including abatement. The current certification is 34.049 mills including abatement, which is 0.208. The Bond Redemption levy will be 11.028.

Mill Levy Summary

General Fund

By December 10th, the District receives notification from Colorado Department of Education (CDE) of what the mill levy will be for the District for the next tax year. In other districts, the mill levy may be more or less than this rate depending on the assessed value per student. District 51's General Fund mill levy is 26.214 mills as determined by HB20-1418 and HB21-1164.

HB20-1418 directs districts to levy the number of mills specified by the requirements in the bill, including the establishment of temporary tax credits, if necessary, to correct historical errors. Districts shall levy the lesser of: 27 mills with partially offsetting temporary credits, the number of mills the district was required to levy in the year of de-brucing, the number of mills required for Total Program Funding for the current budget year.

HB21-1164 requires CDE to implement a correction plan for districts with temporary tax credits. Specifically, the plan must ensure that districts incrementally reduce the temporary tax credits "as quickly as possible, but by no more than one mill each property tax year."

Tax Credit CRS, Section 39-10-114(1) (a) (I) (B)

The above referenced statutes allow school districts to add to the mill levy required for state equalization. This additional levy will allow for the recovery of districts' anticipated revenue that was abated or refunded by the County Commissioners. The amount of \$436,604.17 (0.208 mills) was reflected on the certification from the county treasurer's office, and was based on an assessed value of \$2,101,430,072.

Voter-Approved Override Elections

In the November 1996 election, the voters of Mesa County authorized an additional levy to support the General Fund operating costs of the district. The mill levy is 2.631. In November 2004, voters approved an additional override to support the operating costs of new schools. The mill levy is 1.903. In November 2017, voters approved another override to extend the school calendar, update instructional materials and educator training, support technology, and support additional building maintenance. The mill levy is 3.093.

Bond Redemption

The mill levy of 11.028 mills will provide revenue to meet current bond debt service obligations. The bond redemption mills are calculated as follows:

	DOLLAR VALUE	MILL TOTAL
Debt Service Schedule, Series 2022	4,001,950	1.904
Debt Service Schedule, Series 2018	6,172,188	2.937
