

# SCOPE UNIVERSAL PRE-K PROGRAM AT SACHEM CENTRAL SCHOOL DISTRICT

Building a Strong Foundation  
For Kindergarten

# What is SCOPE Education Services?

- SCOPE is a not-for-profit organization
- Services include Pre-school Programs, UPK Programs, Before and After School Care, Enrichment Programs and Professional Development for teachers throughout Long Island
- Qualified Teacher and Teacher Assistant/Aide in each class. Maximum number of students is 18
- SCOPE has been the provider of the Sachem UPK Program since its inception in 2008

# WHAT IS UPK?

- UPK stands for **Universal Pre-Kindergarten**. It is a New York State grant that is given to a district for the purpose of providing Pre-K only. It cannot be allocated to any other program
- The grant is limited and can only be used on a **pre-determined** amount of students. State guidelines do not allow for the grant to be used in any other manner
- Participants are chosen through a lottery system, to be held in April. Every family who applies will have a number assigned that will be placed in the lottery. **All numbers** will be selected. When the spots for the UPK have been drawn, the remaining numbers will be placed on a wait list. These families will have the opportunity to enroll in the **tuition based program**. The availability of the program is contingent on space in the district
- The wait list remains active throughout the year. As students move throughout the program, you may still be called to take part in the UPK
- For eligibility students must turn 4 by December 1<sup>st</sup>.

# WHAT SCOPE UPK/PRE-K HAS TO OFFER

- A curriculum based on the NYS Learning Standards for pre-school age children.
- A balance of academic and social learning
- Music, movement, purposeful play and hands on activities integrated throughout the day
- Instruction delivered in individual, small and large groups.
- Teacher and child guided instruction
- Differentiated learning styles for all children

# HEALTH PROTOCOLS

SCOPE will follow all District Guidelines relating to health and safety matters.
