

## **QUESTIONS on TSIDIL GAME**

Interpret how values and beliefs associated with the 4 colors and directions help transmit Diné culture from one generation to the next.

In your own words explain how a Diné person can strive for balance and harmony through the teachings of the 4 cardinal directions?

Compile the information you learned on the Tsidil Game and speculate how your ancestors developed the game.

How might the 4 colors and directions be associated with the origin of the first four clans?

Explain the symbolism behind why the 40 pebbles represent stars?

Elaborate why Tó (Water) represents Life (liná)?
