Respect Individuals Self Environment

May, 2022

Principal's Corner

Dear Reed School Families,

Our students in grades 3-8 will begin the Smarter Balanced Assessments this week and throughout the month. To help your child perform their best, we ask that you encourage them to get a good night's sleep and attend school every day. We are confident that with your support, each student will achieve his or her personal best. Thank you for your continued partnership!

Hannah S. Sam
Principal

- June 21,2022- Tentative last Day of school

ATTEND TODAY, ACHIEVE TOMORROW

GOOD SCHOOL ATTENDANCE MEANS...

- Daily attendance is key to student success. Research shows that when students attend school regularly, they are much more likely to read proficiently by third grade, do well in middle school and graduate. Let us know how we can support you to ensure that your child is in school every day.

Reminders

- To ensure the safety of our students and staff, all parents and visitors must park in the parking lot during the school day. Only buses drop off and pick students up in front of the building.
- If your child has to be dismissed early due to an appointment, please send in a note or call the main office in the morning to let the staff know that you will be picking up your child early. Please note that we are unable to dismiss your child from the office after 2:30pm.
- A gentle reminder to have your child be in dress code every day. To ensure that time is spent on teaching and learning, all outerwear including hooded sweatshirts will be kept in student cubbies or lockers during the school day.

- Waterbury Girls Inc: 203 756-4639
- Boys and Girls Club: 203 756-8104
- PAL: 203 346-3921
- Families in Crisis: 203 573-8656
- YMCA of Waterbury: 203 754-9622
- Big Brother/Big Sisters: 203 575-1037

From the Nurse's Office

Please keep your child home if:

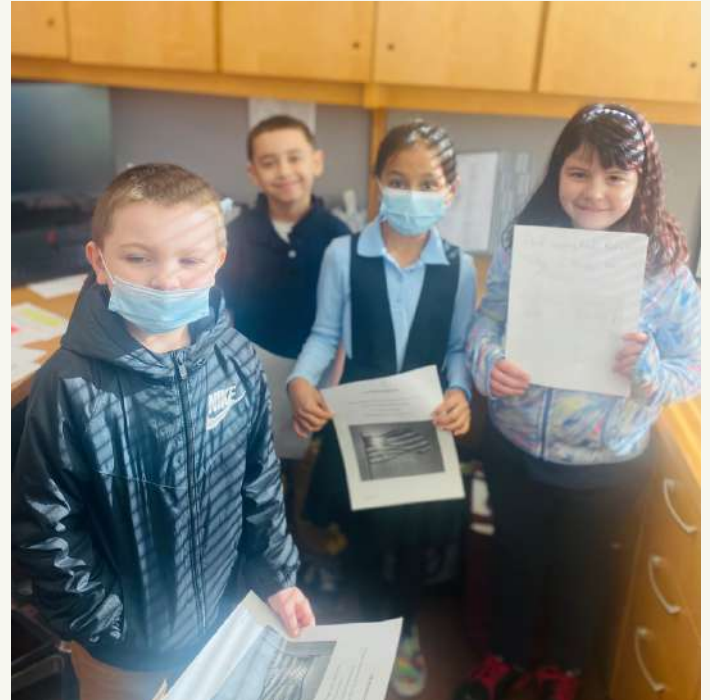

- They have a temperature of 100.4 or higher. They can return if they are fever-free for 24 hours without a fever reducing medication such as Tylenol or Motrin.
- They have vomited within the past 24 hours. They can return if they are free from vomiting for at least 2 solid meals.
- They have had diarrhea within the past 24 hours. They can return if they are free from diarrhea for at least 24 hours.
- They have a body rash with itching or fever. They can return if they have been evaluated by a doctor and are fever-free.
- Eye infection, redness, itching and/or crusty drainage from eye. They can return once they are evaluated, treated, and have a note to return to school.
- If they have been exposed to or are suspected of having Covid-19. They can return after being tested, evaluated by a doctor, and have a doctor's note to return to school.
- Uncontrollable cough, shortness of breath, wheezing, or any symptoms related to an asthma flare-up. They can return if they have been treated and evaluated by a doctor and have an asthma action plan provided to the school, along with any rescue medication that is required.

Thank you! Stay safe and healthy!
