Chino Valley Unified School District
Student Science Safety Contract

School: Ruben S. Ayala High School   Teacher: Syiem

Student's name (print): _____

The Science teachers of the Chino Valley Unified School District, in alignment with the National Science Teachers Association, urge that students be required to review and sign a contract that defines acceptable behavior in a school science setting. The teacher will cover the contract with the student to make the student aware of the basic rules and their definitions. The student reviews these basic rules plus a more detailed set of rules within the classroom and then is tested on them. The student will pass the test with a minimum score of 85% and hand corrects the missed items, before he/she begins lab activities. The student then signs the contract agreeing to abide by these rules and any addition safety directions provided by the science instructor or school administration.

THE PURPOSE OF THE CONTRACT IS TO MAKE THE STUDENT AWARE OF HIS/HER RESPONSIBILITY FOR LABORATORY SAFETY.

Students should also realize the implications of improper behavior. For example, courts have ruled that students can be just as guilty of negligence as teachers in laboratory accidents.

Students WILL:
1. **Follow all instructions given by the teachers.**
2. **Protect eyes, face, hands, and body when involved in science experiments.**
3. **Carry out good housekeeping practices.**
4. **Know where to get help fast.**
5. **Know the location of: first aid, eyewash, fire blanket, fire exits, fire pulls, fire extinguisher, safety shower, lab aprons and goggles.**
6. **Act in a responsible manner at all times.**

List below any special allergies or sensitivities (e.g., to plants, animals, pollen, foods, chemicals, bee stings) that may affect the student's safety in the laboratory or on field trips:
_____
Check this box if the student wears contact lenses: ☐

Student's Statement
I have in my possession and have read the "Safety Regulations for Science Students" and agree to abide by them at all times while in the laboratory. I have received specific safety instruction as indicated above.

_____   _____
Signature of student   Date

Parent's or Guardian's Statement
I have read the "Safety Regulations for Science Students" and give my consent for the student who has signed the preceding statement to engage in laboratory activities using a variety of science equipment and materials, including those described. I pledge my cooperation in urging that she or he observe the safety regulations prescribed.

_____   _____
Signature of parent or guardian   Date

Return the completed and signed form to Miss Syiem by_____.
Students will not be permitted to do labs until the form is signed.
