

Medical Statement for Children with Dietary Disabilities

USDA regulation 7 CFR Part 15b requires substitutions or modifications in school meals for children whose disabilities restrict their diets. A child with a disability with substitution requests which fall outside of the meal pattern must be supported by a statement signed by a licensed healthcare professional (licensed physician (MD), advanced practice nurse (APN) with prescriptive authority (RXN), or physician assistant (PA)).

If an SFA chooses to use its own medical statement the statement signed by the licensed physician (MD or DO), advanced practice nurse (APN) with prescriptive authority (RXN) or physician assistant (PA), it must include **all** of the following:

- ✓ The child's disability and explanation of how the disability restricts the child's diet
- ✓ Major life activity affected by the disability
- ✓ The food or foods to be omitted from the child's diet, and the food or choice of foods that must be substituted

According to USDA Memo SP 26-2017, if the child's Individualized Education Plan (IEP) or 504 Plan includes the same information required in the medical statement or if the required information is obtained by the school during the development or review of the IEP or 504 Plan, it is not necessary for the SFA to obtain a separate medical statement.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, religious creed, disability, age, political beliefs, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.
