If your Selection Index places you among the 50,000 high scorers who qualify for National Merit Scholarship Program recognition, you will be notified next September when qualifying Selection Index scores are made available.

Entry Requirements

Information you provided on your answer sheet:

High school student: **YES**

Year to complete high school and enroll full-time in college: **2021**

National Merit Scholarship Corporation

National Merit Scholarship Corporation (NMSC) conducts the National Merit® Scholarship Program, an academic competition for recognition and college scholarships.

To designate students who qualify for recognition in its 2021 competition, NMSC will consider the 2019 PSAT/NMSQT® Selection Index scores of some 1.6 million test takers (usually high school juniors) who meet program entry requirements. For more information, please visit: www.nationalmerit.org

If any of your responses to NMSC's "Entry Requirements" questions are inaccurate or there has been a change in plans that may affect program entry, write immediately to:

Frequently Asked Questions

- **Should I take the SAT, ACT, or both?**
 - Colleges will accept either the SAT or ACT.
 - We recommend students take one SAT and ACT and then focus on the test on which they performed better and retest as needed.
- **Should I take a test with an essay?**
 - Some of the more selective colleges require the SAT/ACT with essay.
 - Some students like to have that score just in case a school requires it.
- **How many times should I test?**
 - Simply retesting will not necessarily improve scores.
 - We recommend that students complete some type of targeted test preparation/intervention in order to see score improvement.
 - Scores typically plateau after a student has tested three times.

Frequently Asked Questions

- **What will colleges see?**

- Most colleges utilize *Score Choice* and will only see the scores you choose to send them. A few competitive colleges require a student to send all scores.

- **What is superscoring?**

- Combining section scores from different test dates to create a new ***superscore***
- Most colleges will superscore the SAT; some will superscore the ACT.

- **How can I compare an SAT score with an ACT score?**

- Concordance tables are available on the College Board website

Frequently Asked Questions

- **What is a “good” score?**
 - Colleges have different admissions requirements for standardized testing.
- **To determine the scores a college expects, use the following resources:**
 - **College Website/Admissions Office** - View the college’s website or *students* can contact the Admissions Office to get information about recently accepted students in terms of the average SAT/ACT scores.

 - 9th, 10th, and 11th grade courses and final grades
 - 9th, 10th, and 11th GPA **AND** Cumulative GPA (weighted)
 - Senior Year Courses
- Colleges don't just look at the GPA; they also consider the rigor of a student's curriculum.
 - Students should challenge themselves appropriately and consider courses related to an anticipated field of study.
 - Senior year courses are also taken into consideration.

Transcript & Grades

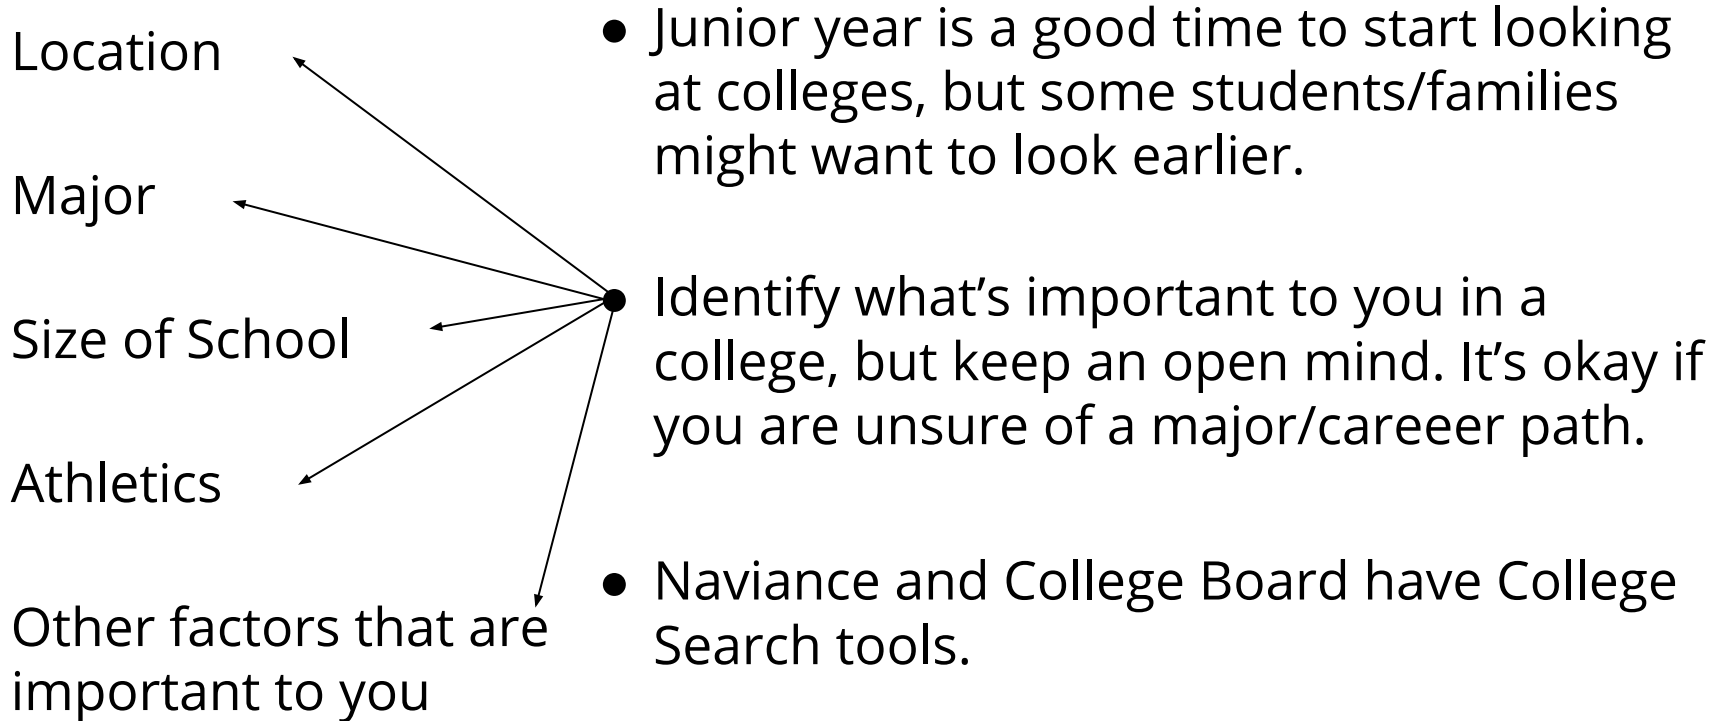

- Senior year matters!
 - Some colleges will want to see first quarter and/or first semester grades.

- In order to be eligible for DI and DII athletics AND to go on official visits, you must register with the NCAA Eligibility Center - www.eligibilitycenter.org.
 - Because Division I and II colleges can give athletic scholarships, the eligibility center is their way to ensure that a student is academically qualified.
- Students can have a maximum of 5 **official** visits (paid for by college).
- By the end of Grade 11
 - Register with the NCAA Eligibility Center. Once you've registered, Mrs. Hopcroft will be notified to send your transcript.
 - Submit SAT/ACT scores to the NCAA using code 9999.

Other Tips for the College Search Process

- **Create an appropriate personal e-mail address** that can be used to receive and organize information from colleges. Create folders within your email account to file emails and stay organized.
- **Be mindful of social media posts.** Some colleges review applicants' social media accounts as part of the admissions process.
- **Students should take the lead on their college search process, and parents should support students' taking responsibility and accountability.** *Students* should reach out to college representatives, ask questions during their tours, and complete their own applications. Counselors are here to support students through this process.
