

## FOAMING LUXURY HAND SOAP Dye & Fragrance Free

Foaming Luxury Hand Soap Dye & Fragrance Free, is the same great formula as Foaming Luxury Hand Soap without any added dye or fragrance. The rich soft foam quickly cleans away light to medium soils and is ideal for any environment.

### Features and Benefits

- Effective general purpose hand soap
- Clear with no added fragrance
- Soft, rich foam cleans light to medium soils
- Contains Aloe and Vitamin E to help nourish the skin
- Green Seal™ Certified
- Ideal for any environment

### Directions for Use

Apply a sufficient amount of product to hands.  
Add water, lather for 20 seconds, and rinse.

### Market Segments

**General Office/Restrooms**

- Public Restrooms
- Offices
- Retail

**Education**

- K-12 Schools
- Colleges/Universities
- Daycare

**Healthcare**

- Doctor's/Dentist's Offices
- Hospitals
- Nursing Homes

**Industrial & Manufacturing**

**Food Service**

**Sports/Hospitality/Leisure**

- Casinos/Hotels
- Stadiums
- Fitness Facilities

### Certifications

This product meets Green Seal™ Standard GS-41A based on effective performance and protective limits on VOCs and human & environmental toxicity. GreenSeal.org.

Nonfood Compounds Program Listed: E1  
Registration Number: 152462

### Chemical and Physical Properties

Product Type . . . . .	Foam
Color . . . . .	Pale
Clarity . . . . .	Clear
Fragrance . . . . .	None
pH (as is) 25°C . . . . .	6.5 Typical
Freeze Thaw Stable . . . . .	Yes (3 cycles)
% Surfactants . . . . .	Below 10%
Viscosity at 25°C . . . . .	5 CPS Typical
CA prop 65 compliant . . . . .	Yes

### Ingredients

Water, Ammonium Lauryl Sulfate, Sodium Laureth Sulfate, Disodium Cocamido MIPA Sulfosuccinate, DMDM Hydantoin, Glycerin, Polyquaternium-7, Citric Acid, Aloe Barbadosis Leaf Juice, Tocopheryl Acetate (Vitamin E).

# PRODUCT CENTRAL

# 102 Glass Cleaner

## TECHNICAL DATA

**Product Central 102 Glass Cleaner** is a premium product in a quick drying formula. Leaves glass, mirrors and other hard surfaces clean and streak-free. Cleans easily with a soft cloth or paper towel. Streak-free on the first wipe. Biodegradable and phosphate free.

### EASY TO USE (DILUTE WITH COLD WATER)

- Dispense automatically with the Product Central Express Dispenser.
- Spray and wipe or apply with a window brush and squeegee off.
- For use on all glass and mirror surfaces.
- Use on all washable surfaces including plastic, porcelain, plexi-glass, stainless steel, ceramic, and glazed tiles, display cases, vinyl upholstery, and appliances.

**Disposal:** Surfactants biodegradable. Diluted product may be flushed down sewer. Check with local water treatment plant. Recycling container recommended.

**Disposición:** Surfactants biodegradable. El producto diluido puede ser limpiado abajo alcantarilla. Verifique con planta local de tratamiento de agua. El reciclaje recomendó para el contenedor.

The consequences of improper use or improper dilution are residue buildup or reduced effectiveness, as well as an increased risk of adverse health effects.

### SPECIFICATIONS

Dilution 3 liter cartridge	Hi-Flow	1:256
	Lo-Flow	1:64
Yield half-gallon cartridge	Hi-Flow	100 gallons
	Lo-Flow	400 quarts
Yield 3 liter cartridge	Hi-Flow	202 gallons
	Lo-Flow	202 quarts
pH as supplied	12-13	
Color	Blue	
Odor	Lavender	
Weight per gallon	8.72 lbs.	
Packaging	½ gallon and 3 liter cartridge	
Shelf Life	1 year	

This product meets Green Seal™ Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging and protective limits on: VOCs and human & environmental toxicity. GreenSeal.org.

**CAUTION:** KEEP OUT OF THE REACH OF CHILDREN. EYE IRRITANT. MAY CAUSE SKIN IRRITATION. Avoid contact with eyes and skin. Wash thoroughly after handling. Harmful if swallowed. Do not mix with chlorine bleach, ammonia or any other cleaning products. Do not reuse container. Keep container closed when not in use.

**FIRST AID:** **For eyes:** flush with plenty of water for at least 15 minutes. If irritation persists, get medical attention. **For Skin:** Remove contaminated clothing. Wash skin area with plenty of water. Get medical attention if irritation persists. **Ingestion:** drink plenty of water. Get medical attention. Never try to give water to an unconscious person.

**SAFETY PRECAUTIONS:** Protective gloves and eyewear are recommended but not required when used as directed.

### INTEGRATED SYSTEM

Use the Product Central chemical cartridges with the

- **Express Wall Mount Dispenser**
- **Express Portable Dispenser**

### User Friendly

- Simply choose the appropriate chemical.
- Insert the cartridge into the dispenser.
- Select the spray bottle fill button or the bulk fill button.
- Fill spray bottles, buckets, machines, etc.
- The dispenser automatically dilutes the product.

### Built-in Features

- Each cartridge comes with its own dilution control mechanism.
- A flow reduction washer keeps pressure constant, assuring accurate dilution.
- Air gap technology protects the water supply.

### Smart Packaging

- Color and number coded labels
- Labels have icons to show proper usage

Revised June 2017

Disinfectant

# 103 Disinfectant 256

## TECHNICAL DATA

**Product Central 103 Disinfectant 256** is a one-step, Hospital Use disinfectant cleaner that is effective against a broad spectrum of bacteria, is virucidal\* including HIV-1, Hepatitis B Virus, Hepatitis C Virus, \*Herpes Simplex Virus Type 1, \*Herpes Simplex Virus Type 2, \*Human Coronavirus, \*Influenza Virus Type A/Brazil, \*Influenza Virus Type A/Hong Kong, \*Norwalk Virus [Norovirus], \*Respiratory Syncytial Virus, \*Rotavirus, \*SARS Associated Coronavirus, \*Vacinia Virus, fungicidal, and inhibits the growth of mold and mildew, and their odors, when used as directed. Cross-contamination is of major housekeeping concern. this product has been formulated to aid in the reduction of cross-contamination not only in hospitals, but in schools, institutions and industry.

As a disinfectant, this product kills: Pseudomonas aeruginosa, Staphylococcus aureus, Salmonella enteric, Campylobacter jejuni, Enterobacter aerogenes, Enterococcus faecalis- Vancomycin Resistant, Escherichia coli, Klebsiella pneumonia, Legionella pneumophila, Listeria monocytogenes, Pseudomonas cepacia, Salmonella schottmuelleri, Salmonella typhi, Shigella dysenteriae, Staphylococcus aureus [MRSA], Staphylococcus aureus-Vancomycin Intermediate Resistant, Streptococcus pyogenes.

### EASY TO USE

- Dispense automatically with the Product Central Express Dispenser.
- For floor cleaning use with a wet mopping system.
- For general cleaning use with sprayers, wipers, sponges, and pails.

SPECIFICATIONS		
Dilution 1/2-gallon cartridge	High/Low Flow	1:256
Dilution 3 liter cartridge	High Flow	1:256
	Low Flow	1:64

Weight per gallon	8.41 lbs.	
Packaging	1/2 gallon and 3 liter cartridge	
Shelf Life	1 year	

**DANGER.** Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (goggles, face shield or safety glasses), protective clothing and protective (rubber or chemical resistant) gloves if eye or skin contact is likely. Harmful if swallowed and/or if absorbed through the skin. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

### FIRST AID

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. **If swallowed:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **Note to physician:** Probable mucosal damage may contraindicate the use of gastric lavage. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling poison control center or doctor or going for treatment.

### INTEGRATED SYSTEM

Use Product Central chemical cartridges with the

- Express Wall Mount Dispenser
- Express Portable Dispenser
- Express Portable Foaming Gun

### User Friendly

- Simply choose the appropriate chemical.
- Insert the cartridge into the dispenser.
- Select the spray bottle fill button or the bulk fill button.
- Fill spray bottles, buckets, machines, etc.
- The dispenser automatically dilutes the product.

### Built-in Features

- Each cartridge comes with its own dilution control mechanism.
- A flow reduction washer keeps pressure constant, assuring accurate dilution.
- Air gap technology protects the water supply.

### Smart Packaging

- Color and number coded labels
- Labels have icons to show proper usage

January 2018

**Product Central 103 Disinfectant 256**  
EPA Reg. No. 6836-78-1674 • EPA Est. No. 1674-MA-01

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**DISINFECTION/VIRUCIDAL\*/FUNGICIDAL/MOLD AND MILDEW CONTROL DIRECTIONS:**

Apply use-solution to hard, nonporous surfaces, thoroughly wetting surfaces with a cloth, mop, sponge, sprayer or by immersion. Treated surfaces must remain wet for 10 minutes. Wipe dry with a cloth, sponge or mop or allow to air dry. For heavily soiled areas, a preliminary cleaning is required.

For sprayer applications, use a coarse spray device. Spray 6 - 8 inches from the surface; rub with a brush, sponge or cloth. Do not breathe spray.

Rinse all surfaces that come in contact with food such as countertops, exteriors of appliances, tables and stovetops with potable water before reuse. Do not use on utensils, glassware and dishes.

For fungicidal activity, PC103 is an effective fungicide against Trichophyton mentagrophytes [the athlete's foot fungus] in areas such as locker rooms, dressing rooms, shower and bath areas and exercise facilities. PC103 is a one-step fungicide at ½ oz. per gallon in 200 ppm hard water and 5% serum.

For mold and mildew, At ½ oz. per gallon, PC103 will effectively inhibit the growth of mold and mildew and the odors caused by them when applied to hard, nonporous surfaces. Follow disinfection instructions. Repeat treatment every seven days, or more often if new growth appears.

**BACTERICIDAL STABILITY OF USE-DILUTION:** the use solution of this product, when stored in a sealed container such as a spray bottle, remains effective for up to 1 year. If product becomes visibly dirty or contaminated, the use-dilution must be discarded and fresh product prepared. Always use clean, properly labeled containers when diluting this product. Bactericidal stability of the use-dilution does not apply to open containers such as buckets or pails.

This product is not for use on medical device surfaces.

**\*KILLS HIV AND HBV AND HCV ON PRE-CLEANED ENVIRONMENTAL SURFACES / OBJECTS PREVIOUSLY SOILED WITH BLOOD / BODY FLUIDS** in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces / objects with blood or body fluids, and in which the surfaces / objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 [HIV-1] [associated with AIDS] or Hepatitis B Virus [HBV] or Hepatitis C Virus [HCV].

**Special Instructions for Cleaning and Decontamination against HIV-1 or HBV or HCV on Surfaces / Objects Soiled With Blood / Body Fluids.**

**Personal protection:** Clean-up must always be done wearing protective gloves, gowns, masks and eye protection.

**Cleaning procedure:** Blood and other body fluids containing HIV or HBV or HCV must be thoroughly cleaned from surfaces and objects before application of PC103.

**Contact time:** Leave surface wet for 1 minute [60 seconds] for HIV-1 and 10 minutes for HBV and HCV with ½ oz. per gallon use-solution. Use a 10-minute contact time for disinfection against all other viruses, bacteria and fungi claimed.

**Disposal of infectious material:** Blood, body fluids, cleaning materials and clothing must be autoclaved and disposed of according to local regulations for infectious waste disposal.

**NON-ACID TOILET BOWL [AND URINAL] DISINFECTANT/CLEANER DIRECTIONS:**

Remove gross filth prior to disinfection. Empty toilet bowl [or urinal] and apply ½ oz. per gallon use-solution to exposed surfaces and under the rim with a cloth, mop, sponge or mechanical spray. Brush or swab thoroughly. Allow to stand for 10 minutes and flush.

**DISINFECTION OF WHIRLPOOL BATHS:**

After using the bath, drain and refill with fresh water to cover the highest jet. Add ½ oz. PC103 for each gallon of fresh water added. Start the pump to circulate the solution. Wash down the sides, deck, seat of chair lift, and any uncovered surfaces on the unit with a clean swab, brush or sponge. Treated surfaces must remain wet for 10 minutes. After the bath has been thoroughly disinfected, drain the solution and rinse the disinfected surfaces with fresh water. Wipe dry with a clean sponge or cloth or allow to air dry. Repeat for heavily soiled units.

**FOR USE ON FINISHED FLOORS:** To limit gloss reduction use PC103 at ½ oz. per gallon. Apply with a damp mop or autoscrubber. Allow surface to remain wet for 10 minutes. Wipe or allow to air dry.

**VETERINARY/ANIMAL CARE FACILITIES DISINFECTION/VIRUCIDAL\* DIRECTIONS:**

For cleaning and disinfecting hard nonporous surfaces: equipment used for feeding animals, utensils, instruments, cages, kennels, stables, catteries, pens, stalls and etc. Remove all animals and feeds from premises, animal transportation vehicles, crates, pens, stalls and etc. Remove all litter, droppings and manure from floors, walls and surfaces of facilities occupied or traversed by animals. Empty all feeding and watering appliances. Thoroughly clean all surfaces with soap or detergent and rinse with water. Saturate surfaces with a use-solution of ½ oz. of PC103 per gallon of water for a period of 10 minutes. Wipe or allow to air dry. Immerse all halters, ropes, and other types of equipment used in handling and restraining animals as well as forks, shovels, and scrapers used to remove litter and manure. Thoroughly scrub all treated surfaces, then rinse all surfaces that come in contact with food, including equipment used for feeding or watering, with potable water before reuse. Ventilate buildings, animal enclosures, and other closed spaces. Do not house animals or employ equipment until treatment has been absorbed, set or dried.

**TO CLEAN AND DEODORIZE:** Use ½ oz of PC103 per gallon of water to clean and deodorize surfaces. Apply using a cloth, mop, sponge or sprayer. Wipe or allow to air dry.

**Carpets:** ½ oz. per gallon of shampoo solution eliminates odors associated with urine, vomit, smoke, and mildew. Reapply after cleaning for freshening effects. Allow to dry.

**Effective against the following pathogens:**

**[Bacteria:]**

Pseudomonas aeruginosa  
Staphylococcus aureus  
Salmonella enterica

Acinetobacter baumannii  
Brevibacterium ammoniagenes  
Campylobacter jejuni  
Enterobacter aerogenes  
Enterococcus faecalis  
Enterococcus faecalis- Vancomycin Resistant [VRE]  
Escherichia coli [E. coli]  
ESBL Escherichia coli  
Klebsiella pneumoniae  
Legionella pneumophila  
Listeria monocytogenes [Listeria]  
Pseudomonas cepacia [Pseudomonas]  
Salmonella schottmuelleri [Salmonella]  
Salmonella typhi [Salmonella]  
Serratia marcescens [Serratia]  
Shigella dysenteriae [Shigella]  
Staphylococcus aureus [Community Associated Methicillin-Resistant]  
Staphylococcus aureus - Methicillin-Resistant [MRSA]  
Staphylococcus aureus - Multi-Drug Resistant [resistant to tetracycline, penicillin, streptomycin and erythromycin]  
Staphylococcus aureus-Vancomycin Intermediate Resistant]  
Streptococcus pyogenes [Strep]  
Vibrio cholerae

**[Viruses:]**

\*Hepatitis B Virus [HBV]  
\*Hepatitis C Virus [HCV]  
\*Herpes Simplex Virus Type 1  
\*Herpes Simplex Virus Type 2  
\*HIV-1 [AIDS Virus]  
\*Human Coronavirus  
\*Influenza Virus Type A / Brazil [Influenza]  
\*Influenza Virus Type A / Hong Kong [Influenza]  
\*Norwalk Virus [Feline Calicivirus] [Norovirus]  
\*Respiratory Syncytial Virus [RSV]  
\*Rotavirus  
\*SARS Associated Coronavirus [SARS]  
\*Vaccinia Virus [Pox Virus]

Kills Pandemic 2009 H1N1 influenza A virus (formerly swine flu).

PC103 is effective against the following animal viruses:

Avian Influenza Virus (H3N2)  
Avian Influenza Virus (H5N1)  
Avian Infectious Bronchitis Virus  
Canine Distemper Virus  
Feline Calicivirus  
Newcastle's Disease Virus  
Pseudorabies Virus

**[Fungi:]**

Aspergillus niger  
Trichophyton mentagrophytes [the Athlete's Foot Fungus]

Food Safe Sanitizer

# 105 Sanitizer

## TECHNICAL DATA

◆ ◆ **FOOD SERVICE** ◆ ◆ **NO RINSE** ◆ ◆

**Product Central 105 Sanitizer** is a concentrated water-based solution composed of dual quaternary ammonium chlorides. Sanitizer is recommended for use where only sanitizing is needed, especially, in food preparation areas. A potable water rinse is not required when Sanitizer is used as a final sanitizing rinse on clean hard surfaces. Sanitizer is ideal for use in meat and poultry processing and handling facilities, supermarkets, food handlers, food processors, restaurants, hotels, schools, colleges, veterinary and kennel facilities, dairy facilities, public transportation, public buildings, hospitals, nursing homes and institutions. Sanitizer is EPA registered for use in federally inspected meat, poultry, rabbit and egg plants.

**EASY TO USE**

- Dispense automatically with the Product Central Express Dispenser into sink, spray bottle, bucket or pail.
- For sanitizing pre-cleaned, non-porous food contact surfaces.
- Spray, flood or submerge items or surfaces to be sanitized.
- If necessary, drain excess solution.
- Allow to air dry.

# PRODUCT CENTRAL

Degreaser

# 107 EP Heavy Duty Degreaser TECHNICAL DATA

## ◆◆ SUSPENDS SOIL ◆◆◆ EMULSIFIES ◆◆

**Product Central 107 EP Heavy Duty Degreaser** is a fast-acting, environmentally preferable degreaser fortified with organic and inorganic sequestering agents, and a soil suspending agents that works on many kinds of grease soils. Phosphate-free and glycol ether EB-free. Biodegradable, non-corrosive and non-flammable.

### EASY TO USE

- Dispense automatically with the Product Central Express Dispenser.
- Use with sprayers, automatic scrubbers, mop and buckets, sponges and pails.
- Ideal for removing hardened layers and deposits of animal fat, grease, protein substances, carbon, embedded soil and food stuff.
- It may also be used on concrete floors, air filters, locker room and pool floors.
- It is rust inhibited for metal cleaning but should not be used on polished aluminum, magnesium, painted, varnished or polished surfaces.

Revised November 2018

# PRODUCT CENTRAL

Floor Cleaner

# 117 Winterclean TECHNICAL DATA

**Product Central 117 Winterclean 365** is a neutralizing floor cleaner, suitable for use year-round, specially formulated to remove residues from harmful and unsightly de-icing salts. Safe for use on all types of floors. Built-in detergent fortifiers aid in the removal of winter grime and soil without damaging the floor finish. Winterclean 365 can also be used as a fail-safe neutralizer after stripping a floor and prior to coating with floor finish. No rinsing is required.

## EASY TO USE

- Dispense automatically with any Product Central Dispenser or EZ Fill container.
- Dilute with cold water.
- Wash the floor using an autoscrubber or wet mopping system.
- Change solution as needed.
- When preparing a floor finish application, use **Product Central 117 Winterclean 365** with an autoscrubber or wet mopping system prior to applying floor finish.

This product meets Green Seal™ Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging and protective limits on: VOCs and human & environmental toxicity. GreenSeal.org.

# PRODUCT CENTRAL

# Peroxide cleaner (restrooms/carpets) 120 Peroxide Multi- surface Cleaner TECHNICAL DATA

**Product Central 120 Peroxide Multisurface Cleaner** is a multi-purpose cleaning product for use on carpets, grouted tile, floors, glass and other hard surfaces.

## EASY TO USE (DILUTE WITH COLD WATER)

### Carpet Cleaning

**Extraction Method:** Dispense low flow into a pump-up or electric sprayer. Liberally spray carpet or upholstery and let soak for 10 minutes. Rinse extract using **PC#114 Rinse Agent**. Do not use extraction shampoo.

**Rotary Spin Cleaning:** Dispense high flow into a bucket. Submerge spin cleaning pad into the bucket. Wring out excess liquid then spin clean carpet area.

**Spot Removal:** Dispense low flow into a spray bottle. Liberally spray the spot directly. Tamp area then rinse extract or blot. Refer to spotting guide.

**Note:** Use a carpet dryer after each method.

### Hard Surface Cleaning

**Grouted Floors:** Dispense high flow into bucket. Mop on then scrub with buffer or deck brush. Wet vac or squeegee into drain.

**Hard Surfaces:** Dispense low flow into spray or squirt bottle, or dispense directly with the Product Central Foaming Gun. Apply to walls, furniture, doors, showers, counters, drinking fountains, restroom fixtures and almost any hard surface. Wipe the surface using a sponge, wiper or paper towel.

**Glass/Mirrors:** Dispense low flow into a spray bottle. Apply sparingly to the glass or mirror. For best results remove with a microfiber cloth or pad.

**Improper Use:** May cause eye and skin irritation. May increase the risk of health effects. Avoid eye and skin contact.

**Improper Dilution:** May affect product effectiveness or leave a residue.

**Disposal:** Surfactants biodegradable. Diluted product may be flushed down sewer. Check with local water treatment plant. Recycling container recommended. Dispose of unused concentrate in accordance with local, state, and federal regulations.

**Disposición:** Surfactants biodegradable. El producto diluido puede ser limpiado abajo alcantarilla. Verifique con planta local de tratamiento de agua. El reciclaje recomendó para el contenedor. Deseche el concentrado no usado de acuerdo con las regulaciones locales, estatales y federales.

## INTEGRATED SYSTEM

Use the Product Central chemical cartridges with the

- Express Wall Mount Dispenser
- Express Portable Dispenser

## User Friendly

- Simply choose the appropriate chemical.
- Insert the cartridge into the dispenser.
- Select the spray bottle fill button or the bulk fill button.
- Fill spray bottles, buckets, machines, etc.
- The dispenser automatically dilutes the product.

## Built-in Features

- Each cartridge comes with its own dilution control mechanism.
- A flow reduction washer keeps pressure constant, assuring accurate dilution.
- Air gap technology protects the water supply.

## Smart Packaging

- Color and number coded labels
- Labels have icons to show proper usage

Revised August 2017

Enzyme Cleaner

# 121 Pro-Zyme

## TECHNICAL DATA

◆ APC ◆ ODOR CONTROL ◆ WASTE DEGRADER ◆

**Product Central 121 PRO-ZYME** is a live bacteria emulsion which attacks grease, fats, proteins and carbohydrates, breaking down uric acid molecules quickly while digesting the source of odors with no environmental impact. Liquefies and cleans organic waste, paper, grease, fat and other wastes from drains, pipes and grease traps. Restores normal biological activity to septic tanks and sewage treatment plants. Add to recreational vehicle and marine holding tanks, port a-toilets and outhouses to deodorize and aid in digestion. Also effective for odor control, carpet spotting and general hard surface cleaning.

**CAUTION:** Keep out of reach of children. Harmful if swallowed. May cause eye irritation.

**PRECAUCIÓN:** Mantenga fuera del alcance de los niños. Nocivo si es ingerido. Puede causa irritación de los ojos.

**FIRST AID:** In case of eye contact, rinse thoroughly with water. If irritation persists, see a physician.

**PRIMEROS AUXILIOS:** En caso de contacto con los ojos enjuague completamente con agua. Si irritación persiste consulte a su doctor.

Yield/Cartridge Hi-Flow	90 gallons
Yield/Cartridge Lo-Flow	16 gallons
Color	Milky
Odor	Light Floral
Weight per gallon	8.50
pH	7.5 - 8.0
Packaging	½ gallon cartridge
Shelf life	1 year

**SAFETY PRECAUTIONS:** Wear protective gloves and safety goggles when handling this or any other cleaning product.

### INTEGRATED SYSTEM

Use the Product Central chemical cartridges with the

- Express Wall Mount Dispenser
- Express Portable Dispenser

### User Friendly

- Simply choose the appropriate chemical.
- Insert the cartridge into the dispenser.
- Select the spray bottle fill button or the bulk fill button.
- Fill spray bottles, buckets, machines, etc.
- The dispenser automatically dilutes the product.

### Built-in Features

- Each cartridge comes with its own dilution control mechanism.
- A flow reduction washer keeps pressure constant, assuring accurate dilution.
- Air gap technology protects the water supply.

### Smart Packaging

- Color and number coded labels
- Labels have icons to show proper usage

See reverse side for directions.

# DIRECTIONS FOR USE

## LOW FLOW DISPENSING:

### **ODOR CONTROL**

Pre-clean organic matter (vomit, feces, etc.) from soiled surfaces. Spray PRO-ZYME directly onto surfaces where odors are a problem. Spray around areas where odors originate. Agitate, if necessary. Reapply mixture and allow surface to remain moist for at least 15 minutes.

**Carpet and upholstery:** Spray PRO-ZYME directly onto carpet, upholstery, and fabric to eliminate smoke and perspiration odors.

**Garbage Collection Areas:** To eliminate foul odors in garbage collection areas and on loading docks, spray PRO-ZYME directly into dumpsters and on surfaces where decaying or rotting food particles collect.

**Restrooms:** To control odors in public restrooms, spray PRO-ZYME around urinals and toilets to eliminate urine odors.

**Locker Rooms and Fitness Facilities:** To eliminate perspiration odors in fitness facilities, spray PRO-ZYME directly onto sports equipment and in areas where odors linger such as locker rooms, steam rooms, and around urinals and toilets.

### **GENERAL PURPOSE HARD SURFACE CLEANING**

Spray PRO-ZYME directly onto the surface to be cleaned. Wipe with a clean cloth.

### **SPOT REMOVAL ON CARPET**

Test carpet or fabric for color-fastness in an area that does not show. Remove excess solids or liquid. Saturate the stain with PRO-ZYME and allow 2 - 3 minutes dwell time. Blot with a clean, absorbent cloth. For more difficult stains, scrub gently with a brush. Repeat as necessary.

### **LAUNDRY PRE-SPOTTER**

Apply PRO-ZYME to soiled areas prior to washing.

### **CLEAN AND TREAT WASTES FROM DRAINS, PIPES AND GREASE TRAPS**

**For initial Treatment:** 1qt. (32 oz.). Add PRO-ZYME to opening closest to trap prior to its longest non-use period. (Large traps may require additional amounts.) Pour 4 to 8 oz. directly into floor or sink drains, twice per week. For grease traps, 20 cubic feet capacity, pour 8 oz. into drain daily. Time application for when drains are least used. For septic tanks, use 16 oz. for initial treatment then 8 oz. per week thereafter.

**Large Grease Traps:** 200 gallon traps use 10 oz. per day, 500-1500 gallon traps use 18-20 oz. per day, 1500+ gallon traps use 32-40 oz. per day.

**Bathtubs, Showers, Sinks:** Add 4 oz. of PRO-ZYME twice weekly to drains. Vary amount and frequency according to usage and size of drain.

**Garbage Disposal:** Add 2 oz. of PRO-ZYME weekly for digestion and deodorizing.

## HIGH FLOW DISPENSING:

### **FLOOR CLEANING**

Directly fill equipment from the dispenser. Apply with mop, spray or high pressure washer. Mop/scrub as needed.

### **CARPET CLEANING**

Test carpet or fabric for color-fastness in an area that does not show. Directly fill equipment from the dispenser. For deep penetration of carpets and upholstery, apply with hypodermic type injector/applicator.

# M.D. STETSON

## UNIVERSAL FLOOR FINISH

Using state-of-the-art thermo-fusion technology to combine several polymers, we have formed the strongest bond possible in a removable floor finish. Stronger than finishes that use metal crosslink bonds, Universal is extremely durable, resistant to scratching and black-heel marks, and highly responsive to buffing at all speeds. This finish performs as both a sealer and finish on almost any hard floor surface including VCT, terrazzo, rubber, linoleum, marmoleum, and concrete. Only damp mopping or autoscrubbing with a neutral cleaner, periodic mopping with a restorer, and buffing is necessary to continually restore its "wet look" gloss. Routine maintenance and a periodic scrub and recoat is all that is needed for up to three years.

### DIRECTIONS FOR USE:

- 1. Preparation:** Strip or scrub floor removing the desired amount of finish using a Stetson stripper or Winterclean 365 for scrubbing. Thoroughly rinse the floor using Winterclean 365. Application of **Universal** should be on completely clean floor.
- 2. Optional:** If surface is in worn condition or porous, use **Universal** or a Stetson sealer first to seal the floor.
- 3. Application:** Do not dilute **Universal**. Apply with a clean finish mop, microfiber pad or applicator, spreading evenly. Apply medium coats. If finish is to be maintained with a high speed buffing program, a base film of 4 to 6 coats of finish is recommended. Allow each coat to dry before applying the next coat. Application should not exceed more than 4 coats of finish in one day. Dry time will range from 20-45 minutes per coat depending on atmospheric conditions. On highly humid days extend dry times and reduce the number of coats applied per day.
  - Always wait 24 hours before buffing newly applied finish.
  - Never use a stripper or a high pH cleaner for routine maintenance.

### Maintenance:

1. Sweep or dry mop floors on a daily basis.
2. Damp mop or autoscrub with a Stetson neutral floor cleaner or a germicidal cleaner daily. Substitute Winterclean in the winter to remove de-icing salt residues.
3. If a high speed buffing program is used, damp mop or autoscrub with one of Stetson's premium finish restorers prior to buffing. The result will be a sensational "wet look" gloss, increased slip-resistance, and an extended life for the finish.
4. Worn or soiled areas can be recoated with 1 or 2 coats of **Universal** as needed. Prior to application, scrub the floor with Winterclean using an auto-scrubber or floor machine and the appropriate floor machine pad.

**COVERAGE:** 2000-3000 square feet, depending on the method of application and the porosity of the floor.

### SPECIFICATIONS:

Solids .....	18-25%
Weight/gallon .....	8.7 lbs/gal.
pH .....	7.8-8.2
Viscosity .....	100 cps
Surfactant .....	Non-APE
Heat stability .....	Excellent
Freeze-Thaw stability .....	passes 3 cycles
Appearance.....	milky white

This product does not contain hazardous ingredients as defined in OSHA 29 CFR 1910.1200. Contains Right-To-Know chemical 2-(2-Ethoxyethoxy)ethanol (CAS #111-90-0).

**Refer to the Safety Data Sheet (SDS) for detailed safety, health and environmental information.**

This product meets Green Seal™ Standard GS-40 based on effective performance and protective limits on VOCs and human & environmental toxicity. GreenSeal.org.

**Disposal:** Surfactants biodegradable. Diluted product may be flushed down sewer. Check with local water treatment plant. Recycling container recommended.

**Disposición:** Surfactants biodegradable. El producto diluido puede ser limpiado abajo alcantarilla. Verifique con planta local de tratamiento de agua. El reciclaje recomendó para el contenedor.

**Personal Protection:** Protective gloves and safety eye-wear recommended.

**Protección Personal:** Guantes de protección y gafas de seguridad recomendadas.

**Please refer to Stetson's "Catch the Training" Strip & Refinish, Daily Floorcare or Scrub & Recoat training guides for detailed instructions.**

### PACKAGING:

Available in 1 gallon jugs, 5 gallon plastic pails, and 55 gallon drums.

**FLOOR COATING AND FINISHING MATERIALS AS TO SLIP RESISTANCE ONLY. 3NRJ**
