

Dear Families,

We miss you and are sad that we can not see your child everyday. Please stay positive and continue to work with your child on their academic skills. After this last packet of worksheets, we will no longer be sending home worksheets or packets. Instead, we will have you work with your child at home with things you have around your house.

Attached are the learning activities your child will do at home from April 27th through May 24th. You can do all five activities for each day or choose at least three activities per day. We will continue to call and check in with you to see which activities your child is doing and help you with any concerns you may be seeing while helping your child.

As always, we are here to help you, so do not hesitate to call or email if you have any questions or concerns.

Love,

The Preschool Team
