

District Wide Comments

SUMMARY OF DISTRICT-WIDE COMMENTS

DISTRICT WIDE COMMENTS FROM SURVEY MONKEY

Admin building	Updated administrative building
General	Equity of facilities across district.
	Be considerate of WUSD history and long-time residents who live near schools.
	I think some preservation needs to be done for posterity
Modernization/Remodel/Conversion/Preservation	Convert the Clarendon site to a 6-8 middle school
	Preserving the historical facilities and their playing fields.
	Repair aging and unusable classrooms and space
	Classroom upgrades
	Close current location of District Office
	North-side schools are in disrepair; continue efforts to remedy.
	Build WMO a new campus or renovate the old site. The current Clarendon site is horrible.
	Fallbrook campus for Westmore Oaks must be a priority. Nothing else is in any greater of a need.
	Better D/O Facility, The district office is extremely confusing going around. Simplifying the layout...not sure how...would be nice; A proper District Office with a proper receptionist
	Fallbrook Campus to move Westmore Oaks School
	Modernizing dated schools
	Updating aging infrastructure.
	Neighborhood schools that can handle the the students from that district.
	Close and repurpose -- moving the program to Clarendon
	Bringing north end schools up to safety code. Missing ceiling tiles are unsightly and unsafe
	More classrooms
	Stop wasting money on K-8's
Upgrading older schools to current standards	
Focus on Title 1 schools instead of shiny new things	
Large boardroom	
Westmore Oaks facilities and staff quality	
Traffic/Parking	At a minimum stop signs with flashing crossing lights at all busy intersections for all school across the district for children walking to and from school.
	Improve traffic a low during busy times
New Construction	New school in the Bridgeway Lakes area
	Reducing overcrowding at school
	Creating grade appropriate facilities
	Additional class space
	Make the K-8 schools bigger
	Building a Second High School (*CRITICAL*)
	More classrooms at each site.
	Designated middle school campus
	add 1 or 2 new elementary campuses in the south
	Providing more space for classrooms that are upgraded and not portables
Permanent classrooms	

SUMMARY OF DISTRICT-WIDE COMMENTS

Middle School	<p>Build a middle school.</p> <p>Seriously consider 1 or 2 middle schools.</p> <p>Go back to traditional elementary schools and middle schools</p>
Site Accessibility	<p>Anything to do with safety/disabilities</p>
Security	<p>security system,</p> <p>Safety and security at all campuses. If our kids aren't safe, then education is secondary</p> <p>Safe schools. making sure all schools have been throughly evaluated for safety.</p> <p>Gates and fencing upgrades</p> <p>Campus security</p> <p>Anything that makes it safer for students, staff, and families to be on campus</p> <p>At the district office, there needs to be either fencing at the district office, so staff members can freely roam between buildings without locking themselves out. All facilities should be gated.</p> <p>Safety - Proper gates around the Schools</p> <p>Improving campus safety</p> <p>Ensure all facilities are safe (gates, access)</p> <p>Security cameras at all schools</p> <p>Crossing guard</p> <p>Fencing, gates, doors that lock from the inside, safety windows that have metal mesh embedded</p> <p>Safety enhancements across all school campuses! Consistent and clear process for everyone.</p> <p>Safety for all schools - video surveillance and communication equipment</p> <p>Safety/gates and access to campus</p> <p>Security at all sites, including the DO</p>
Cafeteria/Kitchen	<p>Greening district food systems- organic gardens at each facility, central kitchen, reusable dining ware, more plant based foods, no more plastic wrapped food and styrofoam! Dishwashers at every school or centralized dishwashing/sterilizes</p> <p>Cafeteria food, more nutrient rich</p> <p>cafeterias that are not built to support the large population of students</p>
Gymnasium/Activity spaces	<p>Lockers for middle schoolers. High schoolers if they don't have them either.</p> <p>Equity for gyms and fields</p> <p>Locker rooms</p> <p>lockers for middle school students</p> <p>Middle school gym,</p> <p>Gym another structure for Physical Education classes</p> <p>Sports fields</p>
Outdoor learning /landscaping/Shade	<p>outdoor learning</p> <p>Cleanliness of playground areas.</p> <p>Shade structures</p> <p>Outdoor facilities</p> <p>Playground</p> <p>Renew older school playgrounds</p> <p>SHADE STRUCTURES</p> <p>Better playgrounds on all campuses</p> <p>safe, shaded play spaces with access to water</p> <p>shade structures on every playground or above each play structure</p> <p>Shade covers for the play structures</p> <p>Play facilities with shade structures</p> <p>irrigation and new sod</p>

SUMMARY OF DISTRICT-WIDE COMMENTS

VAPA	Performing arts Center
	performing arts center
	Performing art venue
	Our thriving VAPA programs need a THEATER to perform in!!!!!!!!!!
	Music and art subjects
	Art spaces
	PERFORMING ARTS CENTER
	Better music at rc during the min bell
	Theatre for River City HS
	Performing Arts Center at the High School
	Performing Arts Center
	Auditorium/performing arts center
	Performing Arts Center
	Performing arts
	performing art center/theater
	Performing Arts Center at RCHS
	Performing Arts Center!!!!!! We need this and I could help generate a lot of money!!
	Build a performing arts area or provide funds to make available facilities more appropriate for music and theatre events.
	Performing Arts Complex
	Performing arts center at RCHS to be available to all schools in the district.
Facility for performing arts	
Performing arts center	
Performing Arts Center	
Sustainability	Energy efficiency projects
	energy efficiency improvements at all campuses
	Solar installations

SUMMARY OF DISTRICT-WIDE COMMENTS

Programs	after school programs such as sports
	DO - Professional Development Spaces
	Have some type of online video for all classrooms so children with chronic diseases can learn from home and not miss out.
	Leveraging resources across schools
	Meditation classes at the high school
	More career training facilities at the high school
FFE	Spend your money on teachers and getting the numbers up, not facilities
	Tablets and other technology tools
	Update technology
	Replace/repair failing and underperforming systems/equipment
	Computer and technology labs where basic coding or 3D design can be taught
	Sit-stand desks
	New carpeting
	General maintenance and repair. (Paint/Carpet, landscaping)
	Paint and overall beautification.
Mounted projectors. making sure technology is usable	
Door Hardware	Keycard Access
	Columbine locks
Building Exteriors	Roof and gutter repair
Maintenance	Mold, Basic repairs (fix broken windows, etc), Repairs / refresh
	Cleaning and painting inside and out.
Library	Library and books
Mechanical	Cooling - HVAC, Air conditioning
