Gifted and Talented

The sixth through eighth grade gifted and talented students attended the Math Show at Black River Technical College's auditorium. The Math Show is a comedy emphasizing math, sponsored by Theatre Squared, a professional theatre located in Fayetteville that performs at schools throughout Arkansas. Pictured with the actresses is Madison Jarrett, sixth grade student at Walnut Ridge Elementary.

Charles Ruberson, Park Interpreter from the Powhatan Historic State Park was the guest speaker in Tonda Brand's third grade gifted and talented classroom at Walnut Ridge Elementary. Mr. Ruberson spoke to the students about making "old fashion" Christmas ornaments from the 1800's. The students will use their decorations to decorate a tree at the courthouse and tour the facility and grounds on Wednesday, December 6. Pictured with Mr. Ruberson is Aaden Householder, Aubrey Arnett, Lucas Light, Ayden Binkley, Riley Richey, and (back) Mrs. Deana Householder.
