PREFACE

The information presented in this report is a tabulation of the data provided by transit systems throughout the state of Texas. Information on public transportation grants was provided by the Federal Transit Administration (FTA), U.S. Department of Transportation (DOT), and the Texas Department of Transportation (TxDOT). This information has not been audited by the Texas Department of Transportation, Public Transportation Division (PTN). This 2019 report provides detailed comparisons of annualized fiscal year (FY) 2018 and 2019 data along with the monthly FY 2019 transit statistics.

Executive Summary

Key performance indicators from the *FY 2019 Texas Transit Statistics Report* show mixed results in annual transit activity from FY 2018 – 2019. Statewide, the number of reported safety incidents declined slightly, while operating costs per hour saw increases in some areas and decreases in others. Overall, state ridership and vehicle revenue miles traveled saw very little change.

In some cases, year to year changes (FY 2018 – FY 2019) differed from trends for the same indicator over the past five years. The information that follows reports first on FY 2018 – FY 2019 for each indicator, and then from FY 2015 – FY 2019 for the same set of indicators.

Key Performance Indicators: 2018 to 2019 Changes

Safety – Incidents

In FY 2019, 1,136 safety incidents were reported across the state, a slight decline from FY 2018's total, 1,174. During the same period, reported fatalities increased from 13 to 16, while reported injuries decreased from 1,004 to 966. **Note:** "Safety incidents" are events involving a transit vehicle, or occurring on transit-related property, involving one or more fatalities, injuries, property damage, or certain crimes.

Safety – Transit Vehicle Failures

In FY 2019, 25,649 transit vehicle failures were reported across the state. A "transit vehicle failure" occurs when a vehicle providing transit service is unable to complete a trip due to a mechanical, or other type of failure – as opposed to an unanticipated traffic condition or customer-related incident. The number of transit vehicle failures in FY 2019 increased slightly from 25,633 in FY 2018.

Transit vehicle failures are directly related to the condition of the vehicles – usually a combination of age and mileage. In this instance, metropolitan transit authorities are reporting an increase, even though urban transit numbers are holding steady and rural program numbers are decreasing. TXDOT provides fleet replacement funding to both urban and rural transit districts.

Ridership

Ridership, reported as one-way passenger trips, decreased in urban and metropolitan areas throughout the state.

- Ridership declined by 809,146 (0.3%) in areas served by metropolitan transportation authorities (MTAs).
- Urban area transit providers reported a decrease of nearly 1.3 million riders (5.3%).
- In the Enhanced Mobility of Seniors and Individuals with Disabilities program (FTA Section 5310), ridership trips increased by 3,120 passengers (1.1%), with the decline of reporting agencies from 58 to 51, and no relative change in the number of fleet.
- However, reported ridership for rural transit providers increased by 83,239 passengers (1.8%).

Despite the slight decrease in ridership adding to a 5-year trend, there does not appear to be a systemic reason behind the decline. Individual agency performance varies widely, requiring an agency-level analysis to determine factors driving the results. Accordingly, the Department has requested analysis of significant year-to-year changes from the transit districts in order to better understand the reason(s) for the decline, and to determine what, if any state-level actions can be taken to reverse it.

Vehicle Revenue Miles

Vehicle Revenue Miles (VRM), a measure of service supplied by transit agencies, are the miles that vehicles are scheduled, or actually travelled, while in revenue service. Statewide, a total of 245,633,560 vehicle revenue miles were reported by public transportation providers in FY 2019. That figure is down 0.6% from 246,030,077 miles in FY 2018.

Operating Cost per Hour

Operating cost per hour, a measure of service cost-efficiency, is the sum of operating expenses, such as driver salaries and fuel costs, divided by the total number of hours operated for all vehicles in service over the year. The change in this measure varied considerably:

- MTAs – 6% increase
- Urban Transit Districts – 1.2% decrease
- Rural Transit Districts – 3.5% increase

Table ES-1: Summary of Key Transit System Performance Measures 2018 – 2019

TABLE ES-1: KEY TRANSIT PERFORMANCE MEASURES Fiscal Years 2018 and 2019				
Transit Agency Type	Percent Change, 2018 - 2019			
	Safety Incidents	Ridership	Vehicle Revenue Miles	Cost Per Revenue Hour
MTAs	-3.56%	-0.33%	-0.38%	6.14%
Urban Transit Districts	9.72%	-5.27%	0.89%	-1.23%
Rural Transit Districts	-20.59%	1.80%	-0.44%	3.51%

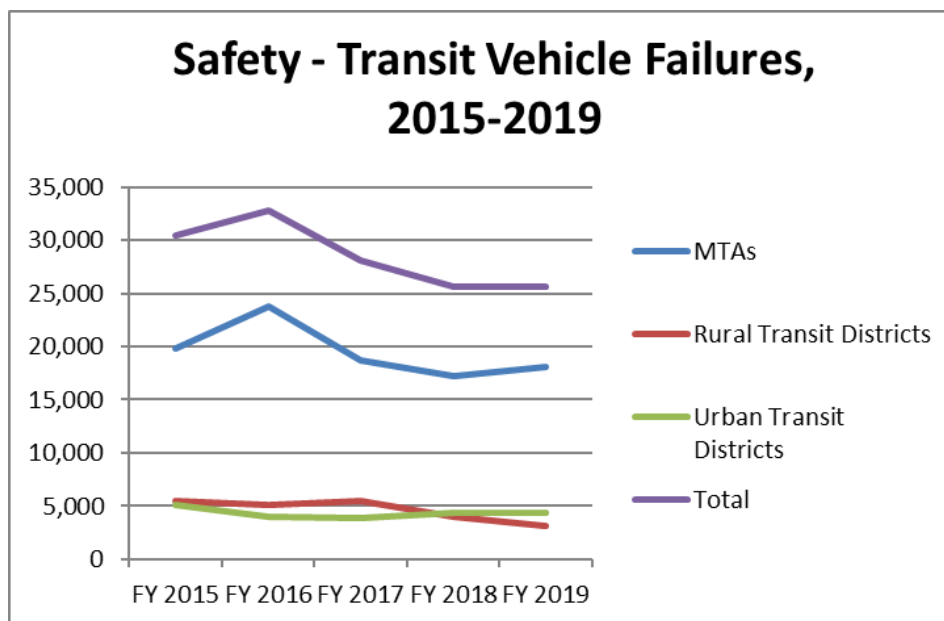

Five-Year Trends: FY 2015 to FY 2019

Overall, five-year trends impacting TxDOT-administered programs, from 2015 to 2019, can be associated with individual agency changes as opposed to revealing systemic issues that make the case for statewide solutions. Having said that, TxDOT is focused on understanding better the root causes of these changes, particularly the decrease in rural area transit ridership during this period. Recent program-level additions that make technical assistance and training available to agencies experiencing performance-related issues will help focus and inform TxDOT's efforts to address these issues.

Safety – Transit Vehicle Failures

- MTAs – 8.9% decrease, from 19,869 incidents to 18,103
- Urban Transit Districts – 12.8% decrease, from 5,055 to 4,410
- Rural Transit Districts – 43.0% decrease, from 5,503 to 3,136

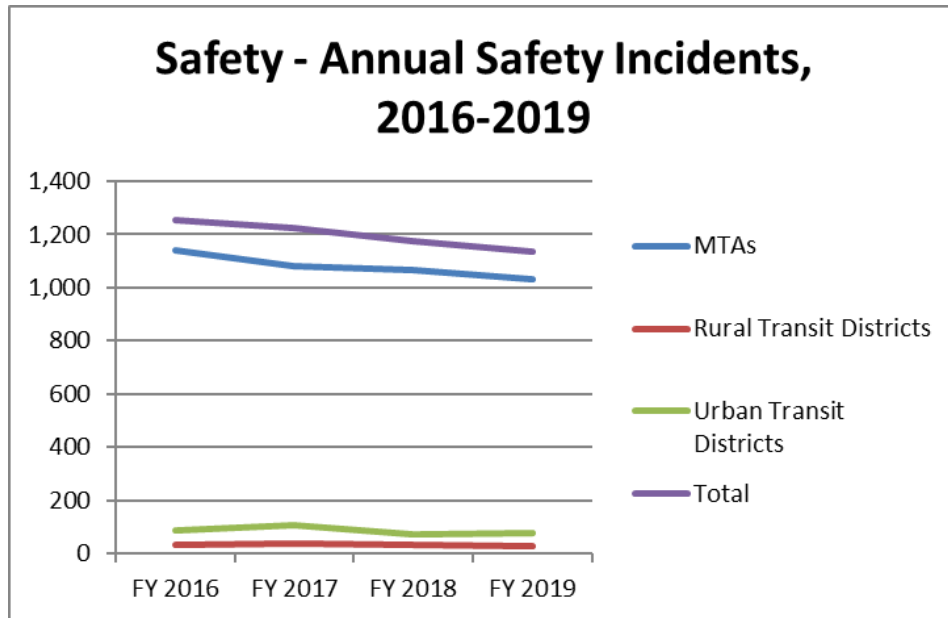

Figure ES-1: Safety - Transit Vehicle Failures

Safety - Annual Safety Incidents since 2016

- MTAs – 9.6% decrease, from 1,139 incidents to 1,030
- Urban Transit Districts – 7.1% decrease, from 85 to 79
- Rural Transit Districts – 10.0% decrease, from 30 to 27

Figure ES-2: Safety – Annual Safety Incidents

Ridership

- MTAs – 4.8% decrease, from 258.9 million to 246.5 million passengers
- Urban Transit Districts – 7.0% decrease, from 24.4 million to 22.7 million
- Rural Transit Districts - 23% decrease, from 6.1 million to 4.7 million

Figure ES-3a: Transit Ridership 2015-2019 – Metropolitan Transit Authorities

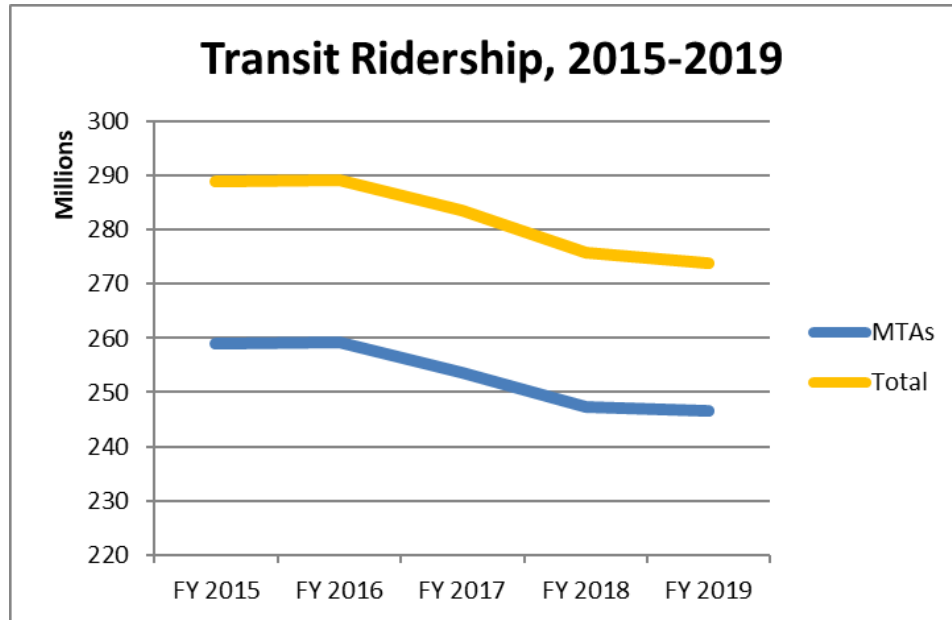

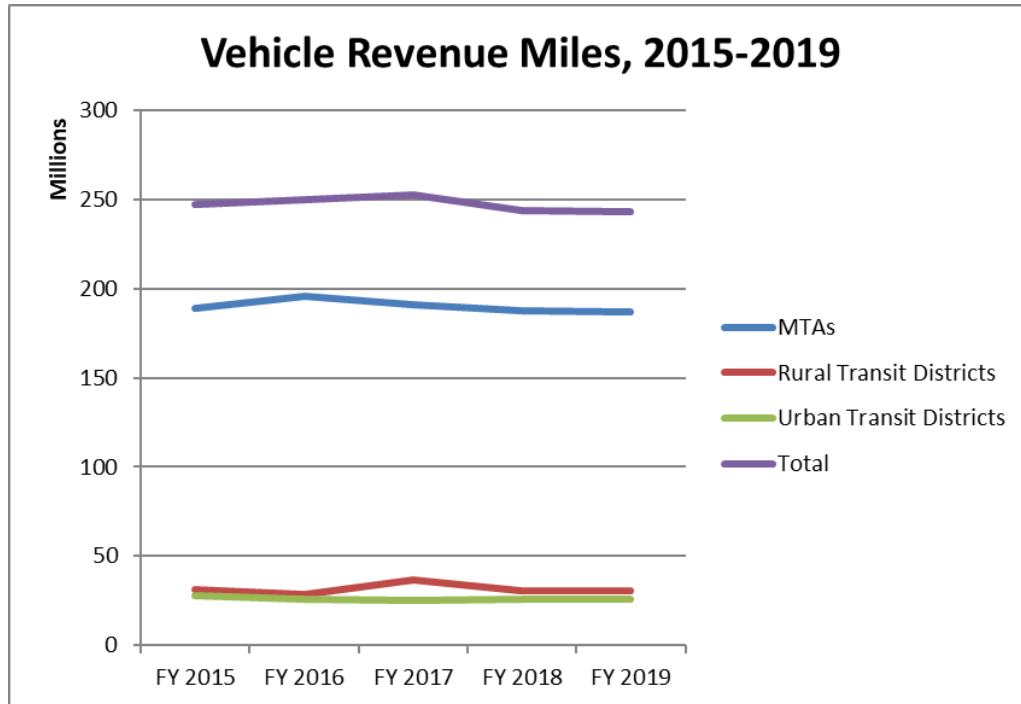

Figure ES-3b: Transit Ridership – Urban and Rural Transit Districts

Vehicle Revenue Miles (VRM)

- MTAs – 1.0% decrease, from 188.8 million to 186.8 million miles
- Urban Transit Districts – 6.5% decrease, from 27.6 million to 25.8 million
- Rural Transit Districts – 1.0% decrease, from 30.9 million to 30.6 million

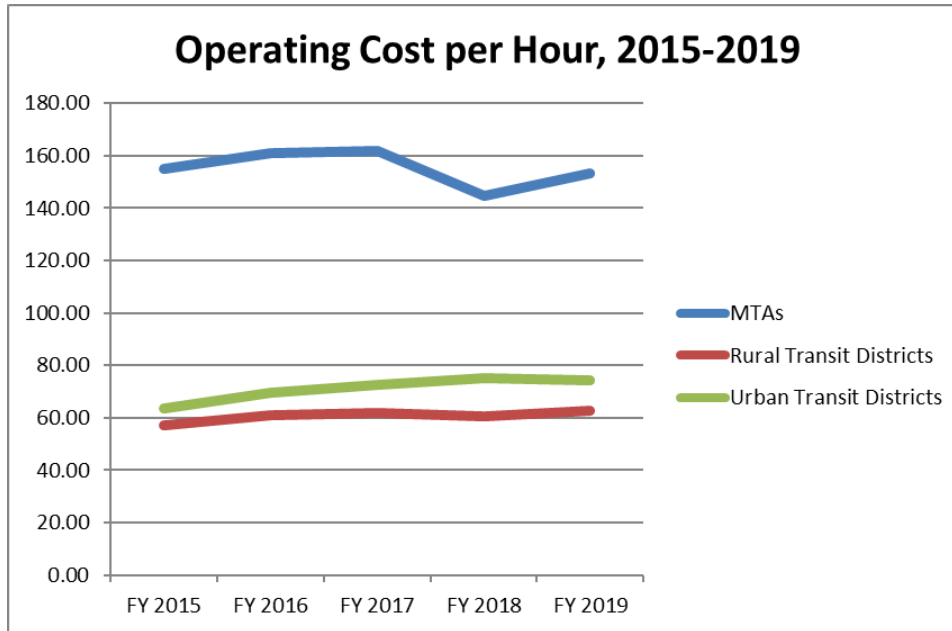

Figure ES-4: Vehicle Revenue Miles

Operating Cost per Hour

- MTAs – 1.0% decrease, from \$155.02 to \$153.45
- Urban Transit Districts – 16.8% increase, from \$63.50 to \$74.16
- Rural Transit Districts – 10.2% increase, from \$56.94 to \$62.74

SUMMARY

MTA and URBANIZED AREA TRANSIT PROGRAMS

Federal formula funding for Metropolitan Transit Authorities and Urbanized Area Transit Programs is primarily provided through the FTA Section 5307 Program. State Public Transportation Grant Program funds are provided to Urban Transit Districts serving urbanized areas over 50,000 in population. The department reports data for Metropolitan Transit Authorities (MTAs), which, which under state law, serve an area of at least 200,000 people, and Urban Transit Districts (UTDs), separately.

Metropolitan Transit Authorities (MTAs):

The Texas Department of Transportation's Public Transportation Division (TxDOT-PTN) does not provide state funding to MTAs. However, Texas statute requires, and the Texas Transportation Commission has requested, reports on all transit activities. This is done in voluntary cooperation with the MTAs. For more information on MTA services, visit their websites (included with contact information at the end of this report).

This report lists the Denton County Coordinated Transportation Authority (DCTA) along with the seven MTAs due to its similarity in size and taxing abilities. Data collection from this Coordinated Transportation Authority was implemented in FY 2006.

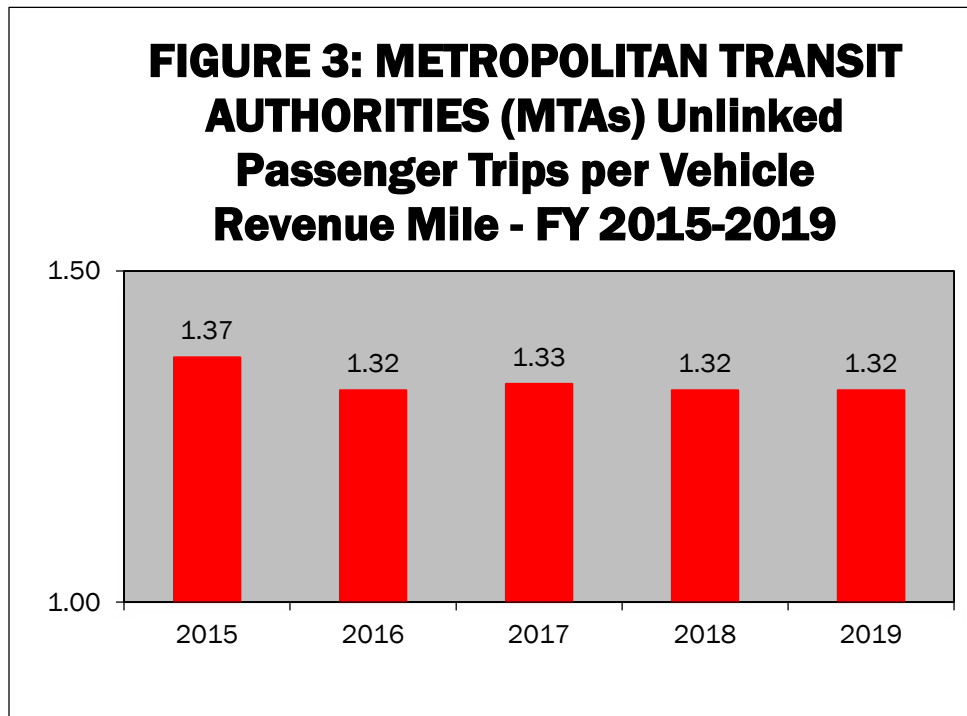

Performance Review – Metropolitan Transit Authorities (MTAs):

In FY 2019, the combined ridership number for the MTAs and the DCTA is 246.5 million, slightly less than the 247.3 million passenger trips. Reported in FY 2018. Overall, ridership has declined by nearly 5% between FY 2015 and FY 2019.

Over the past fiscal year, Austin's Capital Metropolitan Transportation Authority (CapMetro) has demonstrated the greatest ridership gain among the MTAs: 4%. Denton County and El Paso have shown the greatest percent decrease in transit ridership, 8% and 5% respectively. CapMetro also had the greatest numerical increase in ridership: over a million trips. In contrast, San Antonio and El Paso show the greatest numerical decrease in ridership.

Like ridership, vehicle revenue miles varied as an indicator of the amount of service provided among reporting agencies, but, overall, remained steady from FY 2018 to FY 2019.

Figure 3 below displays the MTAs annualized rate of “unlinked passenger trips per vehicle revenue mile” for FY 2015-2019. The graph shows a trend factoring an overall decrease of 4% over a five-year period.

Urbanized Area Transit Programs

As noted in the Executive Summary of this report, the state funding formula is used to allocate state funds to 31 eligible Urban Transit Districts (UTD). This includes funding assistance to four providers in the Dallas-Ft. Worth-Arlington Urbanized Area: the cities of Arlington, Grand Prairie, and Mesquite, and the Northeast Transportation Service (NETS) coalition. These four UTDs receive a fixed amount of state funds based upon statute.

For the other 27 UTDs, the state funding formula distributes funds based on population and performance. Urbanized area performance funds are based on a weighted average of four indicators. The funds are then allocated based on the relative performance of the urban service providers. These four performance-based indicators are:

- Local investment per operational expense
- Vehicle revenue mile per operational expense
- Unlinked passenger trips per vehicle revenue mile
- Unlinked passenger trips per capita

The indicators listed above reflect a combination of local support for transit, efficiency of operation, service effectiveness, and level of use within geographic areas defined by transit

district boundaries. They are consistent with performance measurement goals recommended by the Public Transportation Advisory Committee (PTAC). Together, they comprise 50% of the amount of State funding allocated to each Urban Transit District.

Local investments may fluctuate from year to year and agency to agency because of large capital expenditures, changes in local funding, and receipt of grants or contracts (i.e. medical transportation and Section 5310 programs).

Besides the performance-based funding elements noted above, Urban Transit Districts are also responsible for reporting four additional performance-based indicators that measure cost efficiency, service effectiveness, cost effectiveness and safety, per Texas Transportation Code §456.008 and Texas Administrative Code §31.48.

Transit providers receiving financial assistance from TxDOT and/or FTA are required to provide data for the indicators listed below:

- (i) **Service efficiency**—Operating expense per vehicle revenue hour and operating expense per vehicle revenue mile.
- (ii) **Cost effectiveness**—Operating expense per unlinked passenger trip.
- (iii) **Service effectiveness**—Unlinked passenger trips per vehicle revenue mile and unlinked passenger trips per vehicle revenue hour.
- (iv) **Safety**—Total incidents per 100,000 miles of service and average number of miles between revenue vehicle mechanical system failures that prevent the vehicle from completing a scheduled revenue trip.

Performance Review – Urbanized Area Transit Programs:

In FY 2019, urbanized area transit agencies reported 22.7 million riders, more than 5% lower than the FY 2018 ridership total of 23.9 million passenger trips. While ridership decreased from FY 2018 to FY 2019, miles travelled increased slightly during the same time period.

Overall, ridership decreased 7.02% from FY 2015 through FY 2019. The number of “vehicle revenue miles” decreased 6.51% during the same period. This trend signifies that transit usage has decreased over time within the urbanized transit agencies' service boundaries.

From FY 2018 to FY 2019, the transit agencies serving McKinney (129%), San Marcos (24%) and Arlington (16%) reported the greatest ridership percentage increase among urbanized areas. In contrast, Galveston (- 34%), Lake Jackson-Angleton (- 14%) and Midland-Odessa (- 12%), have shown the greatest percent decrease in ridership between FY 2018 and 2019. **Figure 4** is a map comparing ridership among selected urbanized area program agencies.

Over the past fiscal year, McAllen had the largest numerical gain in ridership (126,429 riders), followed by Conroe-The Woodlands (38,891) and San Angelo (35,768). With a

Urbanized Area Program - Performance Review

Figure 4

Ridership Comparison of Selected Agencies - Fiscal Year 2018 to 2019

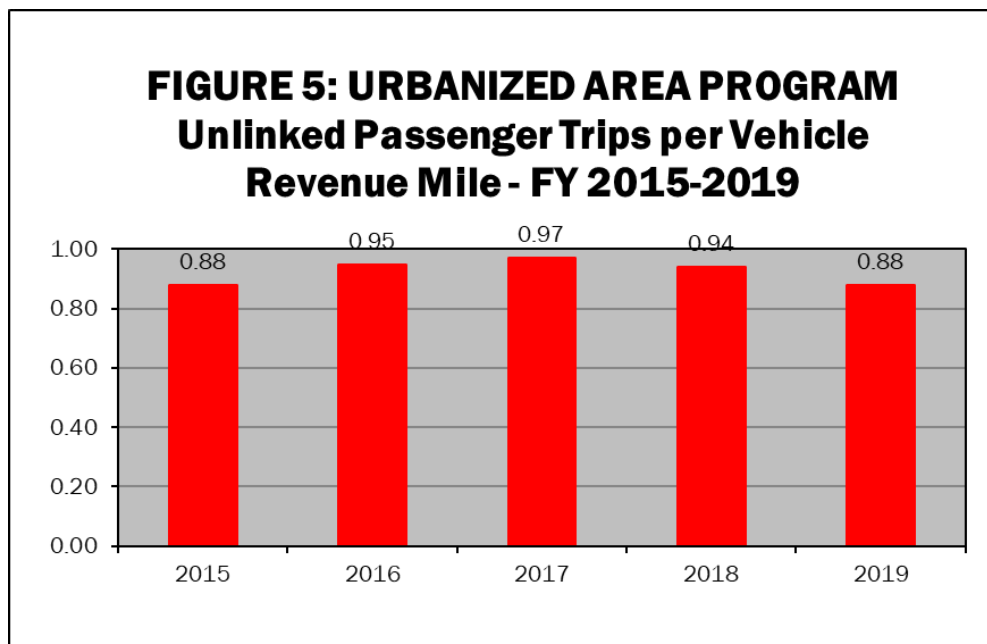

March 2020

numerical decrease of 695,742 riders – College Station-Bryan had the largest numerical decrease in ridership, followed by Laredo (- 252,530) and Galveston (- 213,279).

From FY 2018 to FY 2019, the McKinney urbanized transit agency reported the largest increase in vehicle miles travelled: 84%. Other agencies trending similarly are San Marcos (29%) and Texas City-La Marque (21%). Brownsville reported the largest decrease in vehicle miles travelled: 30%, a decline of 463,591 miles.

Figure 5 below depicts the Urbanized Area Program’s annualized rate of “unlinked passenger trips per vehicle revenue mile” for FY 2015–2019. The graph shows no change when comparing the beginning and end of this five-year fiscal period.

Notes:

Monthly statistics are provided in **Appendices 1 and 2**. “Local and Total Revenue” is also identified as “Local and Total Investments.” The monthly statistics for “Total Revenue” and “Annual Total Revenue” differ slightly from one another in this report. Monthly statistics include federal, state, and local funding in “Total Revenue,” whereas the “Annual Total Revenue” statistics include only local funding.

SUMMARY

RURAL TRANSIT DISTRICTS

TxDOT administers state and federal public transportation grant program funds to 36 Rural Transit Districts. Rural Transit Districts have mandates to report performance as described in the Texas Transportation Code, §456.008 and the Texas Administrative Code (TAC), §31.36 and §31.48.

The state funding formula allocates funds based on “needs” and “performance.” Each agency’s “needs” calculation in the formula is comprised of 75% population and 25% land area. Land area is included in the needs calculation to recognize the increased cost of providing transit service to geographically large areas.

The funding formula includes the “performance” calculation based on three indicators:

- Local investment per operational expense
- Vehicle revenue miles per operational expense
- Unlinked passenger trips per vehicle revenue mile

Overall, the “needs” portion is 65% of the allocation and performance is 35%.

Federal funding (Section 5311 – Non-urban Area and 5339 Bus and Bus Facilities) for rural areas is generally allocated on a formula basis. The majority of Section 5311 funding is allocated in the same way as rural area State funding. The remaining amount and Section 5339 funding is allocated based on reported annual vehicle miles.

Like Urban Transit Districts, Rural Transit Districts are required to report the following indicators:

- (i) **Service efficiency**—Operating expense per vehicle mile.
- (ii) **Cost effectiveness**—Operating expense per unlinked passenger trip.
- (iii) **Service effectiveness**—Unlinked passenger trips per capita and unlinked passenger trips per vehicle mile.
- (iv) **Safety**—Total incidents per 100,000 miles of service and average number of miles between revenue vehicle mechanical system failures that prevent the vehicle from completing a scheduled revenue trip.

In addition to the performance-based indicators required for formula funding and the reporting requirements of the TAC, Rural Transit Districts are obligated to report annually to the Federal Transit Administration’s National Transit Database (FTA-NTD) through TxDOT as subrecipients of the FTA Section 5311 program. The reporting requirements are described in the Federal Transit Act, 49 USC, Chapter 53. The Rural Transit Districts’ data is collected by the Texas Department of Transportation, Public Transportation Division (TxDOT-PTN) and submitted to FTA-NTD each year in January.

Performance Review – Rural Transit Districts:

In FY 2019, Rural Transit Districts reported 4.7 million riders, an increase of 2% from the previous fiscal year. Vehicle revenue miles travelled decreased by less than 1%.

In the period from FY 2015 to FY 2019, the number of unlinked passenger trips (riders) decreased by 22.1%. Rural transit ridership was 6.1 million at its five-year peak in FY 2015. The number of vehicle revenue miles decreased one percent between FY 2015 and FY 2019.

From FY 2018 to FY 2019, the Ark-Tex Council of Governments reported the largest increase in the amount of passenger trips: 26%. In addition, Lower Rio Grande Valley Development Council (24%), Texoma Area Paratransit System (23%) and Rolling Plains Management Corporation (17%) have demonstrated the greatest ridership gains among the rural agencies.

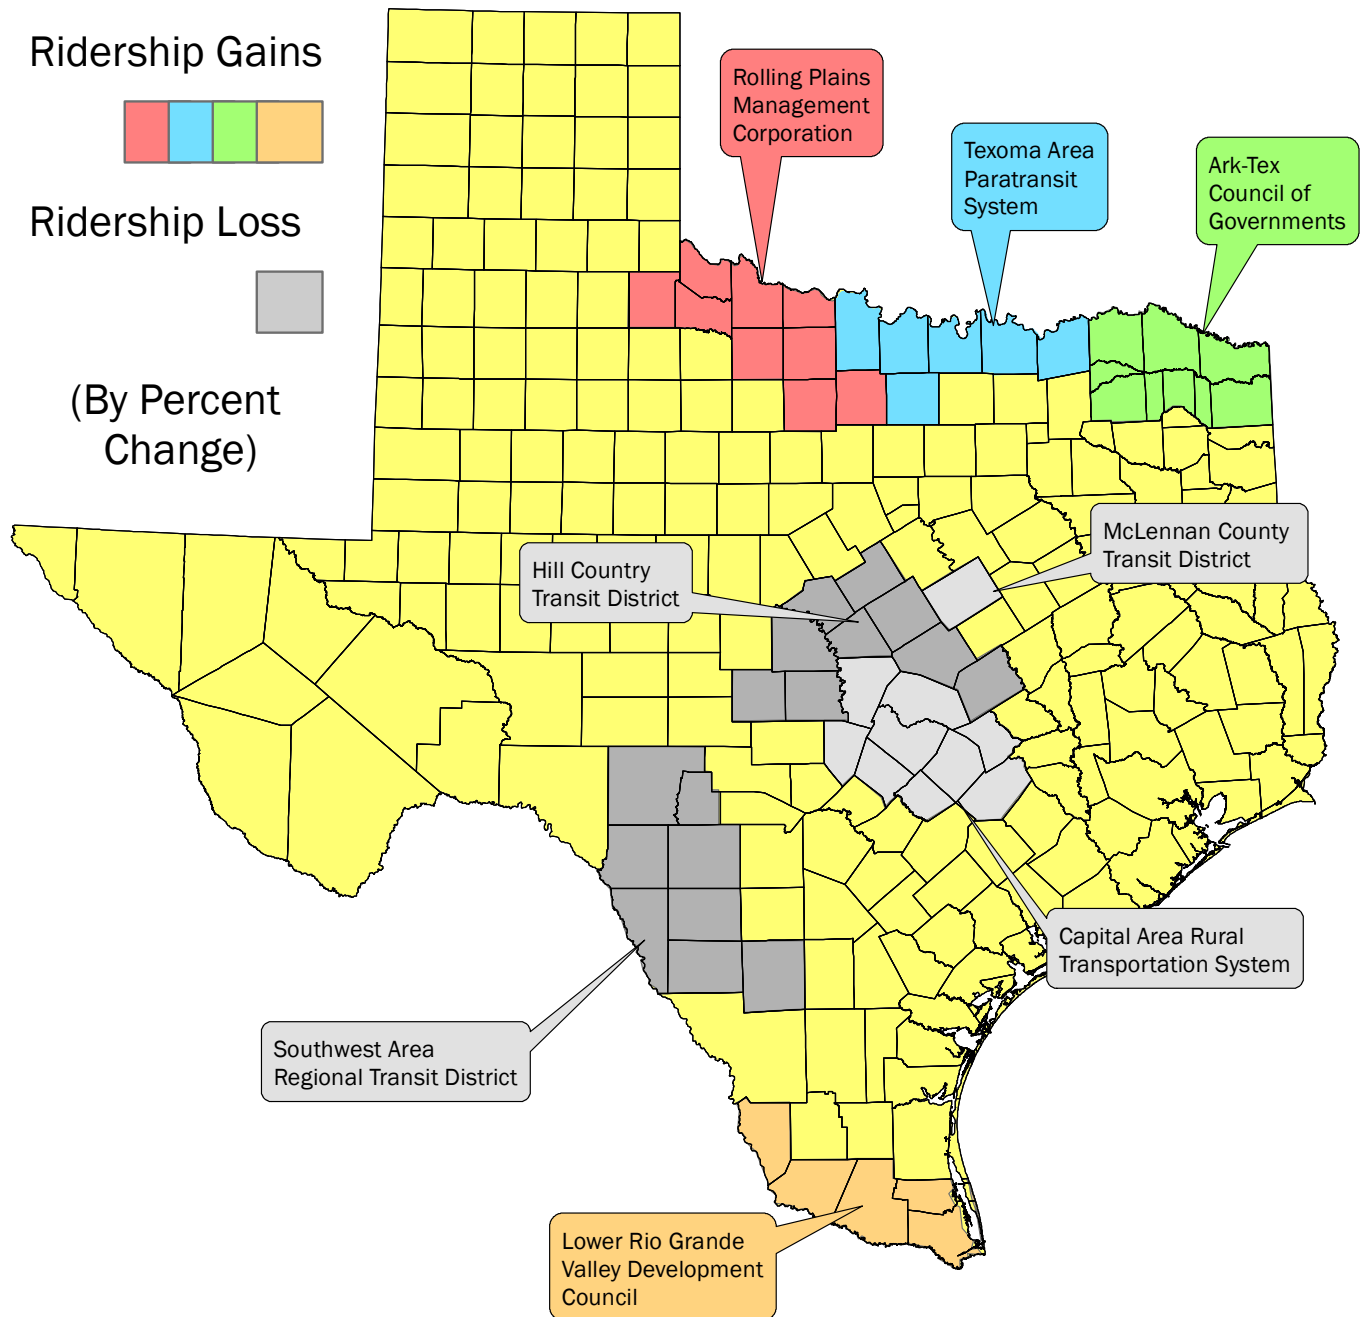

The greatest decrease in passenger trips between FY 2018 and FY 2019 was reported by Hill Country Rural Transit District (- 34%), Capital Area Rural Transportation System (- 22%), Southwest Area Regional Transit District (- 18%) and McLennan County Rural (- 15%).

Figure 10 is a map comparing ridership in selected rural transit districts.

Rural Transit Districts - Performance Review

Figure 10

Ridership Comparison of Selected Agencies - Fiscal Year 2018 to 2019

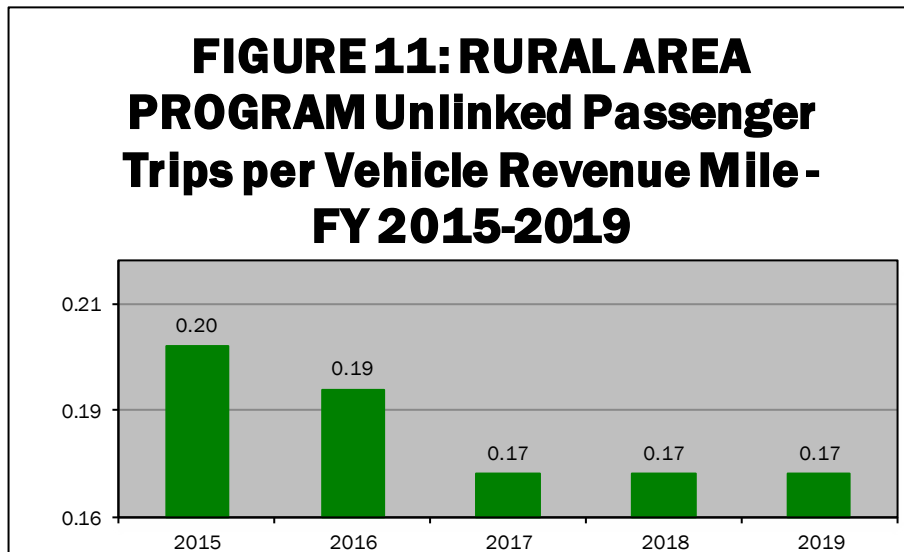

March 2020

From FY 2018 to FY 2019, the South East Texas Regional Planning Commission reported the biggest percentage increase in the amount of vehicle revenue miles: 90%. In addition, Lower Rio Grande Valley Development Council (33%), Community Services, Inc. (25%), Alamo Area Council of Governments (15%), Brazos Transit (15%) and County of El Paso (12%) reported the greatest mileage gains among the rural agencies.

Significant decreases in vehicle revenue miles between FY 2018 and FY 2019 were reported by Southwest Area Regional Transit District (58%), Capital Area Rural Transportation System (25%), Hill Country Rural Transit District (25%), McLennan County Rural (16%) and STAR Transit (16%).

The decline in rural transit district ridership appears to be an agency-specific issue and not easily attributable to an over-arching statewide issue or issues. One example of this is in the area of Medicaid Non-emergency Medical Transportation Service, where a number of long time service agreements for the provision of these services have been scaled back, or eliminated, significantly impacting individual agency performance data. Another example is in areas where competing local priorities have reduced local support for services, triggering significant reductions in ridership etc. Particularly in energy sector areas of the state, transit districts have seen costs increase to hire and retain drivers, and maintain fleet.

Figure 11 below shows the rural transit agencies' “unlinked passenger trips per vehicle revenue mile” for FY 2015-2019. The graph shows a decreasing trend during the past five years.

Notes:

The monthly statistics are in **Appendix 5**. “Local and Total Revenue” is also identified as “Local and Total Investments.” The monthly statistics for “Total Revenue” and “Annual Total Revenue” differ slightly from one another in this report. Monthly statistics include federal, state, and local funding in the “Total Revenue,” whereas the “Annual Total Revenue” statistics include only local funding.

**ENHANCED MOBILITY OF
SENIORS AND INDIVIDUALS WITH DISABILITIES PROGRAM
(Section 5310)**

SUMMARY

ENHANCED MOBILITY OF SENIORS AND INDIVIDUALS WITH DISABILITIES PROGRAM - Operations by Stand-Alone Agencies (Section 5310)

The FTA Section 5310 Grant Program (49 USC, Section 5310) provides public transportation for the enhanced mobility of seniors and individuals with disabilities throughout Texas. TxDOT administers the Section 5310 program for the small urbanized (50,000-199,999 population) and rural areas of the state. This program provides assistance to help local private nonprofit organizations, public transportation agencies, and governmental authorities address mobility issues for the target population when other public transportation is unavailable, insufficient, or inappropriate.

Note: operations funded with Section 5310 program awards to Urban and Rural Transit Districts are included in the total figures reported in those respective sections elsewhere in this report. This section includes only operating and financial data reported by “stand-alone” Section 5310 recipients.

Section 5310 program funds are allocated after state administrative expenses are deducted. There is a formula that distributes funds among the 25 TxDOT Districts by area classification (small urbanized and rural), which are then allocated through a local competitive process to eligible projects.

The allocation formula includes:

- (a) 25% distributed equally among all TxDOT Districts
- (b) 75% distributed by the share of population of seniors and individuals with disabilities, by TxDOT District.

TxDOT calculates the formula separately by area. Please note that several TxDOT Districts do not contain any small urbanized areas. Those districts do not receive small urbanized area funds. On the other hand, all TxDOT Districts have some rural areas within their boundaries.

Section 5310 funds for projects serving small urbanized and rural areas are apportioned to states, which in turn distribute these funds to eligible local applicants. In small urbanized and rural areas, each applicable TxDOT District establishes a local planning and development process in consultation with local stakeholders. This planning process provides local applicants with an opportunity to participate, ensures that projects address the needs of the district’s residents, and provides for as much coordination of transportation services as possible.

The FTA apportions Section 5310 funds directly to large urbanized (over 199,999 population) areas, in accordance with the changes implemented by the FAST Act. In those large urbanized areas, a selected designated recipient administers the program, including a project selection process that is established locally. Contact the designated recipient for the applicable large urbanized area for more information. Contact information is provided at the end of this report.

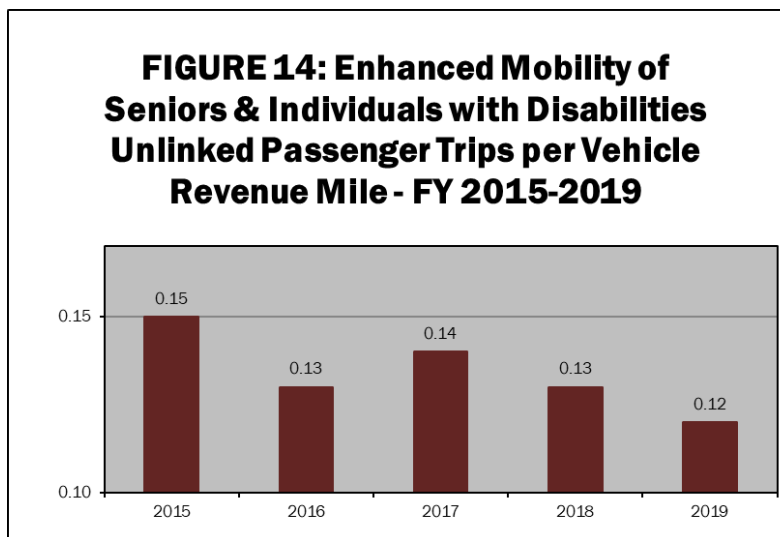

Performance Review – Enhanced Mobility of Seniors and Individuals with Disabilities Programs:

Performance data reported on in this section is only that data collected from stand-alone Section 5310 recipient agencies. Data from Section 5310 program funds granted to Rural and Urban Transit Districts is included in rural area and urban area reporting.

The reported FY 2019 ridership number for Section 5310 agencies is 282,710. Ridership increased by one percent, up from 285,830 in FY 2018. Ridership has declined tremendously since it peaked at 466,909 in FY 2016. Since 2016, overall 5310 agency ridership has declined 39%. This can largely be attributed to two factors: a decrease in the number of stand-alone agencies receiving program funds, from 61 in 2015 to 51 in 2019, and older program recipients disposing of assets (fleet) no longer reporting data.

Not surprisingly, vehicle revenue miles also declined over the past three years, from 4,557,627 in FY 2016 to 2,427,171 in FY 2019 (down 47%).

Figure 14 below indicates a declining trend in unlinked passenger trips per vehicle revenue mile from FY 2015 through FY 2019.

Note: Monthly statistics for agencies funded through the Section 5310 Grant Program are located at the end of this section.

SERVICE EFFECTIVENESS							
	2018	2019					
Unlinked Passenger Trips Per Vehicle Revenue Mile	0.13	0.12					
Unlinked Passenger Trips Per Vehicle Revenue Hour	1.64	1.74					

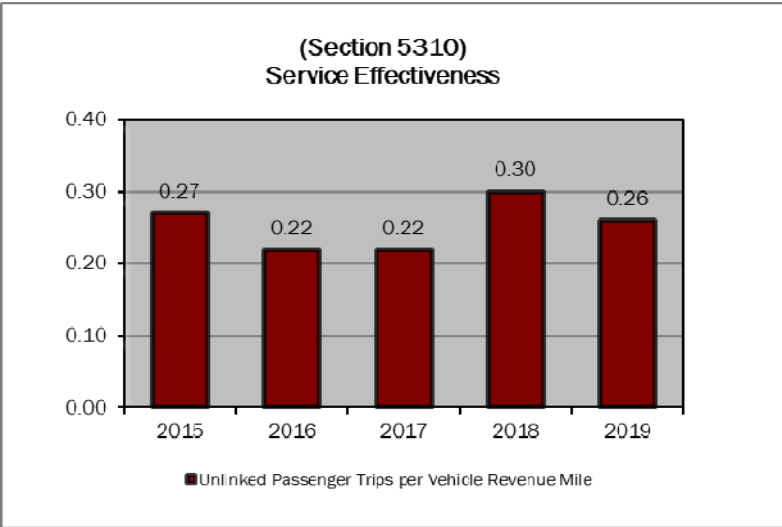

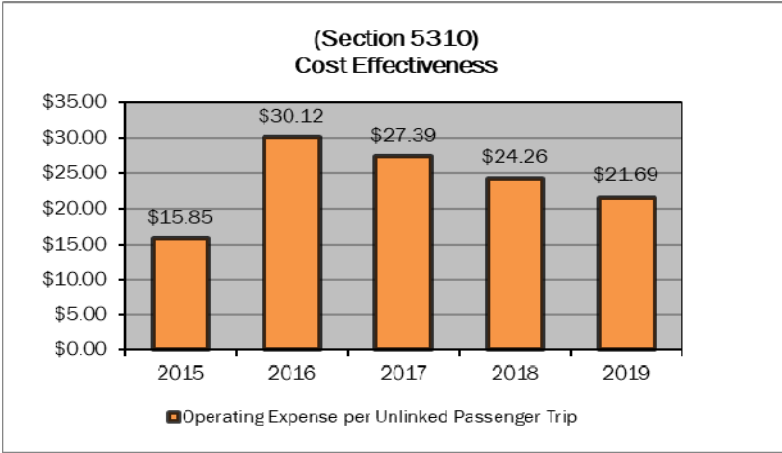

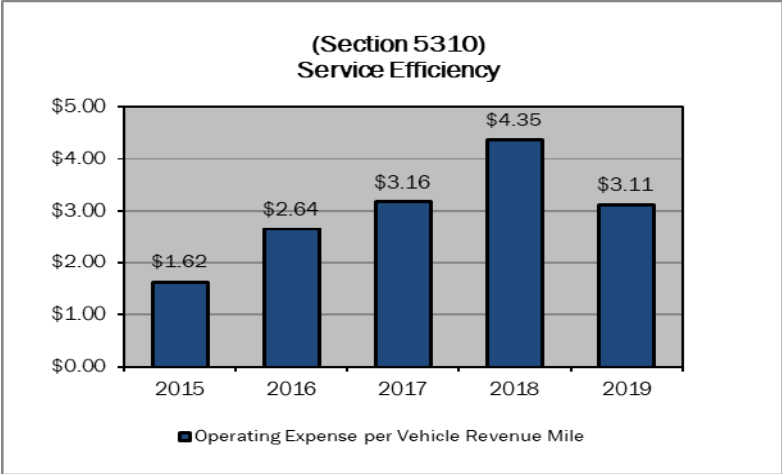

Notes:

"Average Performance Measure" is the average of all service provided.

*Safety Data and Safety Indicators for FY 2018 and 2019 are excluded from this report

**Due to the Section 5310 agencies not collecting actual vehicle miles and hours, the deadhead ratios are not applicable.

FIGURE 15: ENHANCED MOBILITY OF SENIORS AND INDIVIDUALS WITH DISABILITIES EFFICIENCY AND EFFECTIVENESS MEASURES FISCAL YEARS 2015-2019

Note: **Figure 14** bar charts are averages of all transit agencies recorded during fiscal years.

Definitions

DEFINITIONS FOR THE ANNUAL TEXAS TRANSIT STATISTICS REPORT

Note: Definitions are based on the FTA National Transit Database Reporting Manual and the Texas Administrative Code.

ACTUAL VEHICLE HOURS: The hours that vehicles travel while in revenue service (actual vehicle revenue hours (VRH)) plus deadhead hours. Actual vehicle hours exclude hours for charter service, school bus service, operator training, and vehicle maintenance testing.

ACTUAL VEHICLE MILES: The miles that vehicles travel while in revenue service (actual vehicle revenue miles (VRM)) plus deadhead miles. Actual vehicle miles exclude miles for charter services, school bus service, operator training, and vehicle maintenance testing.

ALLOCATION: (1) Between FTA and TxDOT an administrative distribution of funds among the states, done for funds that do not have statutory distribution formulas: (2) Between TxDOT and grant recipients a preliminary distribution of grant funds representing the maximum amount to be made available to a subrecipient during the fiscal year, subject to the subrecipient's completion of and compliance with all application requirements, rules, and regulations applicable to the specific funding program.

AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009 (ARRA): Commonly referred to as the Stimulus or The Recovery Act, is an economic stimulus package enacted by the 111th United States Congress in February 2009.

APPORTIONMENT: A term that refers to a statutorily prescribed division or assignment of funds. An apportionment is based on prescribed formulas in the law and consists of dividing authorized obligation authority for a specific program among the states.

AVERAGE MILES BETWEEN REVENUE VEHICLE SYSTEM FAILURES: The sum of all revenue vehicle miles divided by the aggregated sum of mechanical system failures.

COMMISSION: The Texas Transportation Commission.

COORDINATED COUNTY TRANSPORTATION AUTHORITY (CCTA): A transit authority organized under Chapter 460 of the Texas Transportation Code that follows county boundaries and collects a transit-dedicated sales tax.

DEADHEAD: The operating time (miles and hours) used to move a transit vehicle before revenue service begins and after revenue service ends. When transit vehicles are deadheading, they operate closed-door and are not available to passengers.

DEADHEAD RATIO: The calculation of actual vehicle miles/hours divided by the vehicle revenue miles/hours.

DEPARTMENT: The Texas Department of Transportation.

EXPENSE, TOTAL OPERATING: The total operating cost incurred by a transit agency through its transit operation. It includes the following ten expense objects: labor, fringe benefits, service, materials & supplies, utilities, causalities/liabilities cost, taxes, purchased transportation, miscellaneous expenses and expense transfers. These expense objects are summed by the following four functions: vehicle operations, vehicle maintenance, non-vehicle maintenance and general administration for the total agency expense.

FAREBOX REVENUE: The total passenger fares earned during the report year for directly operated service, regardless of whether they are used during the report year to pay for capital and/or operating expenses. These are fares collected and/or paid for through tickets, passes, tokens, and other fare payment methods.

FAREBOX RECOVERY RATIO: The farebox revenue divided by total operating expenses.

FATALITY: A transit-caused death confirmed within 30 days of the transit incident, which occurs when there is a collision, derailment, fire, evacuation, security incident or when a vehicle leaves the roadway.

FEDERAL TRANSIT ADMINISTRATION: An agency of the United States Department of Transportation.

FIXING AMERICA'S SURFACE TRANSPORTATION (FAST) ACT: Federal authorizing legislation, replaced MAP-21. A funding and authorization bill to govern United States federal surface transportation spending. The FAST Act became effective on October 1st, 2014.

FUNDS, FEDERAL: Financial assistance from the federal government to assist in paying the capital and operating costs of providing transit services.

FUNDS, LOCAL: Financial assistance from local government (below the state level) to help cover the capital and operating costs of providing transit services.

FUNDS, OTHER: Any miscellaneous funds. Examples are funds dedicated to a local government agency for transportation rather than specifically for transit, advertising revenues, and private donations.

FUNDS, STATE: Financial assistance obtained from the state government to assist in paying the capital and operating costs of providing transit revenue services.

INCIDENT: An event involving a transit vehicle or occurring on transit-related property, involving one or more fatalities, injuries, property damages, or certain crimes.

INJURY: Any physical damage or harm to a person as a result of an incident that requires immediate medical attention away from the scene. (Two or more injuries per incident are reported as Major).

JARC: Job Access and Reverse Commute. A public transportation project relating to the development and maintenance of transportation services designed to transport welfare recipients and eligible low-income individuals to and from jobs and activities related to their employment; or for any income level when transit is to a suburban destination.

MAJOR INCIDENTS: Any event involving the operation of a transit system if, as a result, one or more of the following occurs: an individual dies either at the time of the event or within 30 days of the event; two or more individuals suffer bodily damage as a result of the event requiring immediate medical attention away from the scene; a collision, personal casualty, or fire causes property damage in excess of \$25,000; and/or a transit vehicle moving passengers in service is evacuated due to a serious life safety hazard that constitutes an imminent threat.

MAJOR MECHANICAL SYSTEM FAILURES: A failure of some element of the revenue vehicle that prevents the vehicle from completing a scheduled revenue trip or from starting the next scheduled revenue trip because actual movement is limited or because of safety concerns.

METROPOLITAN TRANSIT AUTHORITY (MTA): Agencies funded under the formula Section 5307 urbanized area program which also meet the requirements of serving an area with a population over 200,000 people, having a dedicated taxing authority, and organized according to specific state statutes.

METROPOLITAN PLANNING ORGANIZATION (MPO): A public organization that is designated by the governor to provide planning transportation services for an urbanized area of at least 50,000 population.

MOVING AHEAD FOR PROGRESS IN THE 21ST CENTURY (MAP-21):

Federal authorizing legislation, replaced SAFETEA-LU. A funding and authorization bill to govern United States federal surface transportation spending. It was passed by Congress on June 29, 2012, and President Barack Obama signed it on July 6. Eliminated/merged some programs administered by FTA. MAP-21 became effective on October 1, 2012.

NATIONAL TRANSIT DATABASE (NTD): Established by Congress to be the Nation's primary source for information and statistics on the transit systems of the United States. The NTD reporting system evolved from the transit industry-initiated Project FARE (Uniform Financial Accounting and Reporting Elements).

NEW FREEDOM PROGRAM: Financial assistance from §5317 of the Federal Transit Act. This is a formula program to encourage services and facility improvements to address the transportation needs of persons with disabilities that go beyond those required by the Americans with Disabilities Act. Funds may be used for associated capital and operating costs

NON-ARSON FIRE: Uncontrolled combustion made evident by flame and/or smoke that requires suppression by equipment or personnel.

NON-MAJOR INCIDENT: Existence of one or more of the following conditions: injuries requiring immediate medical attention away from the scene for one person, property damage equal to or exceeding \$7,500 (but less than \$25,000), and all non-arson fires not qualifying as Major Incidents.

NONURBANIZED AREA PROGRAM: Agencies funded under the formula Section 5311 nonurbanized area program, providing coverage for areas outside the urbanized areas established by the US Census Bureau.

OTHER MECHANICAL SYSTEM FAILURES: A failure of some element of the revenue vehicle that because of local policy prevents the vehicle from completing a scheduled revenue trip or from starting the next scheduled revenue trip even though the vehicle is physically able to continue in revenue service.

PASSENGER FARES: The revenue earned from carrying passengers in regularly scheduled and demand response (DR) services. Passenger fares include base fare, zone or distance premiums, express service premiums, extra cost transfers, and quantity purchase discounts applicable to the passenger's ride and special transit fares.

PLANNING ACTIVITY PROGRAM: Grants awarded under Section 5303 to MPOs or under Section 5304 to TxDOT for transit planning and research activities.

PTN (acronym): Texas Department of Transportation, Public Transportation Division.

PURCHASE OF SERVICE: Transportation service provided to a public transit agency or governmental unit from a public or private transportation provider based on a written contract.

REVENUE, OTHER OPERATING: Revenue derived from (1) organizations paying money in lieu of passenger fares, etc.; (2) transit-related services such as station and vehicle concessions and advertising; and (3) non-transit related services, such as rental of vehicles and properties, investment income, and non-park-and-ride parking revenue.

REVENUE, TOTAL OPERATING: The total revenue earned by a transit agency through its transit operations. It includes passenger fares, advertising, financial assistance for transit operations (not capital expenditures) such as federal, state and local government.

RURAL AREA PROGRAM: Agencies funded under the formula Section 5311 nonurbanized area program, providing coverage for eligible areas. See also NONURBANIZED AREA PROGRAM.

RURAL TRANSIT ASSISTANCE PROGRAM (RTAP): The funds allocated to the States to undertake research, training, technical assistance and other support services to meet the needs of transit agencies in nonurbanized areas.

SAFETY INCIDENTS: Any event involving the operation of a transit system if, as a result, one or more of the following occurs: an individual dies either at the time of the event or within 30 days of the event; one or more persons suffer bodily damage as a result of the event requiring immediate medical attention away from the scene; and/or property damage

in excess of \$25,000.

SALES TAX (DEDICATED FUNDS): Any funds raised specifically for transit purposes and which are dedicated at their source (e.g., sales taxes) rather than through an allocation from the pool of general funds.

SENIORS & INDIVIDUALS WITH DISABILITIES PROGRAM: Agencies funded under the formula Section 5310 program, providing transportation service to seniors and/or individuals with disabilities. Agencies may be non-profit, or a local public body if there is not a readily available non-profit agency in the area. Services may be provided by the grantee agency or purchased from another agency (typically from a nonurbanized Section 5311 agency).

STATE FISCAL YEAR (SFY): The state accounting period of 12 months that begins on September 1 of each calendar year and ends on August 31 of the following calendar year.

TRANSIT VEHICLE AND PROPERTY DAMAGES: The dollar amount required to repair or replace all vehicles (transit and non-transit) and all property/ facilities (tracks, signals, and buildings) damaged during an incident to a state equivalent to that which existed prior to the incident: major incidents (exceed \$25,000) and non-major incidents (exceed \$7,500 but less than \$25,000).

TEXAS ADMINISTRATIVE CODE: The body of state regulations that are published and have the force of law. Find transit at Title 43 - Transportation, Part 1 – Texas Department of Transportation, Chapter 31 – Public Transportation.

UNLINKED PASSENGER TRIP: A one-way trip carrying a person from a single origin to a single destination. Passengers are counted each time they board a vehicle no matter how many vehicles they use to travel from their origin to their destination.

URBANIZED AREA: An area defined by the U. S. Census Bureau that includes: one or more incorporated cities, villages, towns (central place), and the adjacent densely settled surrounding territory (urban fringe) that together have a minimum of 50,000 persons. The urban fringe generally consists of contiguous territory having a density of at least 1,000 persons per square mile. Urbanized areas do not conform to congressional districts or any other political boundaries.

URBANIZED AREA PROGRAM: Agencies funded under the formula Section 5307 urbanized area program. Both metropolitan transit authorities (MTAs) and smaller urbanized area fall in the Section 5307 urbanized area program, but are generally treated separately. In this report, “urbanized areas” fall between 50,000 and 200,000 in population or do not meet the State requirements to be classified as an MTA.

VEHICLE REVENUE HOURS: The hours that vehicles are scheduled to or actually travel while in revenue service. Vehicle revenue hours include layover/recovery time; but exclude deadhead, operator training, and vehicle maintenance testing, as well as school bus and charter services.

VEHICLE REVENUE MILES: The miles that vehicles are scheduled to or actually travel while in revenue service. Vehicle revenue miles include layover/recovery time; but exclude deadhead, operator training, and vehicle maintenance testing, as well as school bus and charter services.

VEHICLES, NUMBER OF: The number of revenue vehicles available to meet the annual maximum service requirements. Vehicles available for maximum service include spares, out-of-service vehicles, and vehicles in or awaiting maintenance, but exclude vehicles awaiting sale and emergency contingency vehicles.

WELFARE RECIPIENT: An individual who has received assistance under a state or tribal program funded under the Social Security Act, Title IV, Part A, at any time during the previous three year period, or as otherwise defined by 49 USC §5316, the Job Access and Reverse Commute program.

CONTACT INFORMATION FOR ENHANCED MOBILITY OF SENIORS & INDIVIDUALS WITH DISABILITIES TRANSPORTATION PROGRAM (Section 5310)

For the Large Urbanized Areas in Texas (urbanized population 200,000 and above), 49 USC Section 5310 requires a local selection process to name a *designated recipient*. These designated recipients are then responsible for administration of the Section 5310 program in their respective urbanized areas, including administration of a project selection process. In some cases, the local preference has been for TxDOT to act as the designated recipient for a limited time. If authorized by the commission, TxDOT will provide this service for a specified period.

The following are the current designated recipients for the Section 5310 program in Texas' large urbanized areas:

<u>Urbanized Area</u>	<u>Designated Recipient (Contact Information)</u>
Austin	<ul style="list-style-type: none"> • TxDOT (portion of FY 2019 funds only) • Capital Area Metropolitan Transportation Authority (balance of FY 2019 funds and subsequent years) (See <i>Metropolitan Transit Authorities</i> listing)
Brownsville	City of Brownsville (See <i>Urbanized Transit Systems</i> listing)
Conroe-The Woodlands	<ul style="list-style-type: none"> • TxDOT (FY 2019 funds only) • City of Conroe (FY 2019 funds and subsequent years) 300 West Davis/P.O. Box 3066, Conroe, Texas 77305 Phone (936) 522-3030, www.CityofConroe.org
Corpus Christi	Corpus Christi Regional Transportation Authority (See <i>Metropolitan Transit Authorities</i> listing)
Dallas-Ft. Worth-Arlington	Three co-designated recipients, based upon coverage: Dallas Area Rapid Transit, Fort Worth Transportation Authority, and North Central Texas Council of Governments (NCTCOG) (See <i>Metropolitan Transit Authorities</i> listing for DART and Trinity Metro). Contact for NCTCOG: Michael Morris, Director of Transportation, 616 Six Flags Drive, Arlington, TX 76011, Phone (817) 695-9241, email mmorris@nctcog.org , website http://www.nctcog.org/trans)
Denton-Lewisville	NCTCOG (See address under Dallas-Ft. Worth-Arlington)

<u>Urbanized Area</u>	<u>Designated Recipient (Contact Information, continued)</u>
El Paso	El Paso MPO - (Michael Medina, Executive Director, 10767 Gateway Blvd. West, Suite 605, El Paso, TX 79935, Phone (915) 591-9735, email mmedina@elpasompo.org , web http://www.elpasompo.org)
Houston	<ul style="list-style-type: none"> • TxDOT (portion of FY 2019 funds only) • Houston Metro (FY 2019 funds and subsequent years) (See <i>Metropolitan Transit Authorities</i> listing)
Killeen	Hill Country Transit District (See <i>Urbanized Transit Systems</i> listing)
Laredo	<ul style="list-style-type: none"> • TxDOT (FY 2018 funds only) • City of Laredo (FY 2019 funds and subsequent years) (See <i>Urbanized Transit Systems</i> listing)
Lubbock	City of Lubbock/Citibus (See <i>Urbanized Transit Systems</i> listing)
McAllen	Lower Rio Grande Valley Development Council (See <i>Rural Transit Districts</i> listing)
San Antonio	VIA Metropolitan Transit (See <i>Metropolitan Transit Authorities</i> listing)

For small urbanized and rural areas of Texas, TxDOT is the designated recipient. A complete listing of the current transit agencies operating as Section 5310 providers in those areas would be too cumbersome to list in this report. Listed below are two methods to obtain a current listing.

To obtain a list of addresses of these agencies, please contact the Texas Department of Transportation, Public Transportation Division, 125 East 11th Street, Austin, Texas, 78701-2483 or call (512) 486-5977.

Or you can view the current transit agencies by going to TxDOT's website.

www.txdot.gov
