I. CALL TO ORDER – 6:30 P.M.

Mr. Grippo called the meeting to order and led the group in the Pledge of Allegiance to the Flag.

II. Public Comment.

None.

III. Review of Policies

Superintendent Solan stated that all of these policy revisions are legislatively driven.

1101.1 Community Relations – Parent Involvement

This policy was last updated in 1997. State statute requires boards of education to adopt and implement policies and procedures to encourage parent-teacher communication. The policy allows for the two required parent-teacher conference to be fulfilled by the use of telephone, video or other conferencing platforms. An additional parent-teacher conference, in addition to the two required conferences, shall be conducted during periods when the district provides remote learning for more than three consecutive weeks, and one additional parent-teacher conference every six months. The policy also addresses emergency contacts if a parent cannot be reached to schedule a conference.

6146 Instruction – Graduation Requirements

By law, boards must create a student success plan for each student beginning in grade 6. The plan must include career and academic choices in grades 6 to 12. Beginning July 1, 2021, legislation requires student success plans to be created in collaboration with each student and his or her parent or guardian, if possible. The following language is being added to our existing policy: *“In creating such student success plans, consideration shall be given to career and academic choices in computer science, science, technology, engineering, and mathematics. The student success plans shall be created, if possible, in collaboration with each student and the student’s parent/guardian. On or after July 1, 2022, the student success plans shall, to the extent it does not conflict with the career choices of the student or his/her parent/guardian, include an academic plan that is in compliance with the Board’s challenging curriculum policy.”*

6146.1 Instruction – Grading Systems

Changes in legislation require that Boards update as necessary the written weighted grading policy for honors and advanced placement classes that they must have under existing law. This policy must address the manner in which students' grade point averages are calculated. The following language is being added to the policy: *“The Board of Education is in favor of weighted grading.*

Parents/guardians shall be advised as to whether a grade in an honors class, advanced placement class, dual enrollment, dual credit or early college is or is not given added weight for purposes of calculating grade point average and determining class rank. The grading system developed by the administration, subject to Board approval, shall reflect this.

Parents/Guardians and students shall be notified annually of the Board's position via the parent/student handbook and/or the high school's website.”

6159 Instruction – Individualized Education Program/Special Education Program

Existing law prohibits boards of education from disciplining, suspending, terminating, or otherwise punishing any PPT member employed by the board who discusses or makes recommendations about providing special education and related services for a child during a PPT meeting. The Act extends this protection to Birth-to-Three Service Coordinators or qualified personnel concerning PPT meetings or transition plans. The following language will be added: *“No birth-to-three coordinator or qualified personnel, as defined by C.G.S. 17a-248, who discusses or makes recommendations concerning the provision of special education and/or related services during a PPT meeting or in a transition plan shall be subject to discipline, suspension, termination or other punishment on the basis of such recommendations.” And “ ... and have the right to have such recommendation made in such child's birth-to-three individualized transition plan, if any, addressed by the PPT at which an educational program for such child is developed.”*

Under transition services, the age of the student is changed from sixteen to fourteen.

Lastly, the revised policy adds the following language: *“Prior to the enrollment of a District student in a technical education and career school, the District will convene a PPT in order to address such student's transition to the technical education and career school and ensure that such student's IEP reflects the current supports and services the student requires in order to access a Free and Appropriate Public Education (FAPE) in the least restrictive environment. A representative from the technical education and career school shall be invited to the PPT meeting.”*

6148 Instruction – FAFSA Completion Program

This new policy is required by law. Legislation requires boards of education to adopt a policy to improve the completion rates for the Free Application for Federal Student Aid (FAFSA) among grade 12 students or students in adult education programs.

Superintendent Solan noted that this is not an issue that Cheshire has experienced, our district has been recognized for our high completion rate.

MOTION by Mr. Grippo and seconded by Ms. Rosenberg.

MOVED to bring Policies 1101.1 Parent Involvement; 6146 Graduation Requirements; 6146.1 Grading Systems; 6159 Individualized Education Program/Special Education Program; and 6148 FAFSA Completion Program to the full Board for a first reading.

VOTE: The Motion passed unanimously 3-0.
