

6th Grade Field Trip
U.S. SPACE CAMP

Dear Parents:

LMS sixth graders have a wonderful opportunity to attend overnight Space Camp next spring. Our reserved time is the week of May 3-8, 2020 (Sunday-Friday). **Parents will drop off their student at the Space Center on May 3rd (ETA will be announced later).** A “what to pack list” and other camp specifics can be found on the Space Camp website. If your child attends Space Camp, it will be an excused absence from school. Please note that students cannot check out of Space Camp and return. If they leave, they cannot return. This is a Space Camp rule.

At Space Camp, students will participate in hands-on science experiments and simulations the entire week and a graduation ceremony on Friday. **PARENTS or GUARDIANS SHOULD PLAN TO ATTEND THE SPACE CAMP GRADUATION THE MORNING OF FRIDAY, MAY 8th AND WILL TAKE HOME THEIR STUDENT FOLLOWING THAT CEREMONY. There will be no bus transportation back to school on May 8th.** U. S. Space Camp provides a “family day pass” for each graduate, so you may want to plan to stay in the park following graduation to tour with your student.

School dress codes and behavior rules apply while at Space Camp. Please note that students who do not comply with LMS and/or Space Camp guidelines may be “debunked” from camp. Note, **if a student leaves camp for any reason, then they must return to school or be counted as absent.**

There will be more information to follow, but you must **complete and return LMS permission slip and notarized overnight form with your FULL PAYMENT no later than December 3, 2019** to register your child for Space Camp (have students bring to their LMS math teacher). After all LMS paperwork and payment is received, you will receive Space Camp online registration information by e-mail. Note: Your child will not be fully registered until all Space Camp forms are correctly submitted through their online registration website.

The cost for the week is \$502.00 and includes meals and lodging. **You may pay the full amount with your registration by:**

- 1) Submitting check to your child’s math teacher. Make check payable to LMS with your child’s name on the check in the note section, driver’s license number and phone number at the top.**
- 2) Submitting payment online with credit card. Click on the LMS Extracurricular Activities Payment Link on the LMS Website. Then forward the receipt to your child’s math teacher to let them know that you have paid for Space Camp.**

Spots are limited, so please do not delay in paying. If all spots fill up, a waiting list will be created on a first come basis.

DUE TO SPACE CAMP POLICY PAYMENTS ARE NON-REFUNDABLE

We hope it will work out for your child to attend Space Camp, because this is a wonderful and enriching educational experience and a lot of fun that they will remember for years to come.
