

Atlas Curriculum Digital Platform

Dr. Diane Young

Atlas Implementation

Old Documents compliant but difficult to use

Began researching online platforms in the Fall of 2020

Met with Cherry Hill's curriculum team to learn about Atlas and get feedback

Shared platform with administrators and decided to move forward with the program Spring of 2021

- Simultaneously, NJDOE announced updates to all curriculum except for Math and Literacy.
- Implementation was delayed due to COVID, thus all curriculum had to be updated and implemented by September 2022.
- Also, we were scheduled for QSAC and curriculum required updates to be compliant.

Curriculum Updates

Benefits of Atlas

Clear and Concise Units of Study for all Subjects and Grade Levels

Can Easily Monitor Teachers' Pacing and Implementation of Curriculum

Allows for Teachers to Collaborate and Share Resources

Monitor Standards following Assessments

Future Updates by the NJDOE will be Easily Completed

Plan for 2022-2023

Staff will work in grade level and content teams to share resources and develop consistent assessments

Principals will monitor lesson plans to ensure in line with curriculum maps

Following assessments, analyze standards to ensure they are taught at the appropriate frequency and duration

Board Approve Yearly
