

Dear Parents and Guardians,

It is that time of the year where we will be covering Human Growth and development with our sixth graders. Please look for paperwork that will be going home regarding the dates and times the curriculum will be covered, in addition to the date and time for you as parents to come in and preview the curriculum. If you have any questions or concerns, please let us know.

Mrs. R-Davis & Mrs. Velez.

Student Contracts

With the excitement of the upcoming holidays during this quarter, we want the students to stay focused and on track. So the entire 6th grade class will be implementing behavior contracts, which began on Monday, October 25. The reward for adhering to the contract will be an extra recess and popsicle party, being held on November 18. Please ask your child if they are following the contract, as we are looking for 100% participation in the popsicle party. Please contact Mrs. Velez if you have any questions.
