 Ms. Jennifer Rosser—Principal
 September, 2018*

Woodrow Wilson's Vision & Mission Statement

Vision - Woodrow Wilson is a united learning community leading our students to high achievement as we work together hand-in-hand to support every child at their level of instructional, social and emotional need.

Mission - Woodrow Wilson is dedicated to a collaborative student centered learning community that involves all stakeholders to provide every student an engaging and meaningful education that motivates them to reach their full potential and enables them to discover their interests and talents, pursue their goals and dreams, and succeed in college, in the workforce and as productive citizens now and in the future.

Principal's Message

Wow" !!! - How quickly the summer has past, and a new school year is already under way!! We are so proud of how swiftly our students got right to work and focused on their goals and objectives. As we open our school days with "Circle Time", we are allowed a special time set apart to connect & engage with each and every student to build strong, healthy & respectful partnerships creating an environment of cooperative relationships within our classroom communities. A time set apart to establish trust and true concern for every individual to build & maintain a united equitable learning community.

We are excited about the new English Language Arts curriculum program "Wonders", and the Next Generation Science Standards with STEM (Science Technology Engineering Mathematics) integration that will engage students in rigorous hands on learning preparing them for higher education. We look forward to you participating in our future parent information nights to learn more about these new programs.

To all our returning families, "Welcome back", and to our new families, we are glad that you are here – together we will make it a great year!!!

-Ms. Rosser
