Ditto, Katelynn Ann
Fultner, Abigail Mishell Lea
Lawrence, Cameron Taylor
Stowers, Jazmyn Izabella

WRHS News

AP Calc students are (L toR): Baylee Burris, Taylor Fiedor, Brandon Douglas (all seniors)

Lea Andra Foster's class held a BobcatAbroad Skype session on March 9th, 2017.

Hannah Massey led an AP Calculus discussion over the

Integration of Natural Logarithmic Functions. She worked through several examples with the students and interacted with the students throughout the process.

Hannah is a former AP Calculus student of mine who passed the AP Calc exam and graduated from WRHS in 2014.

Hannah is in her 3rd year at ASU as an Electrical Engineering student who is studying abroad this semester through the ISEP (International Student Exchange Program).

Hannah is studying at Ulster University outside Belfast, Northern Ireland, which is part of the UK.

Hannah is the daughter of Cary & Raelyne Massey of Walnut Ridge.

The eighteen students from WRHS who competed in the ACTM Regional Math Contest are taught by Mrs. Rachel Shelby, Mr. Jerry Haynes and Mrs. Lea Andra Foster in the areas of Algebra I, Geometry, Algebra II and Trigonometry/Precalculus. Two WRHS students were recognized as being Top Finishers in their respective category. A Top Finisher designation indicates the student finished in the top 10% of those competing in a subject. Our Top Finishers were Graham West (Algebra II) and Megan Jared (Trigonometry/Precalculus).

We are proud of our students and the recognition they have earned. WRHS has been well represented at the ACTM Regional Math Contest for many years and look forward to competing again next year.

(L to R)

Front row: Lilly Maple, Makayla Durham, Megan Jared

Second row: Dakota Girard, Andi Jones, Kelly Lee

Third row: Claire Fisher, Sheridan Smith, Olivia Cox

Fourth row: Kaiden Stormes, Jordyn Jones, Jordan Haynes, Seth Sherrill

Fifth row: Garrett Gunn, Graham West, Tyler Patrick

Sixth row: Nicholas Foster, Andrew Coker
