# Online Dual Enrollment Registration Forms

## Southwest Virginia Education and Training Network (SVETN) 2014-2015 Elite Learning Courses

All of the following courses are Dual Enrollment. Students will receive college credits from the community college affiliated with their high school (Wytheville Community College). Please consult colleges to inquire about transferability of courses. This form is to document that the student has an interest in the courses listed below. It does not guarantee enrollment in the course. Enrollment approval is based on pre-requisites (placement tests 3.5 GPA, etc.) and counselor/principal approval. There is no guarantee a student will be able to get a seat for these courses as they are very limited. Each three credit college course is equal to 1/2 a high school credit course. Students and parents should be aware that enrolling in DE college courses now could decrease the amount of financial aid available to students in the future. For more information please visit SVETN's website at [www.svetn.org](http://www.svetn.org).
