A MESSAGE ABOUT HOMEWORK

Homework is ramping up a bit for second quarter. We are working on building stamina and improving study habits, while reviewing and practicing the curriculum taught during the day. Please also check to ensure your child does their homework every day so they see the importance of it.

Here are some tips to help you to help your 6th grader:

- *Set up a homework-friendly area with necessary supplies (pencils, paper, rulers, etc.).*
- *Keep distractions to a minimum.*
- *Support your child but allow them to do their own work – a bit of discomfort is okay, this is when learning happens.*
- *Praise their efforts – hard work, perseverance, and attention to detail are attributes that will carry over into all aspects of their lives.*
