## INTRODUCTION

The 2022-2023 MPS Salary Schedule provides a uniform and equitable payment of wages for services rendered by certified and classified employees. Certified employees must possess a valid Alabama Teacher's Certificate or be eligible for a waiver from the Alabama State Department of Education. Classified employees include all support employees who do not work as certificated employees.

Salaries in the MPS Salary Schedule are based on years of experience, degree/certification, and assignment. Certificated employees will be paid on the highest degree recognized by the Alabama State Department of Education. Year of experience is categorized as "YR/EXP" on this schedule. Experience is defined as the number of years of service completed in education or a related field. Credit may be granted for years of public-school experience outside the school system. It is the responsibility of the employee to verify the accuracy and correctness of his/her compensation and to promptly call questions and discrepancies to the attention of his/her Principal, Director and Human Resources. In addition, it is the responsibility of the employee to submit appropriate verification of experience degree/certification to the MPS Human Resources division of the Board. Any revisions to the 2022-2023 MPS Salary Schedules that are made during the school year will be posted on the MPS Website.

The base salary of full-time salaried employees is generally paid in twelve (12) equal monthly increments, regardless of the term of the appointment. Teaching contracts are normally nine-months.

**Effective October 1, 2022**, all public education employees will receive a 4% pay increase. Additional steps have been added to the state minimum salary matrix, capping at 35 years. Also included are yearly steps at 1% beginning at year nine. Teachers under the Teacher Excellence and Accountability for Mathematics and Science (**TEAMS**) contract will receive a 4% pay increase. Administrators who are compensated using the state minimum salary matrix will be paid according to the new adjustments and will receive yearly steps at 1% beginning at year nine (9). Administrators not compensated under the state minimum salary matrix will receive a 4% pay increase.
