

Inland Empire Science and Engineering Fair awards ceremony tonight (April 5)

- **31 Chino Valley Unified School District students competed in event**

Thirty-one Chino Valley Unified School District students were among the 470 students from San Bernardino, Inyo, and Mono counties to compete this week in the Inland Empire Science and Engineering Fair in Fontana.

The students and their entries were judged April 4 at the Auto Club Speedway.

Awards will be presented today (April 5) at the National Orange Show, 689 N. E Street, San Bernardino. Doors open at 5:30 p.m., and the awards ceremony begins at 6:00 p.m. The event is open to the public.

Winners in the junior and senior divisions will advance to the California State Science Fair, April 24 and 25 in Los Angeles.

Chino Valley Unified School District students who were eligible to compete in the regional science fair, by school are:

Cattle Elementary -- Lillian Todd

Chaparral Elementary -- Chelcy Bulawin, Alexis Celis, and Madelyn Pong
