Pizza Product Bid
#RIANS-2021-2022-005

ADDENDUM #2

Question from Proposer

Question:

Can we still qualify to bid if our individual pizza serving bags are not lined with foil?
Can our 6 inch pizzas qualify if there are only available in white dough with NSLP toppings?
Is there a rough estimate of how many servings each site will be needing?
Will you be awarding more than one vendor?

Answer:

Can we still qualify to bid if our individual pizza serving bags are not lined with foil? **If they are the individual bags that do not stick, yes you can still qualify to bid. However, if they are the foil-lined bags that are used to deliver pizza, then those need to be thermal bags that hold temperature.**
Can our 6 inch pizzas qualify if there are only available in white dough with NSLP toppings? **According to nutrition standards must be a grain product that contains 50 percent or more whole grains by weight (have a whole grain as the first ingredient).**
Is there a rough estimate of how many servings each site will be needing? **Not at this time**
Will you be awarding more than one vendor? **Please see page 16, #1 under General Conditions on Bid Document.**
