### Focus on Learning:

#### 1<sup>st</sup> Quarter

It is hard to believe we have already completed our first quarter of the school year! Already we have seen our 5<sup>th</sup> graders run their own town, 4<sup>th</sup> grade visiting and studying bird banding, 3<sup>rd</sup> grade exploring our very own National Monument, blended students learning about their community on a walking tour around Fruita and Kindergarten beginning their education making the words match the picture and retelling what they see to their reading partners.

Teachers and students have been hard at work growing their brains and fostering a growth mindset. As a staff we have chosen to focus and learn more about small group instruction – specifically Guided Reading, as well as becoming stronger as teams to collaborate in supporting ALL of our learners.

We look forward to learning together and supporting your children as they continue on their own learning journey!

### Reminders from the Office

As a parent of a student at Shelledy, you have the right to know the professional qualifications of the classroom teacher who instructs your child. This is a requirement for all districts that receive Title I funds. Federal law allows you to request certain information about your student's classroom teacher. The law also requires the district to give you this information in a timely manner upon request. Listed below is the information about which you have the right to ask for regarding each of your student's classroom teachers.

- Whether the Colorado Department of Education has licensed or endorsed your student's teacher for the grades and subjects taught.
- Whether CDE has decided that your student's teacher can teach in a classroom without being licensed or qualified under state regulations because of special circumstances.
- The teacher's college major; whether the teacher has any advanced degrees, and, if so, the subject of the degrees.
- Whether any teachers' aides or similar Para educators provide services to your child and, if they do, their qualifications.

Please contact Cami Kidd at 970-254-6460 if you would like to receive any of this information.

Available in Spanish upon request.

## FLU: The season is coming.....

1. Influenza or “the Flu” is spread by droplets when a person coughs, sneezes, or talks.
2. Flu is also spread by touching something that has flu virus on it and then touching their mouth, eyes, or nose.
3. Ways to prevent the flu include a yearly flu vaccine, frequent handwashing, staying away from people that are sick and covering cough and sneezes.

For more information about the flu contact your child's primary care provider or go online to: [www.cdc.gov/flu](http://www.cdc.gov/flu)

## Counselor's Corner

Dear Parents and Guardians,

Throughout the year I offer a variety of support groups to help meet the needs of our students. Support groups offer students an opportunity to share and discuss issues openly with peers who often have similar concerns of life experiences.

I'll be co-facilitating a Grief Group second quarter (based on need) with a Grief Counselor from Hope West. Any student at Shelledy who has experienced the death of a special person is welcome and encouraged to attend. There are no limitations to attendance such as relationship to the deceased, the length of time since the death or the cause of death. The only criteria are that the death has impacted their life in a significant way. Grief group meets once per week for 8 weeks, and sessions last approximately 45 minutes.

If you would like your child to attend Grief Group please email or call me, or let your child's teacher know, and I will send a consent form home. Consent forms must be filled out before a child can attend group.

If you have any questions, please feel free to contact me.

Thank you,

Ms. Jill
