#### Accounting records

Objective: To determine whether the District accurately maintains accounting records to provide support for financial information.

Test work should indicate the procedures performed to document what processes and controls the District has in place to reduce the risk of undiscovered errors that would affect the reliability of information reported to the public and oversight agencies, such as tracing detailed source documents to the District's trial balance that agree to the financial statements.

#### Governing board/management procedures

### Vernon Elementary School District Uniform System of Financial Records Compliance Questionnaire For Fiscal Year Ended June 30, 2020

#### Instructions

Arizona Revised Statutes (A.R.S.) §15-271 requires the Auditor General's Office to inform any school district feiting to establish and maintain the requirements prescribed by the Uniform System of Financial Records for Arizona School Districts (USFR) that it has 90 days to correct the cited deficiencies. To assist the Auditor General's Office in determining whether a district has attained an acceptable degree of compliance with the requirements of the USFR, the audit firm must complete this USFR Compliance Questionnaire (CQ).

In addition, A.R.S. §§15-213(F) and 15-914(G) require districts to have a systematic review of their purchasing practices and average daily membership (ADM), respectively, performed in conjunction with their annual or blennial financial godit to determine whether the District is in compliance with the applicable procurement and student attendance laws and rules of the State of Arizana. The Procurement and Student attendance reporting questions included in the USFR CQ help districts meet these requirements.

The USFR prescribes the minimum internal control policies and procedures to be used by Arizona school districts for accounting, financial reporting, budgeting, attendance reporting, and various other compliance requirements. Audit Firms must gain an understanding of the District's internal controls and obtain appropriate audit evidence to complete the USFR CQ in accordance with the requirements prescribed below. The Auditor General's Office may reject those CQs not uncertaing the minimum requirements.

- Sufficient, appropriate evidence must be obtained annually for each question to satisfactorily determine whether the District has
  implemented procedures to comply with the USFR. The evidence must be included in the audit documentation to support the comments.
   If the evidence was obtained and documented during the financial statement audit, that evidence may be referenced to enswer related
  questions. Click the "tooltip" next to the CQ question to get more information about USFR requirements and review procedures that
  must be considered to address the question's objective.
- Evidence may be obtained through test work, observation, examination, and client assertion. However, client assertion alone is not
  adequate evidence to support "Yes" answers on the CQ. Sufficient evidence of approval includes signatures or initials and dates.
- Population size should be considered in determining the number of items to test, and the items selected should be representative of the
  population. Also, additional instructions in the Credit cards, Procurement, and Student attendance reporting sections prescribe minimum
  sample sizes that must be used for specific questions. Population and samples sizes used for test work should be entered in the fields
  provided next to the related question.
- The number of items tested must be sufficient to determine whether a deficiency was the result of an isolated incident or a recurring problem. Therefore, testing 1 transaction, record, or item is not sufficient.
- The sample size should be expanded if the Audit Firm cannot clearly determine whether the District complied with the USFR on that
  question.
- For questions related to the establishment of policies and procedures, the Audit Firm must gain on understanding of the District's internal
  controls and perform sufficient test work to determine that the procedures were implemented, followed, and systematically
  communicated to employees.
- For Governing board/management procedures question 4, the Audit Firm should confirm management's appropriate action to resolve all
  allegations of theft, fraud, or misuse of District monies or assets by either examining copies of the incident reports or communicating
  with the agency involved in investigating the allegations. The Audit Firm should also consider if the District's internal controls failed to
  prevent or detect the theft, fraud, or misuse and include a deficiency in the USFR compliance area where the control failed.
  - If the Audit Firm determines that District management was aware of allegations but did not appropriately resolve them in a timely manner (e.g., no action was taken; actions were not documented; actions were delayed, inadequate, or inappropriate to the circumstances), the Audit Firm should answer the question "No." This includes instances where an external investigation is underway for allegations but District Management did not request the investigation, was not fully cooperating with the investigators, or was not otherwise attempting to resolve the allegations.
  - If the Audit Firm determines that District menagement was not aware of any allegations (based on inquiry, review of Governing Board minutes, search of local media coverage, and results of oudit test work), the question should be answered "N/A."
  - If the Audit Firm finds evidence of theft, fraud, or misuse of District assets but does not find evidence that District management
    was aware of the possible theft, fraud, or misuse, the Audit Firm should report the incident to the Auditor General's Office, and
    enswer this question "N/A."
- A "Yes" answer indicates that the Audit Firm has determined that the District appears in compliance with the USFR on that question and
   a "No" answer indicates the District does not comply. However, the final determination of compliance on each question, as well as overall compliance with the USFR, is made by the Auditor General's Office based on the evidence presented in the questionnaire, audit reports, the sudit documentation, and any other sources of information available.
- The Audit Firm must adequately explain all "No" answers in the comment box below the question. Deficiencies must be described in sufficient detail to enable the Auditor General's Office to determine the nature and significance of the deficiency for: (a) assessing compliance with the USFR, (b) appropriately describing the deficiency in a report, and (c) testing compliance during a status review. The description should include the number of items tested and the number of exceptions noted, or dollar amount of the error, and any other relevant information that would provide context for the deficiency.
- The Audit Firm must adequately explain all "N/A" answers in the comment box below the question, unless the reason for the N/A is
  abrilant.
- Cash and revenues questions apply to all the District's cash and revenue, including food service, auxiliary operations, extracurricular
  activities fees tax credit, and student activities receipts and bank accounts. Comments for "No" answers to these questions should
  indicate the type of receipt or bank account to which the deficiency applies.
- The questions in the CQ do not address all requirements of the USFR. If the Audit Firm is aware of noncompliance with a requirement of
  the USFR that is not addressed in the CQ, including the School District Procurement Rules and the Arizona Department of Education's
  (ADE) membership and attendance guidelines, the Audit Firm should include the compliance findings in its reports issued in accordance
  with Governmental Auditing Standards and Tale 2 U.S. Code of Federal Regulations Part 200. Uniform Administrative Reguirements,
  Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), as applicable.

The Audit Firm must make the resulting sudit documentation supporting the Audit Firm's answers on the CQ available on request for the Auditor General's Office and the ADE's review, To facilitate this review, the Audit Firm should include in the audit documentation a copy of the CO with references to the nudit procedures performed for each question.

As required by A.R.S. §§15-914(D), Audit Firms must submit the completed USFR CQ with the audit reporting package to the Auditor General's Office and the District's county school superintendent's office, and ADE Grants Management, as applicable. Once the Audit Firm has completed, reviewed, and signed the CQ, it must submit it electronically to the Auditor General's Office by following the instructions at the end of the CQ. Audit Firms should print the file to PDF to create the CQ document to distribute to the District, the county school superintendent's office, and ADE Grants Management.

# Vernon Elementary School District No. 9 USFR Compliance Questionnaire Comments June 30, 2020

#### **EXPENDITURES**

1. For four of 25 expenditures selected for review, the authorization to pay or a receiving report that indicated the items or services were received or completed was not documented. See Expenditures #3.

#### CREDIT CARDS AND PURCHASING CARDS (P-CARD)

2. The District incurred \$308.21 in credit card late fees and finance charges during the fiscal year. See Credit Cards and P-Card #9.

#### **PROCUREMENT**

 The District did not provide training and guidance related to restrictions on soliciting, accepting, or agreeing to accept any personal gift or benefit with a value of \$300 or more. See Procurement #17.

#### **PAYROLL**

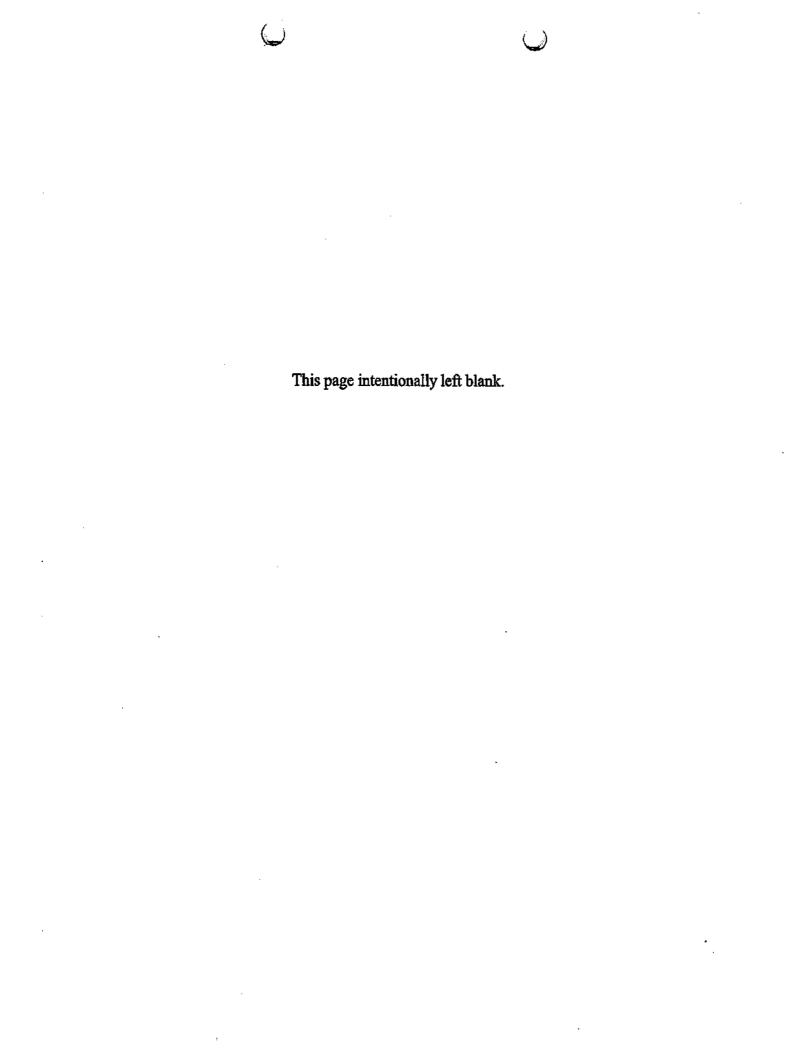

- 4. The District could not provide an employment contract or work agreement for one of ten employees reviewed. See Payroll #s 6 and 12.
- 5. The District did not accurately calculate and remit alternative contribution rate (ACR) payments to ASRS for one ASRS retiree. The ACR rate for FY20 was 10.41%, and based on our calculation, the District only remit 10.19% for that employee, which resuted in an underpayment of \$13.54. See Payroll #9.

#### FINANCIAL REPORTING

6. The District could not provide documentation of the date the SDER report was originally submitted to the Arizona Department of Education. See Financial Report #7.

#### STUDENT ATTENDANCE REPORTING

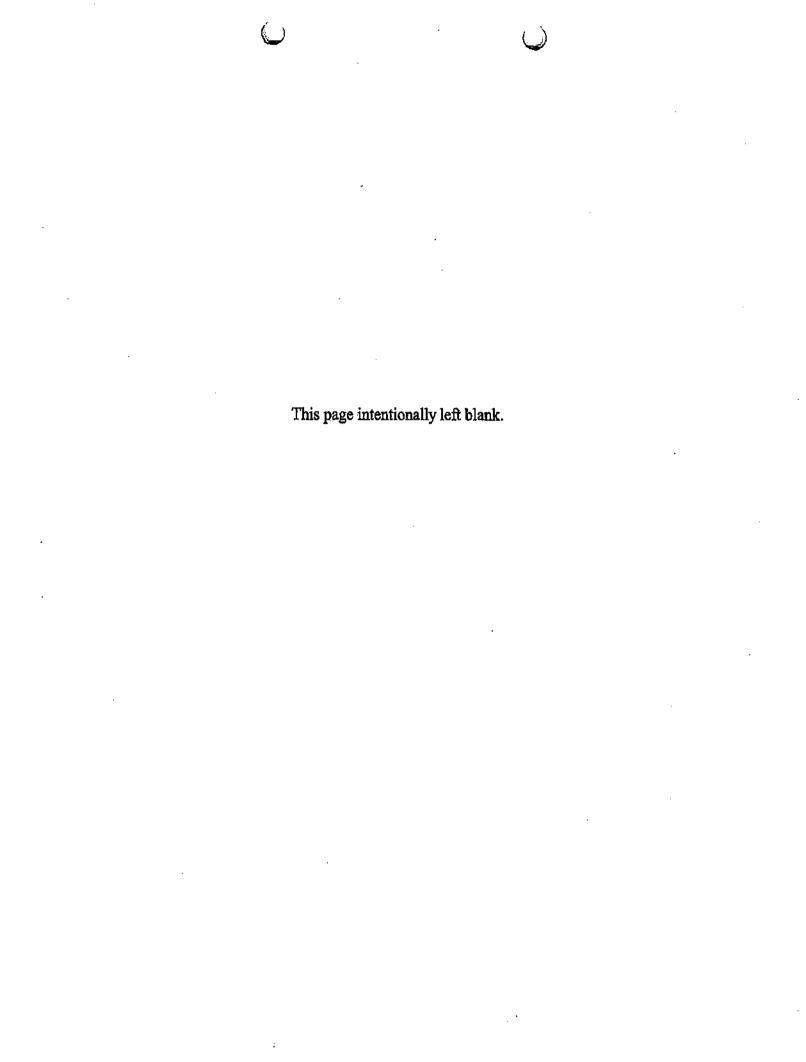

- 7. Two of five elementary and junior high students selected did not have absences properly calculated, resulting in an understatement of absences of 1.5 days. See Student Attendance Reporting #3.
- 8. For one of five students selected for entries, the District obtained a Proof of Arizona Residency form, however, could not provide documentation supporting form. See Student Attendance Reporting #16.

### UNIFORM SYSTEM OF FINANCIAL RECORDS COMPLIANCE QUESTIONNAIRE

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

### INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

Governing Board of Vernon Elementary School District No. 9

We have performed the procedures enumerated below, which were agreed to by Vernon Elementary School District No. 9 (District) and the Arizona Department of Education solely to assist the specified parties in evaluating the District's compliance with applicable legal requirements during the fiscal year ended June 30, 2020. The District's management is responsible for compliance with the applicable legal requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed are summarized as follows:

<u>Procedures</u>: We completed the accompanying Uniform System of Financial Records Compliance Questionnaire in accordance with the instructions contained therein.

<u>Findings</u>: Our findings are summarized in Appendix A of the accompanying Uniform System of Financial Records Compliance Ouestionnaire.

We were not engaged to, and did not, conduct an audit, the objective of which would be the expression of an opinion, on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information of Vernon Elementary School District No. 9's management, Governing Board, others within the entity, Arizona Office of the Auditor General and Arizona Department of Education and is not intended to be and should not be used by anyone other than these specified parties.
