# CELL PHONES

Mrs. Lillard believes that cell phones

- are devices found in prison cells. You get one call per week.
- Are for social media. Why do we need to leave our houses?
- Have a place and a purpose, but are rarely used in this class and should rarely be seen in this class.
- Have a place and a purpose, but tend to distract most of us from the task at hand given our lack of self discipline.

# PROBLEM SOLVING

According to Mrs. Lillard, a good problem solver

- Knows what to do when he doesn't know what to do.
- Never has to ask questions.
- Works alone.
- Has a community of learners in which he shares in collaborative thought.

## MRS. LILLARD BELIEVES THAT...

- Mathematics is a spectator sport. Sit back and watch the show.
- Mathematics is a loner sport. You're on your own buddy.
- Mathematics is better learned with each other. Communication is helpful.
- Mathematics can be tough. Get a buddy to help.

# RESTROOM/DRINK/OTHER

Take care of your needs between classes. We have work to do. As a general rule, restroom breaks are not taken in this class. We are busy. However...in dire necessity times...be smart about it. Go on your work time, not in small group time when your absence will be felt or during whole class discussion/lecture when your absence will be a disruption. Hall pass is required.

# CALCULATORS

Classroom calculators are available for your use. If they start to disappear, they **WILL** disappear. Play it safe, bring your own. Phones will not be used for a calculator in this class.
