

APRENDIENDO CON MAESTRAS KERENSA Y BETTY

Matemáticas

Objetivo:

Yo puedo usar estrategias y patrones para ayudarme a resolver un problema de suma o resta.

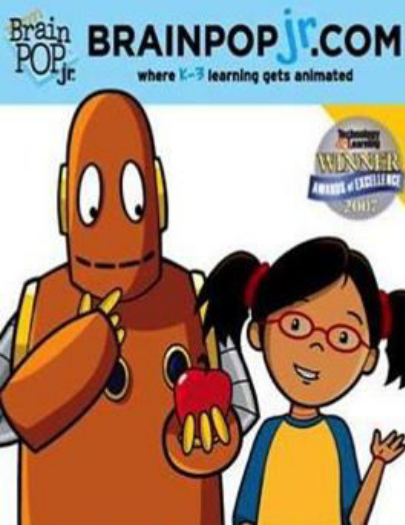

Objective:

I can use strategies and patterns to help me solve an addition or subtraction problem.

Students, drag the icons!

Sumando y Restando decenas:

Adding and Subtracting 10's:

Tengo una pregunta

Revisa tus notas de ayer acerca de las estrategias de hacer 10 y contar adelante. Mira el siguiente video acerca de sumar y restar decenas y toma tus notas en tu cuaderno.

Review your notes on the strategies making 10 and counting on. Watch the following video about adding and subtracting tens and take your notes in your notebook.

Students, write your response!

Tengo una respuesta

objetivo: Puedo usar la **estrategia** de sumar y restar **decenas**.

$$\begin{array}{c} 30 \\ ? \end{array} + \begin{array}{c} 20 \\ ? \end{array} = \begin{array}{c} 50 \\ ? \end{array}$$

The image shows a digital workspace with a grid background. At the top, there is a toolbar with various drawing tools. The main content is a handwritten note on a grid background. The note reads: "objetivo: Puedo usar la **estrategia** de sumar y restar **decenas**." Below this, the equation $30 + 20 = 50$ is written, with a question mark under each number. Underneath the equation, there are three groups of yellow vertical bars representing tens blocks. The first group has one bar, the second has two bars, and the third has two bars. A hand is visible at the bottom right, holding a pen and pointing towards the equation.

Revisa tus notas
