Create a New Project

Select the bibliographic style (MLA, APA, or Chicago/Turabian) you wish to use and enter a short description of your topic. Keep in mind that projects cannot be converted between styles once you have begun adding citations, so choose carefully (and ask your instructor if you aren't sure).

Projects style:

- **MLA Advanced** *(this is the recommended option at your school or library)*
  - follows the *MLA Handbook*, 7th ed.
- **MLA Starter**
  - simpler forms
  - only the most basic citation types available
- **APA Advanced**
  - follows the *APA Publication Manual*, 6th ed.
- **Chicago/Turabian Advanced**
  - bibliography/notes formatting
  - follows Turabian's *A Manual for Writers of Research Papers, Theses, and Dissertations*, 7th ed.

Check with your instructor first!

Description:

For example, "History 101 report on George Washington"
