Wireless Access Point Refresh**

**470 # 210012406**

**Pittsburg Unified School District  
3200 Loveridge Road  
Pittsburg, CA 94565**

**Wireless Access Point Refresh**

**Questions and Answers - Addendum #6**

**Question #1**

For clarification, must the Agreement on pages 41-42 be signed prior to award of the bid?

**Response #1**

No.

**Question #2**

During the relocation of the AP's and the existing cable is not long enough can we use a patch cord to extend the cable?

**Response #2**

The relocated cable must land within 3 feet of designated location.

**Question #3**

If the district is providing location of the new access points, is a predictive site survey still required?

**Response #3**

No.

**Question #4**

Is a rf post validation survey required?

**Response #4**

A post validation survey should be conducted to verify proper configuration, operation of the equipment and design.

**Question #5**

How many SSIDs are required throughout the district?

**Response #5**

There are 5 SSIDs used throughout the district.

**Question #6**

What is to be done with the removed access points?

**Response #6**

The removed access points will be boxed and placed in a designated location at the school.
