470 # 210012406

Pittsburg Unified School District 3200 Loveridge Road Pittsburg, CA 94565

Wireless Access Point Refresh

Questions and Answers - Addendum #6

Question #1

For clarification, must the Agreement on pages 41-42 be signed prior to award of the bid?

Response #1

No.

Question #2

During the relocation of the AP's and the existing cable is not long enough can we use a patch cord to extend the cable?

Response #2

The relocated cable must land within 3 feet of designated location.

Question #3

If the district is providing location of the new access points, is a predictive site survey still required?

Response #3

No.

Question #4

Is a rf post validation survey required?

Response #4

A post validation survey should be conducted to verify proper configuration, operation of the equipment and design.

Question #5

How many SSIDs are required throughout the district?

Response #5

There are 5 SSIDs used throughout the district.

Question #6

What is to be done with the removed access points?

<u>Response #6</u> The removed access points will be boxed and placed in a designated location at the school.
