

Centinela Valley Union High School District

Centinela Valley Union High School District provides students with previously unimagined college and career opportunities by turning high school education into a personally relevant, engaging experience for all students through Linked Learning, a partnership with the California Department of Education, a variety of institutions of higher learning, and industry. This approach to education is designed to create an engaged, disciplined, and productive future workforce for California, ready to succeed in college, career, and life.

The program's four guiding principles:

1. Rigorous academics that prepare students for success in California's community colleges and universities.
2. Career-based learning in the classroom that delivers concrete knowledge and skills through a cluster of three or more courses, emphasizing the practical application of academic learning and preparing students for high-skill, high-wage employment.
3. Work-based learning in real-world workplaces via job shadowing, apprenticeships, internships, and professional skill-building opportunities.
4. Personalized support services that include counseling and supplemental instruction in critical needs areas.

CVUHSD schools are comprehensive high schools, offering the International Baccalaureate (IB) Diploma Program, a variety of Advanced Placement (AP) courses, and California Partnership Academies (CPA), in addition to a variety of programs in the visual and performing arts, Career Technical Education, and athletics.

Find a list below with some of the universities our students were accepted into last year. Then check out the rest of the brochure for the practically endless possibilities that await CVUHSD's future students.

Cal Poly Pomona
 Cal Poly San Luis Obispo
 Brown University
 Harvard University
 Loyola Marymount University
 Northwestern University
 Notre Dame University
 Penn State University
 Pepperdine University
 Stanford University
 Syracuse University

University of Arizona

Hawthorne High School of Engineering

Lawndale High School Student Services & Administration

Leuzinger High School Arts & Science Center

College and Career Readiness Academies

College and Career Readiness Academies

College and Career Readiness Academies

Academy of Media Arts

AMA provides students a strong foundation of knowledge in film making, performance and digital managerial arts, technical theatre, and commercial music.

Biomedical Careers Academy

BCA equips students with the knowledge and skills necessary to pursue a health care or science career or further education in the biomedical sciences.

Marine Science Academy

MSA prepares students for the rigors of a four-year university and/or physical geography program, with a special emphasis on marine related issues, technology and career opportunities.

American Sign Language Academy

ASLA will prepare students to work with the Deaf community and pursue an exciting career. Availability of sign language is limited, as a result, interpreters, Deaf advocates, and teachers of Deaf students are in high demand. Students graduate the academy with: video portfolio showcasing signing/interpreting skills, resume, mentors and internship experience.

International Baccalaureate Program

Hawthorne High School was accepted as an International Baccalaureate World School in April 2013. We are the only IB World School in the South Bay that offers the Diploma Program. The DP is a two-year curriculum available to highly motivated 11th and 12th grade students who seek academic rigor in order to fully prepare themselves for university studies.

School of Manufacturing & Engineering

HHSME provides a strong foundation in mathematics and science & brings students to mastery in the areas of 3-D computer design, CNC machining, & robotics.

School of Visual & Performing Arts

VAPA nurtures the artistic talents of students with a rigorous artistic and career technical education through the Music, Visual Arts, Drama/Technical Theater, or Dance pathways.

School of Criminal Justice

The School of Criminal Justice will prepare students for a university or entry level correctional officers, morticians, & criminal justice field including: Law enforcement, Judicial system, Counseling & Scene investigation.

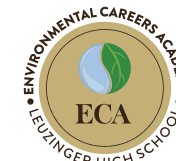

Advanced Academics Academy

AAA is a high quality program offering high achieving students the AP classes to qualify them to earn the prestigious AP International Diploma, preparing them to be highly qualified for the university of their choice.

Culinary Careers Academy

CCA engages students with an interest in culinary and fitness in real world classroom applications. Students in this academy will have access to a brand new state-of-the-art kitchen facility, learning and applying the concepts of health and hospitality.

Environmental Careers Academy

ECA prepares students for "green" careers and to function as agents of positive change through discourse, personal example, and community involvement.

Multimedia Careers Academy

MCA is a community of critical thinkers, problem-solvers, and technological artists who will choose between Digital Art, Digital Photography and Digital Film as their career pathway.
