At Delphic School Students and Staff are Safe, Respectful, and Responsible

Upcoming Field Trips!

October 5th, 2018

Superintendent/Principal Message

Dear Parents and Families,

Our parent meeting has been rescheduled from October 8th to October 15th. I apologize for any inconvenience. We hope you can still join us to hear about ongoings at the school, share your ideas, and have some yummy breakfast goodies.

Please take a look at our upcoming events. There are many exciting and educational activities planned. We also have many upcoming field trips. Please let us know if you are available to help transport students and have been through the background clearance, thank you!

Delphic Elementary has scheduled a lighting project with All Trade to replace current lights with new LED bulbs throughout the main part of the building on October 31st-November 2nd. School will still be in session, but there will be no SAFE program on November 2nd. This project is funded through Proposition 39 and must be completed by the end of this year. During these days, you may see workers at the school. Please call me if you have any questions.

For the kids!

Jami Thomas

CLASSROOM UPDATES

K-2 GRADE

- The kindergartners are learning the letter "Ee" and the number "5". They have also been learning sign language and learning Halloween songs. In the afternoon, they have been learning about Community Helpers. The first and second grades are working on ten facts, doubles, helper facts and tally marks. Reading and spelling are progressing well. In the afternoons, they are learning about Community Helpers, primary and secondary sources, and being respectful, but assertive. They are also learning how to be empathetic.

3-5 GRADE

- This week the 3rd-5th graders have been thinking about a science question: "Why do you have to clean a fish tank, but not a pond?" They have completed an activity to help them think about this question a little more in depth. We have been using Studies Weekly in our class and have introduced Google Slides to go along with our social studies. It's been a fun process and the students are getting to where they can complete the slides on their own! We will keep these slides for the whole year!

6-8 GRADE

- This week the upper grade class is continuing our physical science unit on forces. We are starting a literature focus that includes several genres of reading. A field trip is being planned to Captain Jack's Stronghold and the Lava Beds.

SAFE Notes

(Safe Afterschool For Everyone)

THERE WILL BE NO SAFE ON NOVEMBER 2nd, please plan accordingly. Thank you!
