Excursions in Learning

PRIMARY GRADES

July 29-August 9

A student's grade level is the grade he or she has just completed in the 2018-2019 school year, sorry no exceptions.
INSECT STEM EXPLORATION (GRADES K-2)

Do your kids like bugs? Then this class that focuses on science, engineering, and mathematics is for them! We will observe insects' symmetry and recreate it with mirrors and reflections. After studying a firefly's life cycle, we will build a simple circuit that lights up the insect. They will also get to bring home fingerprint insects and pipe cleaner insects to keep. We will go out for a nature walk and hang up our handmade butterfly feeders. We will daily revisit the feeders to see if any butterflies have visited. We will also experiment with pollination! To complete our two week insect adventure, we will invite a local beekeeper to come and visit our classroom to talk about his beehives!

CRN 20560 | Fee: $300
9 a.m. - 12 p.m. | GPA GP137

Instructor: Sandy Mishriky

STEM-TASTIC FIRST STEPS! (GRADES K-2)

By studying the subjects of Science, Technology, Engineering, Math, and even Art, we can learn important skills that help us explore and examine the world around us! Students will be given hands-on challenges that require them to make a plan, solve problems, experiment, and improve their creations. Students will imagine themselves as home designers, bridge developers, zoo keepers, and much more! Students will have a blast discovering and building and will learn that having a growth mindset can lead to successful outcomes!

CRN 20585 | Fee: $300
9 a.m.-12 p.m. | GPA GP143

Instructor: Jennifer Renkiewicz

ENGINEERING OUR WAY THROUGH FAIRY TALES (GRADES K-2)

This course will combine the subjects of Science, Technology, Engineering, Art and Math to explore and examine the world around us! Through enchanting engineering and charming challenges, students will re-discover familiar fairy tales with a new STEAM twist. We will design and construct a parachute for Jack in the Beanstalk, a new bed for Goldilocks, sturdy houses that can withstand the Big Bad Wolf, and much more! Following an engineering design process, students will be given hands-on challenges that will engage their natural curiosity and encourage them to explore, take risks, and never give up!

CRN 20556 | Fee: $300
1-4p.m. | GPA GP142

Instructor: Taina Hernandez

2019 SUMMER EXCURSIONS IN LEARNING REGISTRATION

Today Date: _____

Student's Name: _____   Name for name tag: _____
(Last)   (First)

Home Address: _____ City/State: _____ Zip: _____

Are you a new Excursions student? ❑ Yes ❑ No Banner ID# (if known) _____ ❑ Male ❑ Female Birth Date: _____

Grade (2018/2019 Year): _____ Age: _____ Parent/Guardian Name(s): _____ Home Phone: _____
