Recruitment of Superintendent

The appointment of a superintendent is a function of the Board. The Board will take steps to find the person it believes can most effectively translate into action the policies of the Board and the aspirations of the community and the professional staff.

The Board may seek the advice and counsel of interested individuals or of an advisory committee, or it may employ a consultant to assist in the selection. It may also, at its discretion, determine that an external search is not necessary due to a qualified internal candidate. Final selection rests with the Board after a thorough consideration of qualified applicants.

A vote of the majority of Board members present at a Board meeting for which due notice has been given of the intended action is required for the appointment of the superintendent.

Search process

When the Board conducts a search for the position, the writing or revising of the job description, requirements for applicants, selection procedures and applicable deadlines must be adopted at a public meeting.

Records submitted to the district by an applicant for a superintendent position must remain confidential until the applicant becomes a finalist for the position. Demographic data, meaning information on an applicant's race and gender that has been legally requested and voluntarily provided on the applicant's application and does not include the applicant's name or other information, of an applicant who was interviewed by the Board but not named as a finalist will be available for public inspection upon request.

A list of the finalist(s) being considered for the position must be made public by the Board at least 14 days prior to appointing a finalist to fill the position. No offer of appointment may be made prior to this public notice.

When an applicant becomes a finalist, all records submitted by the applicant will be available for public inspection except that letters of reference or medical, psychological and sociological data must remain confidential.

Superintendent's Contract

The superintendency is becoming more demanding as the superintendent's responsibilities become more complex. The Board realizes that it is therefore increasingly important to attract able persons to the superintendency by making the rewards of the position commensurate with its challenges. The Board further realizes that it is increasingly important to free the superintendent from the pressures of groups in the community by ensuring security from the threat of sudden and unjustified dismissal.

The Board, upon the selection of a candidate or upon reappointment of the incumbent superintendent, shall endeavor to secure the dignity of position and the freedom of leadership appropriate to the responsibilities of the superintendent through an explicit contractual agreement. Such contract shall meet the requirements of state law and shall protect the rights of both the Board and the superintendent.
