

Distance Learning Syllabus

Please note~ This information is fluid and I will update it when I am able to do so. Please be patient as we learn together.

Attendance~ Attendance each day is very important. It will be taken at the start of our Google Meets sessions. If a student is unable to attend a Google Meets scheduled session, they will need to answer our Question of the Day on Google Classroom and be sure to complete assignments for that day. In the event of technical failures, please alert me as soon as possible so that your student will not be marked absent that day. Also, please contact attendance to excuse any absence that is due to illness or an appointment.

Class Web Page~ Please refer to the class webpage by going through the Don Lugo website. You can get to our page by selecting CLASSROOMS and then finding my name, Cuadras, Cori in the list of teachers. I will update it as necessary so that everyone can locate needed information about speech, OT and APE services, as well as any other information easily.

Communication~ Please email me at cori_cuadras@chino.k12.ca.us from an email that you use. Also, my district issued phone number is- (909) 313-9057. I will answer emails and text messages during my virtual office hours. If you encounter any log-in or access problems with Class Link or Google Classroom/Meets, please let me know.

Daily Schedule~ This schedule is subject to change at any time based on the circumstances! Instruction for each period will take place through Google Meets. These time slots will consist of Whole Class Work. Please refer to Google Classroom Periods for directions for our Google Meets links, assignments and activities.

Google Classroom Use~ This is the platform that we will be using for students to practice skills. It is extremely important that the students have help from family members to navigate this platform. They will need support, as this is something that will be unfamiliar to them and will require computer literacy

skills. ALL Google Meets codes can be found for each period, each day, in our Google Classroom. I will not be sending Google Meets invitations by email. Also, in order to know how students are doing with certain activities at home, I will need family members to assist me by providing short assessment of the students' attempts to complete any "On Your Own" assignments that will be provided daily. I will provide all needed rubrics and instructions for both Whole Class Work and "On Your Own" assignments. Login to Google Classroom can be done by going through Class Link. However, assignments and announcements will be sent to each student email and can be accessed by clicking the link within emails.

Grades~ Letter grades are based on a point system. The students earn a 1=Poor, 2=Below Average, 3=Average, 4=Above Average, 5= Excellent in the categories of Task Initiation/Level of Engagement, Following Directions/Work Quality, Time Management/Problem Solving, Social Skills/Behavior, and Independence Level/Mastery of Task when they complete activities and tasks. So, the students have the opportunity to earn 25-21 pts.=A, 20-16 pts.=B, 15-11 pts.=C, 10-6 pts.=D, 5-1 pts.=F.

Student Email Accounts~ Each student has an email account issued by the district. It can be accessed by going through Class Link. All Google Classroom announcements and assignments post there and in Google Classroom.

Technology Access~ I will assist with access the best that I can. However, there may be some things that I do not know how to do and you will need to contact district technology for their assistance. The information to reach them is on the Class Web Page.
