

BEECHER ROAD SCHOOL SUMMER ENRICHMENT PROGRAM 2017

at

Beecher Road School
40 Beecher Road

Woodbridge, Connecticut 06525

SEP Director: Sandra Simowitz (sep@woodbridgeps.org)

Welcome to a summer of friendship, fantasy, wonder, challenge, creativity, learning and fun!

SEP 2017 invites K-6 students, residents, non-residents and recent BRS graduates to join us for one-, or two-week courses beginning Monday, June 26th through Friday, July 28th. (Please note that there will be no classes on Tuesday, July 4th). While core programs remain the same as in past summers, there are many new offerings sure to tempt your child's interest. Each SEP course is built around a central theme and is facilitated by highly skilled staff. Rest assured that your child will spend each day in a safe, friendly and stimulating environment.

SEP 2017, in combination with the Extended Day Summer Program described on the following page, is a great solution to your child's summer programming needs at BRS.

Important Information

Program Hours: SEP 2017 runs Monday through Friday from 9:00 a.m. - 12:00 noon.

Program Location: Beecher Road School, 40 Beecher Road, Woodbridge, CT 06525

Program Fees: Most courses lasting one week are \$130.00. However, all SEP Week 2 courses are \$104.00 as they are only four days in length. Fees are incrementally higher for multiple-week courses. Please note that no refunds will be issued after Friday, June 1st.

Program Warning: Some classes may be closed due to full or low enrollment. Should this happen, you are welcome to register for an alternate course.

Registration and Payment

Registration and payment options are online at www.woodbridge.k12.ct.us/sep:

1. Create an online account for each child you wish to enroll in SEP classes by following prompts. If your child already has an account, please do not create a new one
2. Register your child(ren) for selected courses
3. Pay in full online with a credit or debit card

If you wish to register and pay by check, please follow the directions below:

1. You must first have or create an online account (see above for URL).
2. Fill out a separate paper copy of the registration form from this Brochure for each child
3. Submit the form along with a check for the full amount (payable to *Woodbridge BOE, SEP*, attention Sandra Simowitz) to the BRS North Office.

Program Refunds: Please note that there will be no refunds for SEP classes after Thursday, June 1st. This is not a new policy, however, this year the policy will be enforced.

The **BRS Extended Day Summer Program** staff at BRS is looking forward to another summer relaxing and playing with your child after Summer Enrichment or Woodbridge Recreation Department (WRD) Camp. As always, we are dedicated to ensuring that your child is safe and happy while you are at work. We have lots of fun during the summer, providing structured activities as well as plenty of opportunity for supervised free play.

- ❖ Our program begins Monday, June 26th and ends on Friday, July 28th.
- ❖ Our afternoon hours are from 12:00 - 5:30 p.m.
- ❖ Our early morning hours are from 8:00 a.m. - 9:00 a.m., before SEP and WRD Camp.

For more information:

1. look under the Extended Day page on the school website (www.woodbridge.k12.ct.us)
2. call us at: 203 823-3347
3. or, contact Cathy Salinardi (Extended Day Director at eday@woodbridgeps.org)

SEP 2017, Week 1: June 26th - June 30th

"Fun"damentals of Basketball

Grades 1 - 5

Calling all boys and girls. Learn the "fun"damentals of basketball through drills and games. The skills of dribbling, passing, shooting, rebounding, and playing defense will be modeled and practiced in a variety of games that isolate these basics.

Instructor - Visna Ngov

\$130.00

Archery & Floor Hockey

Grades 1 - 7

Learn and improve your skills in Archery and Floor Hockey each day under careful supervision. While you may not hit an apple off of someone's head, or win the "Hunger Games," you will learn how to pop balloons. And, through instructor modeling, practice, drills, competitions and activities, you will challenge yourself to score a goal Patrice Bergeron style or stop one like defender Zdeno Chara!

Instructor - Brian Hocking

\$130.00

Beecher Food Network I

Grades 1 - 7

Experience the Iron Chef and Cup Cake Wars this summer. Children will be challenged to use their imagination while creating culinary masterpieces with special secret ingredients! Teams will make their presentations to an expert panel of Judges.

Instructor - Wendy Glynn

\$130.00

Colling All Firefighters I

Grades 1 - 3

Children are invited to experience life as a firefighter this week. Learn all there is to know about fire safety and keeping you and your family safe in an emergency. Get up close and personal with visits from the Woodbridge Fire Department, including a long time fireman, the fire marshal, and a real fire truck. The week is chock full of activities and crafts related to fire safety and life as a firefighter.

Instructor - Lauren Kenefick

\$130.00

Children's Theater presents *The Little Red Hen*

Grades 1 - 6

Join "new and old" friends in our first production of the summer. Children will learn the story of the little hen as she tends a garden without any help from friends. An important lesson is learned when it comes time to enjoy the harvest. Learn songs, create the set and costumes, and perform the play for family and friends at the end of this two-week program.

Instructors - Laura Sexton, Debbie Laydon

\$234.00 (Weeks 1 & 2)

Concert Band I

Grades 4 - 7

If you have ever wanted to learn to play a musical instrument, this is the class for you! From the first day, you will be introduced to six different musical instruments and will learn the basics of playing them. Once you've selected which instrument you want to play, you will learn to play specific pieces, building your skills to perform as a member of an ensemble. On the last day, you will have the opportunity to show off your new skills in a performance for all.

Instructor - Julie McDonald

\$130.00

Fun With Paper

Grades 1 - 4

Who knew that paper play could be such fun! Let your imagination soar as you use paper products to make underwater scenes, origami shapes, paper mache creations, animals, or jewelry for friends and relatives. There's enough paper this week for you to bring all your creative ideas to life!

Instructor - Nicole Silva

\$130.00

Heroes & Villains I

Grades 3 - 7

Explore strategic gaming through the universe of comic book heroes and villains. In HeroClix, use your super strength, hyper sonic speed, mind control, super-senses, and more to outwit your opponent. Batman vs. The Joker, Superman vs. Darkside or The Avengers vs. X-Men - Anything is possible!

Instructor - Bill Letsch

\$130.00

Learn To Draw

Grades 3 - 7

Learn the basics of drawing and rendering with subjects coming from still life and nature. Students will enhance their ability to observe rather than merely see as well as gain an understanding of composition and aesthetic value.

Instructor - Mike Cooper

\$130.00

Lego Robotics I

Grades 4 - 8

Learn to build and program your own robot designs such as cars, elevators and aerial trams using the Lego "mindstorm system." Whether you're just beginning or want to advance your skills, this class will offer a full range of learning activities. It is very different from a regular Legos course and involves a specific set of Lego equipment and skills.

Instructor - Joe Holowienko

\$130.00

So, You're Coming to Kindergarten I

Students Entering Kindergarten

Begin the transition into Kindergarten in a safe, challenging and fun way! Meet future classmates and staff, and become acquainted with Beecher Road School. Work independently and cooperatively in language arts, math, science, arts and crafts, games and songs. Themes will vary each session so this class may be taken multiple times.

Instructors - Roberta Anderson, Jeanne Dempsey

\$234.00 (Weeks 1 & 2)

Winter in June

Grades K - 7

Although it's not nearly as cold and snowy, Winter in June is bound to be a (snow) ball! In this course, students will have the opportunity to participate in their favorite winter activities during the warm, summer week. Each day, students will put a "summery" spin on classic winter refreshments, decorations and games. Also, students will be able to enjoy making different crafts while watching winter-themed films. At the end of the week, the students will host a special winter celebration.

Instructor - Courtney Silva

\$130.00

SEP 2017, Week 2: July 3rd - July 7th (No class on Tuesday, July 4th)

"Fun"damentals of Basketball II

Grades 1 - 5

Calling all boys and girls. Learn the "fun"damentals of basketball through drills and games. The skills of dribbling, passing, shooting, rebounding, and playing defense will be modeled and practiced in a variety of activities that isolate these basics.

Instructor - Visna Ngov

\$104.00

Ball-istics I

Grades 1 - 5

Learn and improve your basic skills and understanding of basketball, team handball, soccer, lacrosse and dodge ball. Through instructor modeling, practice, drills, activities and play, participants will aim for a personal best as they challenge themselves and others.

Instructor - Brian Hocking

\$104.00

Concert Band II

Grades 4 - 7

If you have ever wanted to learn to play a musical instrument, this is the class for you! From the first day, you will be introduced to six different musical instruments and will learn the basics of playing them. Once you've selected which instrument you want to play, you will learn to play specific pieces, building your skills to perform as a member of an ensemble. On the last day, you will have the opportunity to show off your new skills in a performance for family and friends.

Instructor - Julie McDonald

\$104.00

Fairy Houses and Gnome Homes I

Grades 1 - 7

Enter the magical world of gnomes, fairies and other mythical creatures beginning with an exploration of the lore through literature, then create habitats to attract them! We will take nature walks to find gnome and fairy homes in the wild as well as to collect natural and some recycled products to build displays for our own homes and gardens. Our math and science skills will help us construct our buildings, making sure they are structurally sound.

Instructor - Jeanne Ciarleglio

\$104.00

Funfetti Pastry Shop

Grades 1 - 7

Have you ever dreamed of opening up your very own bakery shop? During the week, young bakers will be introduced to the scrumptious world of hands-on baking. Here is your golden opportunity to learn tricks and tips of professional bakers as you calculate, measure, and substitute ingredients to complete culinary creations. Throughout the week your child will collaborate with peer chefs to create delicious international treats.

Instructor - Courtney Silva, Nicole Silva

\$104.00

Goo-ology

Grades 1 - 7

Explore the chemistry in goo. Make Silly Putty and Oobleck and conduct other gooey experiments. Sharpen your math skills while you measure and mix. Get ready to make a mess while you discover compounds and polymers.

Instructor - Elena Lavigne

\$104.00

Heroes & Villains II

Grades 3 - 7

Using games like HeroClix and HeroScape, explore strategic gaming. Explore the universe of comic book heroes and villains using your super strength, hypersonic speed, mind control, super-senses, and more to outwit your opponent. Batman vs. The Joker, Superman vs. Darkside or The Avengers vs. X-Men - Anything is possible!

Instructor - Bill Letsch

\$104.00

Lego Robotics II

Grades 4 - 8

Learn to build and program your own robot designs such as cars, elevators and aerial trams using the Lego "mindstorm system." Whether you're just beginning or want to advance your skills, this class will offer a full range of learning activities. It is very different from a regular Legos course and involves a specific set of Lego equipment and skills.

Instructor - Joe Holowienko

\$104.00

Lemonade Stand I

Grades 2 - 7

Everyone loves a cold glass of lemonade and a homemade cookie. Learn how to operate a small business with some friends and bake cookies each day too! The week begins with a cost and taste comparison between homemade and store bought brands of lemonade. Next you'll work on advertising. Then you and your co-workers will design and construct a "stand" to sell from. The week ends with sales of the chosen lemonade and the cookies you've made. All proceeds will be donated to a local charity. (If your child has food allergies, please contact the instructor one week before the class begins)

Instructor - BJ Ahern

\$104.00

Painting: Water Color Basics

Grades 2 - 7

Learn how to manipulate the fun and complex medium of watercolor paint while creating lavish landscapes, sophisticated still lifes, awesome abstractions, and powerful portraits. You will examine how colors interact with each other, explore traditional and unusual painting techniques, and learn how to properly use painting supplies. Get ready to use your observational skills and your imagination to create a Masterpiece every day of the week!

Instructor - Mike Cooper

\$104.00

SEP Spa

Grades 3 - 7

Participants in this class will enjoy pampering themselves with banana facials and coconut oil manicures/pedicures. Display those freshly painted toes with new flip-flops that you design. Make potpourri sachets, friendship bracelets and naturally scented bath salts. Learn to relax with deep-breathing and enjoy freshly made fruit smoothies. A week of Zen not to be missed!

Instructor - Kate Pagnataro

\$104.00

The Carpenter Within

Children will learn the safe way to use woodworking tools and create amazing projects to take home. Students will use plans to build their own projects out of wood. No experience is necessary. You just need a desire to work hard and to learn a lot about woodworking. Tools used will include saws, clamps, measuring devices, hammers, drills, planes, files, and sandpaper.

Instructor - Larry Hurwitz

\$104.00

SEP 2017, Week 3: July 10th - July 14th

"Fun"damentals of Basketball III

Grades 3 - 7

Calling all boys and girls. Learn the "fun"damentals of basketball through drills and games. The skills of dribbling, passing, shooting, rebounding, and playing defense will be modeled and practiced in a variety of activities that isolate these basics.

Instructor - Visna Ngov

\$130.00

A World of Science

Grades 1 - 5

See how much fun science can be! Get your hands dirty as you join us for a week full of experiments and take home projects such as: volcano in a jar, lava lamps, slime, and ice cream.

Instructor - Jennifer Cooper, Teresa Ramia

\$130.00

Artsweek Open Studio

Grades 1 - 7

Spend a week building sculptures from a vast array of materials including wood, metal, cardboard, clay and recycled materials. Explore color, pattern, and texture with paint, crayon, fabric, nails, wood, yarn, plastic and more. Design and make jewelry such as earrings, bracelets and pins. Draw, paint, sculpt, and build - it's your week to let your imagination go wild!

Instructor - Vicki Burford

\$130.00

Ball-istics II

Grades 3 - 7

Learn and improve your basic skills and understanding of basketball, team handball, soccer, lacrosse and dodge ball. Through instructor modeling, practice, drills, activities and play, participants will aim for a personal best as they challenge themselves and others.

Instructor - Brian Hocking

\$130.00

Beecher Food Network II

Grades 1 - 7

Experience the Iron Chef and Cup Cake Wars this summer. You will be challenged to use your imagination and math skills while creating culinary masterpieces with special secret ingredients! Teams will make food presentations to an expert panel of Judges.

Instructor - Wendy Glynn

\$130.00

Beecher Police Academy

Grades 1 - 7

Have you ever dreamed of becoming a police officer? During the week police skills will be taught and put to the test as "rookie officers" learn how to uncover clues and run an investigation to solve a case. Trainees will learn about crime scenes, evidence and how to collect it. At the end of the week, officers will have a badge and uniform (that they will make themselves) to take home

Instructor - Courtney Silva

\$130.00

Children's Theater: *The Little Engine That Could Sing*

Grades 1 - 6

Join in a fun filled theatrical production of "The Little Engine That Could Sing." Based on the folktale of the *Little Engine That Could*, the Engine learns to overcome his/her shyness with help from friends. Learn songs and dances, create the set and costumes and put on a play for family and friends at the end of this two-week session.

Instructors - Laura Sexton, Debbie Laydon

\$260.00 (Weeks 3 & 4)

Concert Band III

Grades 4 - 7

If you have ever wanted to learn to play a musical instrument, this is the class for you! From the first day, you will be introduced to six different musical instruments and will learn the basics of playing them. Once you've selected which instrument you want to play, you will learn to play specific pieces, building your skills to perform as a member of an ensemble. On the last day, you will have the opportunity to show off your new skills in a performance for family and friends.

Instructor - Julie McDonald

\$130.00

Fairy Houses and Gnome Homes II

Grades 1 - 7

Enter the magical world of gnomes, fairies and other mythical creatures beginning with an exploration of the lore through literature then create habitats to attract them! We will take nature walks to find gnome and fairy homes in the wild as well as to collect natural and some recycled products to build displays for our own homes and gardens. Our math and science skills will help us construct our buildings, making sure they are structurally sound.

Instructor - Jeanne Ciarleglio

\$130.00

Folk Dance

Grades 1 - 6

Learn about world music and culture as you folk dance around the world. In the past students have learned dances from Germany, England, Ireland, Greece and America. Perform for your family and friends at the end of the week!

Instructor - Nadia Marroquin

\$130.00

Learn To Draw (Advanced)

Grades 3 - 7

Join illustrator and art teacher Michael Cooper as you continue to develop your artistic skills or learn the basics of drawing and rendering through viewing still life, nature, and the world around you. Students will begin to develop an understanding of composition and aesthetics. They will also learn to look at the world and interpret it through their mind's eye.

Instructor - Mike Cooper

\$130.00

Pirates Ahoy

Grades 1 - 4

Sail off on the adventure of a lifetime! Join other swashbucklers for some real pirate fun! We'll make everything you need to set sail in search of adventure and treasure on the high seas. Hats, maps, swords, and treasure chests are just a few of the things that you may acquire during your pirate adventures.

Instructor - Nicole Silva

\$130.00

So, You're Coming to Kindergarten II

Students Entering Kindergarten

Begin the transition into Kindergarten in a safe, challenging and fun way! Meet future classmates and staff, and become acquainted with Beecher Road School. Work independently and cooperatively in language arts, math, science, arts and crafts, games and songs. Themes will vary each session so this class may be taken multiple times.

Instructors - Roberta Anderson, Adrienne Coleman, Jeanne Dempsey

\$260.00 (Weeks 3 & 4)

Spring Training - Introduction to Throwing and Hitting

Grades 1 - 6

Are you looking to learn the basics of baseball and softball, namely throwing and hitting, using techniques that are taught to professionals? Instruction will be differentiated to accommodate beginners, who are just learning proper mechanics in the sport, as well as seasoned athletes, who are seeking to raise their existing skills to become better players. Students will learn about footwork, grip, arm angle, and glove-side mechanics to help throw the ball with higher velocity and better accuracy. Students will also learn how to improve bat speed, step and load techniques, proper weight transfer, proper grip and footwork, with the goal of developing power to reach all parts of the field.

Instructor - Joe DeLuca

\$130.00

The Science Scoop

Grades 1 - 4

Explore the science of food in our Kitchen Science Lab. As you work through our flavorful science experiments you will learn about mixtures and how the behavior of solids and liquids can taste so good. You will observe, first hand, what happens when we trap and release gases in different foods, and put chemical reactions into motion. So, put on your chef's hat and science lab coat and enjoy the science of food!

Instructor - Elena Lavigne

\$130.00

SEP Week 4: July 17th - July 21st

Beecher Food Network III

Grades 1 - 7

Experience the Iron Chef and Cup Cake Wars this summer. You will be challenged to use your imagination and math skills while creating culinary masterpieces with special secret ingredients! Teams will make food presentations to an expert panel of Judges.

Instructor - Wendy Glynn

\$130.00

Creative Crafts

Grades 2 - 7

If you love using your imagination and your hands to be creative, then this class is for you! Each day, you will work with different media such as clay, paints, paper maché, yarn, and mixed media. By the end of the week, you will have completed a number of wonderful projects to enjoy at home or gift to loved ones.

Instructor - Whitney Marshall

\$130.00

Fantastic Beasts

Grades 3 - 7

Dive more deeply into the ever-expanding wizarding world that has been created by J.K Rowling. Upon arrival, students will be sorted into the American wizarding houses. They'll participate in various projects based on the film, *Fantastic Beasts and Where to Find Them*, such as magical wands, spells, and creature creation. At the end of the course, students will complete a scavenger hunt by using all of the tools and knowledge that they have obtained throughout the week.

Instructor - Courtney Silva, Nicole Silva

\$130.00

Lego Builders

Grades 1 - 6

Ready! Set! Build! Have fun building with Legos. Skyscrapers, spaceships and city blocks all come to life. Let imagination be your guide as you design and build real and fanciful structures out of the thousands of Legos available to you.

Instructor - Kate Pagnataro

\$130.00

Lemonade Stand II

Grades 2 - 7

Everyone loves a cold glass of lemonade and a homemade cookie. Learn how to operate a small business with some friends and bake cookies each day too! The week begins with a cost and taste comparison between homemade and store bought brands of lemonade. Next you'll work on advertising. Then you and your co-workers will design and construct a "stand" to sell from. The week ends with sales of the chosen lemonade and the cookies you've made. All proceeds will be donated to a local charity. (If your child has food allergies, please contact the instructor one week before the class begins)

Instructors - BJ Ahern

\$130.00

Princesses, Parties and Pearls

Grades 1 - 4

Join other children who dream of being royalty. Imagine yourself as Snow White, Elsa, Jasmine, Kate or Arielle. Read their stories and make up your own. Make costumes and jewelry and participate in royal activities, such as teas and picnics. The week is guaranteed to be full of enchantment.

Instructor - Jessica Ahern

\$130.00

Science Rocks

Grades 1 - 4

A great week filled with science experiments! Hands on activities to learn about the science of electricity, magnetism, and chemistry will be the order of the day. Learn about electricity and create circuits that light a bulb. Learn the magic of magnets. Make concoctions that fizz! Explore bubbling potions, color changing liquids, and more.

Instructor - Elena Lavigne

\$130.00

Spring Training - Softball

Grades 1 - 6

Are you looking to learn the basics of softball, namely throwing and hitting, using techniques that are taught to professionals? Students will learn about footwork, grip, arm angle, and glove-side mechanics to help throw the ball with higher velocity and better accuracy. Students will also learn how to improve bat speed, step and load techniques, proper weight transfer, proper grip and footwork, with the goal of developing power to reach all parts of the field. Instruction will be differentiated to accommodate beginners, who are just learning proper mechanics in the sport, as well as seasoned athletes, who are seeking to raise their existing skills to become better players.

Instructor - Joe DeLuca

\$130.00

Star Wars: Galaxy of Creativity

Grades 3 - 7

This summer, your "artistic" force will awaken at BRS! With the guidance of a "wise Jedi Master," you will find inspiration and creativity in the Star Wars Universe. During the week you will learn how to draw your favorite characters and create your own galactic comic strips. Other activities may include making custom Star Wars action figures, building a "lightsaber," and unleashing the power of Star Wars origami. The Rebellion needs you! Enlist today!!!

Instructor - Michael Cooper

\$130.00

The World of Games

Grades 1 - 7

Participate in the "no-tech" world of indoor and outdoor games. Learn and play board games, games from your backyard and games from around the world. Make up games that you can play yourself or with others. Make game equipment to take with you at the end of the week. The benefits of this class are many besides the obvious and include camaraderie, sportsmanship, courtesy, and full participation no matter what your skill level.

Instructor - Debbie Pines

\$130.00

Xylophone Ensemble

Grades 3 - 7

This course is designed to help students learn to play xylophones through performing folk songs. Music will be played in unison, as well as in 2 and 3 parts. Students will learn to transfer their music literacy skills to the xylophones. If time permits, students will learn to improvise and compose simple melodies. A performance for friends and family will take place at the end of the week

Instructor - Nadia Marroquin

\$130.00

SEP 2017, Week 5: July 24th - 28th

"Stay"cation

Grades 1 - 6

Have you ever traveled the world or gone on an unforgettable vacation? Come join "new and old" friends for exciting adventures to destinations such as Hawaii, Africa and Florida. Join friends at a luau, on a safari or at Disney World. Your week will be filled with themed crafts, creative activities and yummy snacks. So "pack your bags" and visit the world with us.

Instructor - Laura Sexton

\$130.00

Cake Decorating

Grades 3 - 7

Get your piping bag ready, because this course is all about cake decorating! In Buttercream 101, learn how to make a perfect-piping frosting. Next, master various piping designs fit for any occasion. You'll also learn how to easily frost a cake and keep your designs looking beautiful even during a warm afternoon. Learning to make and fondant to a cake is the final step needed before participants design and decorate a dream cake to bring home for sharing with loved one.

Instructor - Courtney Silva, Nicole Silva

\$130.00

Calling All Firefighters II

Grades K - 2

Children are invited to experience life as a firefighter this week. Learn all there is to know about fire safety and keeping you and your family safe in an emergency. Get up close and personal with visits from the Woodbridge Fire Department, including a long time fireman, the fire marshall, and a real fire truck. The week is chock full of activities and crafts related to fire safety and life as a firefighter.

Instructor - Lauren Kenefick

\$130.00

Flower Power

Grades 1 - 7

Inch by inch, row by row, "gonna make this garden grow." If flowers are your thing, join us for a variety of floral activities. Make flowers from paper, plastic, wire and other found materials. Learn how to dry flowers and use them in arrangements or in other floral projects. Decorate flower pots and plant native flowers to take home with you or gift to family and friends. Enjoy a week of color and scent.

Instructor - Debbie Pines

\$130.00

For The Birds

Grades 2 - 7

Come join in the fun as we create beautiful bird houses, functional feeders, and creative bird baths using recycled and reclaimed materials. Help us care for the Beecher Birds and bring some home to attract new colorful birds to your own yard.

Instructor - Jeanne Ciarleglio

\$130.00

Recorder Ensemble

Grades 3 - 7

This course is designed to help students learn or improve their recorder skills. Scales and folk songs will be used to help students learn to play in 2 and 3 parts, and feel confident in their reading/playing skills. A performance for friends and family will take place at the end of the week.

Instructor - Nadia Marroquin

\$130.00

Restaurant Week

Grades 3 - 7

Create your own restaurant! Team up, collaborate and create the theme, store façade, and menu for the new restaurant. Students will prepare dishes to be served at the end of restaurant week which will be judged along with the logo and store front. Enjoy creating your very own business.

Instructors - Jill Colomonico, Wendy Glynn

\$130.00

So, You're Coming to Kindergarten III

Students Entering Kindergarten

Begin the transition into Kindergarten in a safe, challenging and fun way! Meet future classmates and staff, and become acquainted with Beecher Road School. Work independently and cooperatively in language arts, math, science, arts and crafts, games and songs. Themes vary each session so this class may be taken multiple times.

Instructors - Jeanne Ciarleglio, Adrienne Coleman

\$130.00

Spring Training - Baseball

Grades 1 - 6

Are you looking to learn the basics of baseball, namely throwing and hitting, using techniques that are taught to professionals? Instruction will be differentiated to accommodate beginners, who are just learning proper mechanics in the sport, as well as seasoned athletes, who are seeking to raise their existing skills to become better players. Students will learn about footwork, grip, arm angle, and glove-side mechanics to help throw the ball with higher velocity and better accuracy. Students will also learn how to improve bat speed, step and load techniques, proper weight transfer, proper grip and footwork, with the goal of developing power to reach all parts of the field.

Instructor - Joe DeLuca

\$130.00

Superhero Academy

Grades 1 - 4

The citizens of the world need your help! Create an alter ego complete with super hero name hidden behind a cape and mask. Save the world with your superpowers, which you will explore and develop at the Superhero Academy. Participate in great activities with other super heroes throughout the week. The world needs you.

Instructor - Marissa DeAngelo

\$130.00

The Art of Cartooning

Grades 3 - 7

This is the class for you if you wish to learn how to create characters, environments, and scenarios while mastering usage of simplified lines through a stylistic approach. This course will be an extension of the student's understanding and caring of the visual arts.

Instructor - Michael Cooper

\$130.00

The Magic School Bus Chemistry Lab

Grades 1 - 3

Get on the magical school bus with Ms. Frizzle and Mrs. Lavigne! Go on a magic field trip and learn about chemistry through various hands on chemistry experiments! Our science classroom will turn into a bus chemistry lab!

Instructor - Elena Lavigne
