## **Schoolwide Model**

Type of Title I program where all students that are enrolled in a school are considered to be Title I, including preschool students.

# **Targeted Assistance Model**

**For schools that have a Targeted Assistance model, students are coded with the T1A in the Program Fact Template.**

**Keep in mind in a Targeted Assistance model, only students that are receiving Title I services should be coded.**

## How to check Targeted data in STARS

# Title I, Part A Funded Preschool

Title I Preschool funded by the Title I Preschool set-aside

- Use **T1APK** code to identify preschool students that are in a program funded by the District Level Title I Pre K set-aside.
- NM Pre K Programs can also receive this extra funding.

## **Title I, Part A Funded Preschool**

If NMPREK is at a Title I schoolwide location but no Title I funding, they should use code **T1A** for those students in addition to the NMPREK code.

If supplementing NMPREK with the Title I Preschool set-aside money, they should use code **T1APK** in addition to the NMPREK code.

If stand-alone Title I funded by the Title I Preschool set-aside they should use **T1APK** code.
