Seniors

Congratulations Class of 2018

You will be graduating soon although you will always be part of the BC family your Google Account will not be. Sometime over the summer your account will no longer be accessible.

You should create your own personal Google Account and transfer any files you might need to that account. Every year someone contacts me trying to access files they need because they failed to do this.

If you need assistance stop by the Library & see Mr. Pinette.

Peer "education" has always existed. Teenagers seek information from their peers more often than from parents, teachers, and other adults. More often than not, it isn't accurate and contains myths or rumored information. Bristol Youth Services Peer Education program provides a safe and professional environment to learn accurate info, connect to others and become a leader in your school.

May from 5:00-7:00pm**
