

workers' compensation Notice of Personal Chiropractor or Personal Acupuncturist

If your employer **does not** participate in a Medical Provider Network (MPN) you may be able to change your treating physician to your personal chiropractor or acupuncturist. Generally your employer, or Keenan, has the right to select your treating physician within the first 30 days after your employer knows of your injury or illness. After your employer, or Keenan, initiates treatment you may, upon request, have your treatment transferred to your personal chiropractor or acupuncturist. To be eligible you must notify your employer **in writing prior to being injured.**

NOTE: If your date of injury is January 1, 2004 or later, a chiropractor cannot be your treating physician after you have received 24 chiropractic visits unless your employer has authorized additional visits in writing. The term "chiropractic visit" means any chiropractic office visit, regardless of whether the services performed involve chiropractic manipulation or are limited to evaluation and management. Once you have received 24 chiropractic visits, if you still require medical treatment, you will have to select a new physician who is not a chiropractor. This prohibition shall not apply to visits for postsurgical physical medicine visits prescribed by the surgeon, or physician designated by the surgeon, under the postsurgical component of the Division of Workers' Compensation's Medical Treatment Utilization Schedule.
