## NC High School to Community College Articulation Agreement

The NC Dept. of Public Instruction and the NC Community College System have a statewide articulation agreement in which students may be eligible to receive **college credit** after completion of identified **Career and Technical Education (CTE)** courses in high school. This creates a systematic and seamless process in which students can move from high school to community college **without** having to duplicate efforts or repeat courses.

# Criteria to Award Articulation Credit

- **Grade of B or higher in the course, and**
- **A score of 93 or higher on the standardized CTE Post assessment**

**In other words, if you meet the criteria listed above in selected high school classes, they can count toward your community college degree.**
